ZONING CHANGE REVIEW SHEET

CASE: C14-2009-0093 – 2203 & 2205 Western Trails **Z.A.P. DATE:** September 15, 2009
October 20, 2009
April 6, 2010
May 4, 2010
May 19, 2010
June 1, 2010

ADDRESS: 2203 and 2205 Western Trails Boulevard

OWNERS & APPLICANTS: Karl A. Burkett; Richard H. Einck, Jr.

ZONING FROM: SF-3

TO: NO-MU

AREA: 0.4204 acres
(18,312.16 square feet)

SUMMARY STAFF RECOMMENDATION:

The Staff's recommendation is to grant neighborhood office – mixed use (NO-MU) combining district zoning.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

September 15, 2009: *APPROVED A POSTPONEMENT REQUEST BY THE APPLICANT TO OCTOBER 20, 2009.*

*[T. RABAGO; C. BANKS – 2ND] (4-0) S. BALDRIDGE – OFF THE DAIS;
D. TIEMANN, P. SEEGER – ABSENT*

October 20, 2009: *APPROVED AN INDEFINITE POSTPONEMENT REQUEST BY THE APPLICANT.*

[D. TIEMANN; T. RABAGO – 2ND] (7-0)

April 6, 2010: *APPROVED A POSTPONEMENT BY THE APPLICANTS TO MAY 4, 2010.*

[P. SEEGER; G. BOURGEOIS – 2ND] (7-0)

May 4, 2010: *APPROVED NO-MU DISTRICT ZONING AS STAFF RECOMMENDED.*

[G. BOURGEOIS; S. BALDRIDGE – 2ND] (5-2) B. BAKER; D. TIEMANN – 2ND

May 19, 2010: *MOTION MADE TO RESCIND AND RECONSIDER ACTION OF MAY 4, 2010; DIRECTED STAFF TO SHOW HOW PARKING COULD BE PROVIDED ON-SITE AND TO RE-NOTIFY AND RE-POST FOR THE JUNE 1, 2010 MEETING.*

{P. SEEGER; T. RABAGO – 2ND] (5-1) G. BOURGEOIS – NAY; C. BANKS – ABSENT

June 1, 2010:

ISSUES:

The Applicant has submitted a conceptual parking plan for a duplex lot which is provided as Exhibit D. The exhibit shows the existing 1,689 square foot duplex, and based on a parking standard of one space per 275 square feet for office use, six parking spaces are required. Any variance to parking standards requires a stated hardship and would be considered by the Board of Adjustment. A supermajority vote in favor of the variance is necessary for approval.

The conceptual plan indicates that approximately 1,600 square feet of new impervious cover would be necessary to meet the parking requirement, and therefore, a full site plan would be required. However, if the Applicant only converts one of the units to an office use, then a total of five parking spaces would be required (two for one of the duplex units using tandem parking; three for the office use). In this case, the Applicant indicates that approximately 520 square feet of additional square feet of impervious cover would be needed to accommodate the parking as shown in Exhibit E. In this scenario, it is possible that the Applicant could qualify to file a site plan exemption application for a change in use as the amount of impervious cover needed to fulfill the parking requirement would be less than the impervious cover maximum of 1,000 square feet. The Applicant would then be able to proceed to the commercial building permit stage addressing compliance with the Americans with Disabilities Act. In the event the Applicant cannot comply with site plan exemption requirements, then a site plan application may be required.

DEPARTMENT COMMENTS:

The subject platted lots are developed with two duplexes and has family residence (SF-3) district zoning. There are four duplexes adjacent to the west, a single family residence to the east (all SF-3), single family residences to the south within Western Trails subdivision (SF-3), and office uses with a parking area across Western Trails Boulevard to the north (LO; CS).

The Applicants have requested a zoning change to the neighborhood office – mixed use (NO-MU) district in order to have the opportunity to convert one or both the units to administrative and professional office use, while also retaining residential use of the property. The owners of three other lots to the west have also submitted a rezoning request to NO-MU with the same intentions (C14-2010-0044). The Applicants also approached the adjacent property owner to the west about joining the rezoning application to the NO-MU district, however the owner did not elect to participate. Unlike other sections of the Western Trails subdivision, the six duplex lots on Western Trails Boulevard are not subject to deed restrictions that limit the property to residential uses.

