This message is from Martha George Withers. [director@frenchlegationmuseum.org]

Dear Mr. Sadowsky: Does the following scenario require a Certificate of Appropriateness? The French Legation Museum is applying for a Heritage Grant from the ACVB. The purpose of the request is repair/maintenance of the wooden accessible access ramp. In addition, there are areas of wood rot and water damage to the north elevation of the historic structure, including the water table and rear door. This is all routine exterior work and repainting will be in the same colors as currently approved (white and gray). We are continuing to work with Chris Hutson of Volz O'Connell Hutson who have been involved with preserving this historic structure for some time. If a COA is necessary, I would appreciate talking to you about what needs to be submitted and if this can be accomplished before 9/10. Thank you, Martha George Withers Director French Legation Museum martha@earlyaustin.org 512/472-8180
