REQUEST: In the July 6th memo updating council on ETODs, the memo stated that "An additional four positions within the Planning Department dedicated to ETOD would be necessary to complete station area vision planning processes for the Phase 1 Austin Light Rail investment by mid-2025." How many of the new Planning Department positions will be dedicated to ETOD?

RESPONSE:

The City Manager's proposed budget does not include any new positions that would exclusively support ETOD; however, the additional positions shown under Long Range Planning will provide analytical support to ETOD and the code amendments that will be necessary to support ETOD across the system.
