Develop a hike and

BACKGROUND: The application was filed on July 28, 2011 during the open period for City Council-approved neighborhood planning areas located on the east side of I.H.-35.

The application to change the future land use map (FLUM) from Mixed Residential and Mixed Use to Recreation/Open Space is part of the City of Austin's Parks and Recreation Departments plan to build a 7.5 acres trail on the eastside of Austin. See map on page six.

The zoning change request is to rezone the City-owned property from SF-3-NP to P-NP.

The East MLK Jr. Combined Neighborhood Plan was completed under the City of Austin's Neighborhood Planning Program and was adopted as part of the Austin Tomorrow Comprehensive Plan on November 7, 2002. The combined planning area is bounded by Airport Blvd., Anchor Lane and Manor Rd. on the West; Loyola Lane, Ed Bluestein Blvd. and Little Walnut Creek on the North; the former Missouri-Kansas Railroad right-of-way on the East; and the Austin NW Railroad on the South.

PUBLIC MEETINGS: The plan amendment community meeting was held on Tuesday, September 27, 2011. Two hundred and twenty-two notices were mailed to property owners and utility account holders within 500 feet of the property, in addition to the neighborhood organizations registered on the City's community registry. Eighteen people attended the meeting.

After Greg Montes, PARD, explained the department is planning to build a 7.3 mile continuous trail on the east side of Austin, the following questions were asked:

C8/3

Q. Why build a concrete trail and not crushed granite?

A. Probably because concrete has less maintenance than crushed gravel.

Q. Are there future plans to connect with other trails?

A. Yes, first the north and south parts of the trail.

Q. Any plans to make east/west trails more direct?

A. Eventually we will, but not at this time.

Q. Is all the property city-owned or will the City need to purchase private property?

A. PARD has easements with Austin Energy on some property, but the City owns most of the land.

Q. Will there be access to the trail from Garden View Drive?

A. Yes, at several points.

Q. Will the City-owned property to be rezoned from SF-3-NP to P-NP cause problems for the adjacent properties already zoned SF-3-NP in how they can develop their property?

A. No.

Members of the E. MLK Neighborhood Planning Area who attended the meeting did not appear to have many concerns about the proposed FLUM and zoning change.

A letter of support from the planning contact team is at the back of the report.

Also at the end of this report is a letter from a property owner who also supports the trail project.

CITY COUNCIL DATE: November 3, 2011

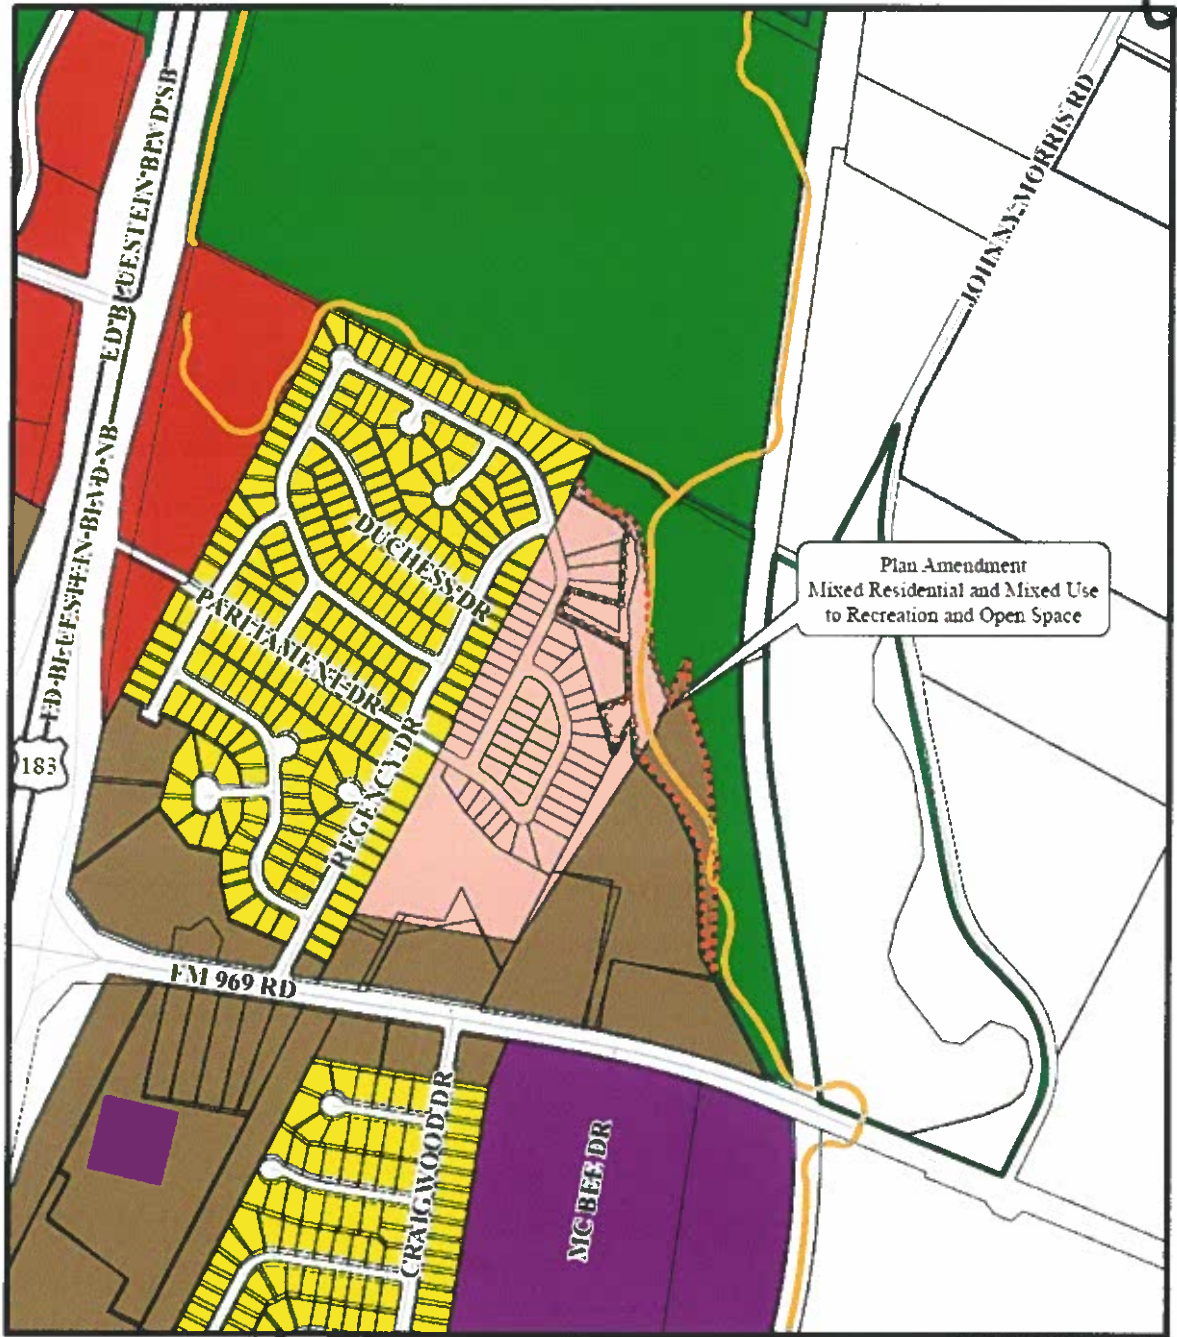

ACTION: Pending. Staff will request postponement to the December 8, 2011 hearing date.

On Tuesday 27, 2011 the East MLK Combined Neighborhood Contact Team partook in the Neighborhood Plan Amendment Meeting to discuss the proposed land use of 6406 Garden View Lane. We support the proposed FLUM change from Mixed Residential to Recreation/Open space and the zoning change to accommodate. We are supportive of the hike and bike trail to be constructed in the planning area to create more recreational opportunities for residents and transportation options for bicycle commuters.

Maureen,

I'm unable to make the Sept 27th zoning meeting on the Garden View Lane rezoning, but wanted to let you know I am in favor to a change to Recreation/Open Space.
