Dear Board of Adjustment Staff:

I am writing on behalf of Tara and Rex Domasco at 801 Lambeth Lane, Austin, Texas 78748. I am one of their neighbors in the Buckingham Estates subdivision. Mr. and Mrs. Domasco are requesting a variance to build a six to eight foot fence on their property along Palace Parkway. I approve of this request.

The higher fence will provide more privacy from Palace Parkway, which is a busy street in our neighborhood. It will also provide additional security to their home which has been burglarized several times in the last two years. In addition, the proposed fence will enhance the overall appearance of our neighborhood.

I think their request for the variance is warranted, and I approve of the proposed fence height.

Sincerely,

Dear Board of Adjustment Staff:

I live next door to Tara and Rex Domasco who live at 801 Lambeth Lane, Austin, Texas 78748 in the Buckingham Estates Subdivision. They are good neighbors, and are very active in our community. I am writing to let you know that I am aware that they are requesting a variance to build a six to eight foot fence on their property along Palace Parkway. I approve of this request wholeheartedly.

Palace Parkway is a very busy street in our neighborhood, and the higher fence will provide more privacy from it. In the last two years, their home has been burglarized several times, and a higher fence will provide additional security and will also greatly enhance the overall appearance of our neighborhood.

Tara and Rex keep their home and yard clean and well maintained, and the change they propose is tasteful and warranted. I completely approve of the proposed fence height, and support their request for the variance.

Sincerely,

Anlla Smithson
