ZONING CHANGE REVIEW SHEET

CASE: C14-2010-0025 EP Austin

P. C. DATE: 04-12-2011

ADDRESS: 5011 Burnett Road

AREA: 0.559 Acres

APPLICANT: EP Austin
(George C. Thorne, Jr.)

AGENT: Armbrust & Brown, L.L.P
(Richard Suttle)

NEIGHBORHOOD PLAN AREA: Brentwood

CAPITOL VIEW: No

WATERSHED: Shoal Creek

T.I.A.: No.

HILL COUNTRY ROADWAY: No

DESIRED DEVELOPMENT ZONE: Yes

ZONING FROM: SF-3-NP – Family Residence-Neighborhood Plan.

ZONING TO: GO-MU-NP - General Office - Mixed Use Building - Neighborhood Plan

SUMMARY STAFF RECOMMENDATION:

Staff recommends GO-MU-CO-NP – General Office – Mixed Use - Conditional Overlay - Neighborhood Plan. The Conditional Overlay would limit the uses to “Medical Office, over 5,000 s.f.” in the General Office (GO) zoning district and all other Neighborhood Office (NO) uses, prohibit access to Woodrow Avenue and limit vehicle trips to 2,000 per day.

PLANNING COMMISSION RECOMMENDATION:

DEPARTMENT COMMENTS:

This case originally included the entirety of the four lots all the way to Woodrow Avenue. The applicant has met with the neighborhood to work out an agreement that would allow the existing business to expand as well as preserve the existing neighborhood character. The applicant has agreed to leave the existing Family Residence zoning, SF-3 and the single family homes that front on Woodrow Avenue. The applicant has also agreed to not take access to Woodrow Avenue and to remove the existing access to Woodrow Avenue. The applicant has also agreed to limit the uses of the property as well. The applicant has also entered into a restrictive covenant that addresses additional issues such as lighting, parking, signage fencing and landscaping (see attached). The Brentwood Neighborhood Planning Contact Team has voted to support the zone change request as well as the Neighborhood Plan Amendment. (see attached)

BASIS FOR RECOMMENDATION:

1. *Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

Granting the zoning will allow the current use to expand while maintaining a SF-3/residential buffer next to the existing neighborhood.

SITE PLAN COMMENTS RECEIVED:

- SP 1. Site plans will be required for any new development other than single-family or duplex residential.
- SP 2. A Unified Development Agreement will be required to unify all tracts within the site prior to site plan approval.
- SP 3. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Compatibility Standards

- a. The site is subject to compatibility standards. Along the North & East property lines, the following standards apply:
- b. No structure may be built within 25 feet of the property line.
- c. No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- d. No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- e. No parking or driveways are allowed within 25 feet of the property line.

CS/3

- f. A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- g. for a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- h. An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
- i. Additional design regulations will be enforced at the time a site plan is submitted.

SP 4. This site is subject to Commercial Design Standards, however, will not be eligible for Vertical Mixed Use sections without the "V" zoning.

ENVIRONMENTAL COMMENTS RECEIVED:

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps, there is no flood plain within the project area.
5. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

C5/4

TRANSPORTATION COMMENTS RECEIVED:

TR1. A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

Brentwood Neighborhood Planning Contact Team

Serving Our Neighborhood from 45th St. to Justin Lane and North Lamar to Burnet Road

April 5, 2011

To: Maureen Meredith, Neighborhood Planner

Subject: Proposed Brentwood Neighborhood Plan Amendment Plan Amendment Case Number: NPA-2010-0018.03, Zoning Case Number: C14-2010-0025

On March 9, 2011 the Brentwood Neighborhood Planning Contact Team (BNPCT) held a public meeting in accordance with our bylaws to consider a plan amendment plan and zoning change proposal for property located @ 4914-5004 Woodrow Avenue. In attendance were 8 members of the BNPCT, Brentwood residents who live near the subject property, the applicant's agents Lynn Ann Carley & Bill Lawson, and City of Austin Neighborhood Planner Maureen Meredith. The applicants presented their case for the proposed plan amendment and zoning case. After which, the applicants fielded questions about the proposal from the attendees. The applicant's presentation, resident input, and the goals of the Brentwood Neighborhood Plan were all carefully considered before making the following recommendation:

The Brentwood Neighborhood Planning Contact Team voted to support the applicant's plan amendment and zoning change request for the following reasons:

- The request creates a GO zoned "buffer" between CS properties along Burnet Road and the remaining SF-3 properties along Woodrow.
- The request preserves a residential edge along Woodrow by leaving three legal SF-3 lots.

BNPCT support is contingent on the following:

- If there is a Conditional Overlay on the GO zoned portion of the property that excludes all use/s but those absolutely necessary to satisfy the applicant's need for surface parking.
- If a Restrictive Covenant is in place between the applicant, nearest neighbors, and the Contact Team.
- If the residents withdraw their valid petition in opposition of a zoning change request.

Sincerely,

Richard Brock
BNPCT Chair

No other person or entity will be entitled to enforce this Restrictive Covenant. No action or claim for damages will be permitted. Upon request by Owner, from time to time, the Association will confirm, in writing, within twenty one (21) days following receipt of written request, that the Owner and Property are in compliance with this Restrictive Covenant. If the Association declares that the Owner and Property are not in compliance, the Association will provide a detailed written description of each area of non-compliance within twenty one (21) days of the request by Owner. If no response is given within twenty one (21) days following the request by the Owner, it will be deemed that the Owner and Property are in compliance with this Restrictive Covenant.
 - c. Modification and Amendment. This Restrictive Covenant may only be modified, amended or terminated upon the filing of a modification, amendment or termination in the Official Public Records of Travis County, Texas, executed, acknowledged and approved by (a) fifty percent (50%) of the Benefited Property Owners; (b) the Owner of the Property; and (c) any mortgagees holding first lien security interests on any portion of the Property. Such joint action only becomes

C5/13

effective after it is reduced to writing, signed by Owner and its respective mortgagees, if any, and fifty percent (50%) of the Benefited Property Owners and filed in the Official Public Records of Travis County, Texas.

- d. Duration. This Restrictive Covenant will be effective in perpetuity, unless modified, amended, or terminated in accordance with Paragraph 3(C).
- e. Governing Law; Place of Performance. This Restrictive Covenant and all rights and obligations will be governed by the laws of the State of Texas. This Restrictive Covenant is performable in Travis County, Texas.
- f. Notices. Any Notice to the Owner or the Association must be in writing and given by delivering the same to such party in person, by expedited, private carrier services (such as Federal Express) or by sending the same by certified mail, return receipt requested, with postage prepaid to the intended recipient's last known mailing address. All notices under this Restrictive Covenant will be deemed given, received, made or communicated on the date personal delivery is received or, if mailed, on the delivery date or attempted delivery date shown on the return receipt.
