PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Case Number: C15-2010-0096 – 1511 W 30th
 Contact: Susan Walker, 512-974-2202
 Public Hearing: Board of Adjustment, September 13th, 2010

Comments: In Favor to maintain existing buildings or remodel them.

I am ~~for~~ against the construction of Reconstr. of new buildings inside current setbacks. When existing building is removed setbacks should revert back to current setbacks

Comments: I thought this was already settled! I can't believe you're giving these people the time of day! Please come out & look at this eye sore! They've been out of compliance since day one - it is not fair to the homeowners on our street to allow them to continue on this illegal path!

Comments: This structure was built without proper permitting throughout the process. It was to be a remodel originally and no part of the original structure exists today. The property also is a 3 story structure and is built over the remnants in reverse. The city has allowed this expense to be constructed and now needs to take responsibility and action to remedy this by having the structure removed & a compliant structure replace it.
