**Subject: Resolution to the City Council**

Austin City Council Members,

In a special meeting on September 9, 2009 the Downtown Austin Community Court Advisory Committee passed a resolution to support the recommendation of the Downtown Austin Alliance as stated in their "Proposed Amendment to Strengthen the City Solicitation Ordinance". Additionally the Advisory Committee recommends that if this amendment or a similar revision to the solicitation ordinance is enacted, it should apply to all of the jurisdictions within the Downtown Austin Community boundaries, including Downtown, East Austin, and West Campus.

Thank you for considering.
