_____ Heidi Goebel

APPLICANT: Guadalupe J. Morales

ADDRESS: 6607 CRUZ ST

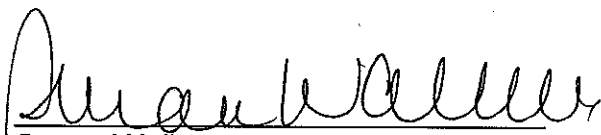

VARIANCE REQUESTED: The applicant has requested a variance to decrease the minimum side yard setback requirement of Section 25-2-492 (D) from 5 feet to 1 1/2 feet along the west property line in order to maintain a single-family residence in an "SF-3-NP", Family Residence – Neighborhood Plan zoning district. (Montopolis Neighborhood Plan)

BOARD'S DECISION: Postponed to May 9, 2011 (additional information needed, complete application, permit history, pictures)
May 9, 2011 - Postponed to July 11, 2011

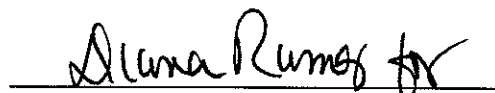

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:

(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Dear Ms. Walker:

Please disseminate the information below to the Commissioners.

Thank you,

Roberto

Dear Commissioners,

My health does not allow me to be present this evening, but I write to you regarding case # C15-2011-0004 on today's agenda.

I kindly request that you deny the variance due to the fact that the applicant has failed to provide a reasonable cause for the egregious error in building the addition that encroaches upon the setback.

Should the applicant have previously submitted the appropriate documents prior to erecting the building, the drawings would clearly depict the setbacks which more than likely would mirror the same line as the existing house.

Per the application itself it does not appear to include the required information of setback information for adjoining properties.

Given the parameters for granting a variance I do not believe the applicant has demonstrated any legitimate hardship for the variance. In fact, it is my understanding that the property currently is in violation of city code as the property exceeds the impervious cover limits.

I am not sure if the owners need a certificate of occupancy, but if so people have continued to reside in the house in absence of the certificate.

For these these reasons granting such a variance would encourage "*bad behavior*" and unjustly provide a privilege to the applicant not afforded to others.

I do appreciate your time and efforts,

Sincerely,
Roberto Villegas

If you need assistance completing this application (general inquires only) please contact Susan Walker, 974-2202; 505 Barton Springs Road, 2nd Floor (One Texas Center).

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

- (b) The hardship is not general to the area in which the property is located because:

it is property hardship but the addition

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The variance will not impair the neighborhood, regulations of the zoning.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2 HARDSHIP

The addition on 6607 Cruz Street was built in 1997 or 1998 the reason for the delay is that I open Small business, use all the fund for the business . When ready to finish the permits had expired and was told that we needed a survey. The survey say that we are over 2 feet away from the neighbor But we got the measurement from the spike in the back yard and we measure from there to the new Building. We never meant to get close to the neighbor If we measure from the neighbor fence That is where the spike is to the new addition it's 5 ft. away. Also you measure from the spike to spike in back yard we have 55 ft. But the surveyor say can't change because all property are the same 50 ft In appraisal office have . We would really appreciated if can help us cause the addition is already Build and we didn't do on purpose. I have enclose a picture of addition .

Thanks you very much for your time.

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

none

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

none

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
 - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.
