City Marshals Office
Austin Tex. Nov. 1-1880

Hon. L. M. Crosson
Mayor City of Austin — Sir-

I have the honor to respectfully report the fact that the City has eight Fire Oil Street Lamps which have not been in use for several months. They cost the City of Austin $10.00 each amounting to $560.00 and are becoming damaged more or less daily from different causes. Some of the posts on which they are mounted are giving away. some of them are pulled or knocked down. and several of the lights & lamps are broken.
I would suggest that they be taken down and stored away. or that some disposition be made of them, whereby the City may not incur a further loss.
I would also call your attention to the W.P. Parker self acting fire extinguisher which was placed in my charge some eight months ago. by his Hon. Mayor J.C. Clarke and Alderman Richman. This apparatus cost the City $2.72360 and is rapidly becoming worthless in a damaged condition I would ask what disposition I shall make of it.

Very Respy.
