RE: Back-up material for Downtown Austin Plan

After three years of work -- made possible by your help and input -- the Downtown Austin Plan (DAP) is nearing completion. Staff will be providing you a briefing on the DAP and its recommendations at your March 30, 2011 special-called meeting. Our intent is to roll-out the plan and give you an opportunity to review the recommendations. A copy of the entire plan is being provided to you by Staff and you can also download a copy at the following location:

Thank you for your continued interest and involvement in the Downtown Austin Plan.

If you have any questions, please contact either Co-project Manager:
