PLANNING COMMISSION RECOMMENDATION: Pending.

BACKGROUND: The application was filed on February 28, 2011, during the open period for City Council-approved neighborhood plans located on the west side of I.H.-35.

The plan amendment request is to change the future land use map from Single Family to Higher-density Single Family. The zoning request is to rezone the property from SF-3-NCCD-NP to SF-4A-NCCD-NP.

The applicants' agent said the rezoning request is necessary to subdivide the property into two separate lots. This will allow the two-unit condo regime to be dissolved and the properties can be owned fee-simple.

The Central Austin Combined Neighborhood Plan was completed under the City of Austin's Neighborhood Planning Program and was adopted as part of the Austin Tomorrow Comprehensive Plan on August 24, 2004. The Central Austin Combined Neighborhood Planning Area is located in the central part of Austin's Urban Core. It is composed of the Hancock, North University, and West University Neighborhood Planning Areas. The general boundaries of the planning area are: 38th Street, Duval, and 45th Street to the north; IH-35 to the east; Martin Luther King, Jr. Boulevard, Guadalupe Avenue, 27th Street and Dean Keeton to the south; and Lamar Boulevard to the west.

PUBLIC MEETINGS: The plan amendment meeting was held on Wednesday, April 13, 2011. Approximately 514 notices were mailed to property owners and utility account holders who live within 500 feet of the property, in addition to neighborhood groups and organizations registered on the City's community register. Fourteen people attended the meeting.

At the meeting, Douglas Gibbons, the applicant's agent, said Zod Bozorgmehr bought the house at 201 W. 34th Street, with the garage apartment, in 2007, but is now trying to sell it because he is working out of the county. The property has a main house and the garage apartment that faces Helms Street, which Mr. Bozorgmehr owns. Also located on the lot is a separate bungalow house (3307 Helms Street), which is owned by Valarie Bauhofer and John White.

Mr. Gibbons said Mr. Bozorgmher is having difficulty selling the home because the previous owner created a two-unit condo regime which Mr. Gibbins said is causing difficulty for potential buyers to receive financing.

The request to change the zoning from SF-3-NCCD-NP to SF-4A-NCCD-NP would allow the property to be subdivided into two separate lots so the main home could be sold as fee simple, dissolving the condo regime.

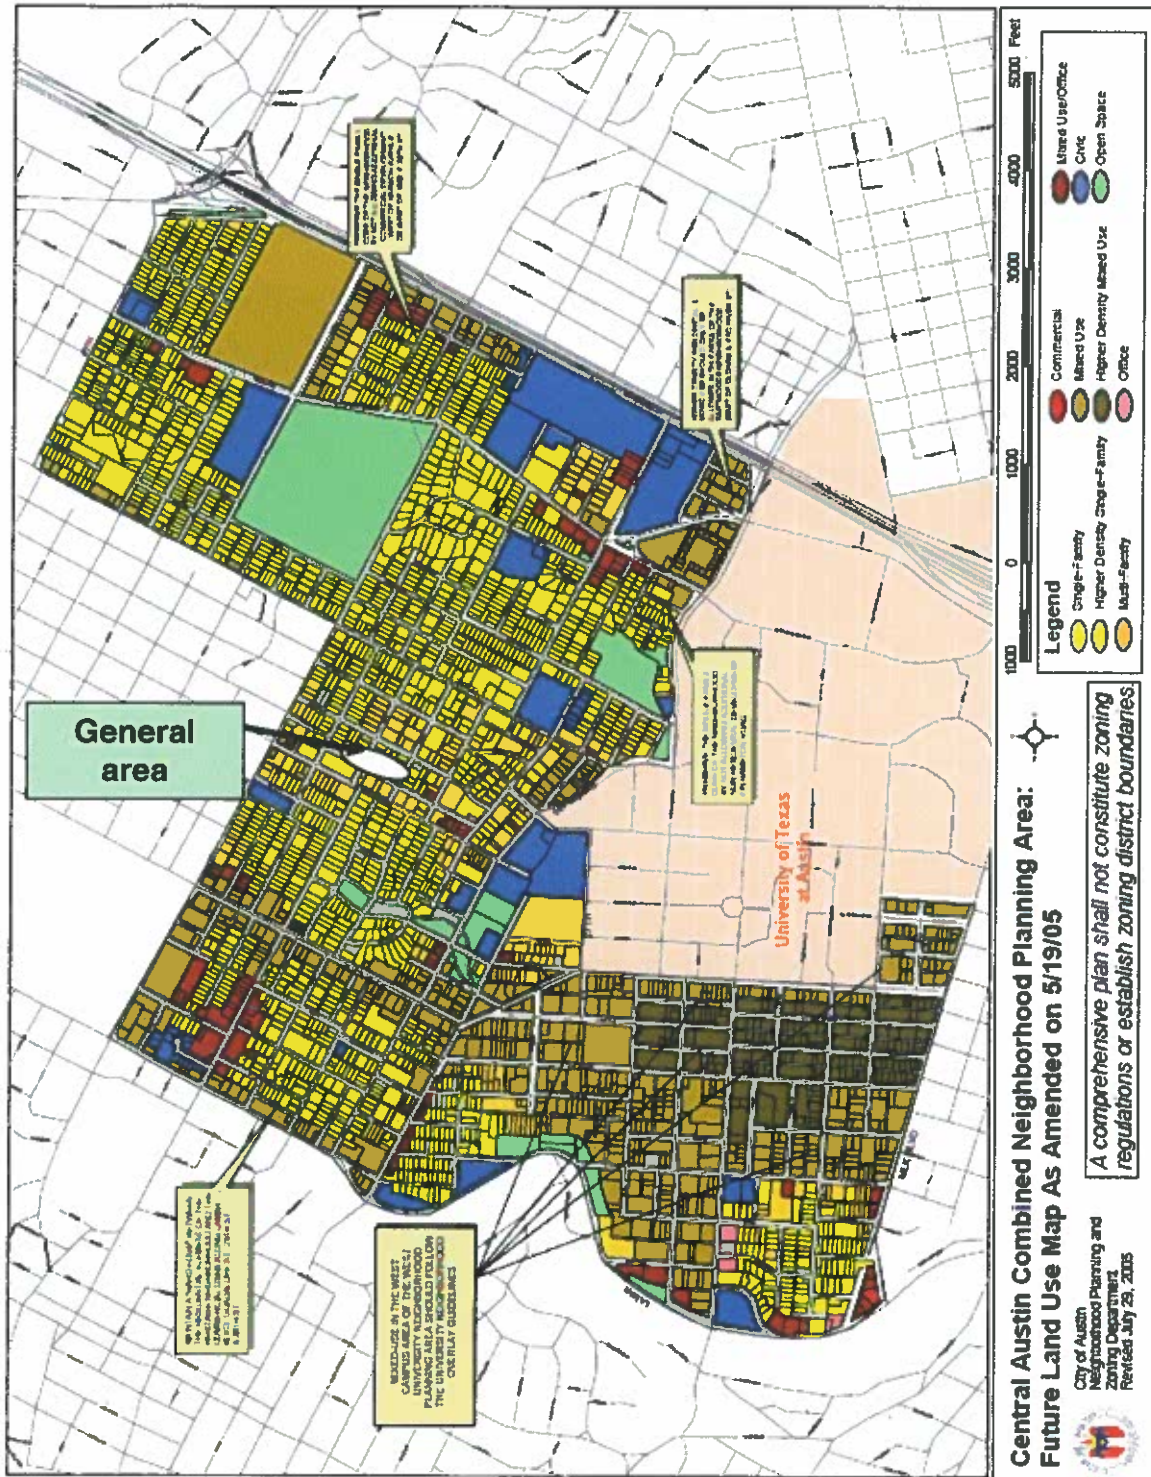

CITY COUNCIL DATE: September 22, 2011 **ACTION:** Postponed to November 10, 2011.