Western Trails Boulevard contains both residential and office uses, and a residential/office use would be compatible with the established land use character of the street. Therefore, Staff recommends NO-MU district zoning in the context of its location on a collector street, compatibility with the office zoning across Western Trails, and with the single family residences to the south that are deed restricted.

C5/3

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	SF-3	Two duplexes
<i>North</i>	LO; CS; CS-1	Parking; Offices
<i>South</i>	SF-3	Single family residences
<i>East</i>	SF-3	One single family residence
<i>West</i>	SF-3	One single family residence; Three duplex lots requested for NO-MU zoning (C14-2010-0044)

SUMMARY STAFF RECOMMENDATION:

The Staff's recommendation is to grant neighborhood office – mixed use (NO-MU) combining district zoning.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

The neighborhood office (NO) district is intended for offices predominantly serving neighborhood or community needs, which may be located within or adjacent to residential neighborhoods. Offices in the NO district would typically locate on collector streets with a minimum of 40 feet of pavement width, and would not unduly affect traffic in the area. The NO district is designed to accommodate small, single-use offices and to encourage and preserve compatibility with existing neighborhoods through renovation and modernization of existing structures. The mixed use (MU) district is intended to allow for office, retail, commercial and residential uses to be combined in a single development.

- 2. Zoning changes should promote an orderly and compatible relationship among land uses.*

Western Trails Boulevard contains both residential and office uses, and a residential/office use would be compatible with the established land use character of the street. Therefore, Staff recommends NO-MU district zoning in the context of its location on a collector street, compatibility with the office zoning across Western Trails, and with the single family residences to the south that are deed restricted.

EXISTING CONDITIONS**Site Characteristics**

The subject property is developed with two duplexes. The site is relatively flat and there appear to be no significant topographical constraints on the site.

Impervious Cover

The maximum impervious cover allowed by the NO-MU zoning district would be 60%, which is based on the more restrictive zoning regulations.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to flood plain maps, there is no floodplain within, or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

No additional right-of-way is needed at this time.

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day [LDC, 25-6-113].

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required with the change of zoning. Water and wastewater utility plans must be reviewed and approved by the Austin Water Utility for compliance with City criteria. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

C5
14**Site Plan and Compatibility Standards**

Site plans will be required for any new development other than single-family or duplex residential.

New development is subject to Commercial Design Standards, Subchapter E. The Principal Street is Western Trails, and is a Suburban Roadway.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

The site is subject to compatibility standards. Along the south, east and west property lines, the following standards apply:

- No structure may be built within 19.5 feet of the rear and side yard property line.
- No structure in excess of two stories and 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- A building must have a front building line setback of at least 25 feet from the right of way if the tract adjoins single family property, zoned or used for residential use.
- No parking is allowed within 13 feet of the property line.
- No driveways are allowed within 8 feet of the property line.
- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- Additional design regulations will be enforced at the time a site plan is submitted.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.

CH/16

These six properties are duplexes. All other properties except ● (three), are facing the cross streets, not Western Trails.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: I am against this zoning change as this side of the road is all residential. I don't think that the "NO" parking requirement can be met and if approved, the office visitors will end up using nearby office parking for their use, thus creating a problem. Also the nursing home across the street has residents who walk to services & add'l. traffic would be dangerous to them.

Comments:

A subject to the proposed Change Business and Office are already across the street and we had rental residences for this area. Parking would create problems going in and out onto a busy street, preventing traffic flow and safety.

Dear Ms. Rhoades;

I object to the above referenced zoning/rezoning request. This area has always been a residential neighborhood on this side of the street. Commercial businesses are located on the opposite side of the street. Mixed use would be disrupting the needed residential usage.

We do not want commercial use since there is available space across the street. More traffic is certainly undesirable and backing out into the flow is hazardous. With two commercial areas, residential would soon be all commercial with unwanted noisy congestion.

Please contact me if you have any questions at 512-444-1661.

Sincerely,

Lloyd E. Brittan

Comments: I have owned this residential property on the corner for 51 years. I do not desire commercial property in or near my backyard. There is ample commercial space across the street on Western Trails Blvd. This change will increase traffic flow, creating noise and no benefit to the residential area that this change would cover.
