MEMORANDUM

TO: Zoning and Platting Commission

FROM: Donna Galati, Case Manager
Planning and Development Review

DATE: June 15, 2011

SUBJECT: Riverbend Church, SP-93-0563D(XT2)
Riverbend Church, SPC-2011-0090A

The items for Riverbend Church have been pulled from the agenda due to a notification error. Only a portion of the site was included in the map. The extension request will have a new notification for July 5, 2011 which will include mapping the entire Riverbend Church property.

The approval of a Hill Country Roadway permit, SPC-2011-0090A has been pulled from the agenda because according to the PUD zoning ordinance, Hill Country Roadway requirements do not apply to the parcel on which the development is proposed, and Land Use Commission approval is not required. The Land Use site plan is subject to administrative approval.

Donna Galati, Case Manager
