## Decision Sheet

**DATE: Monday, October 10, 2011**

**CASE NUMBER: C15-2011-0072**

\_\_\_\_\_ Jeff Jack  
\_\_\_\_\_ Michael Von Ohlen  
\_\_\_\_\_ Nora Salinas  
\_\_\_\_\_ Bryan King  
\_\_\_\_\_ Leane Heldenfels, Chairman  
\_\_\_\_\_ Clarke Hammond,  
\_\_\_\_\_ Heidi Goebel

**OWNER/APPLICANT: Ricky Moura**

**ADDRESS: 806-1/2 13TH ST**

**VARIANCE REQUESTED:** The applicant has requested a variance to decrease the minimum side street setback from 15 feet to 0 feet at the closest point in order to erect a two story addition to a single-family residence in an “MF-4-NP”, Multi-Family – Neighborhood Plan zoning district. (Central East Austin Neighborhood Plan)

**The applicant has requested a variance to decrease the minimum lot size requirement of Section 25-2-492 (D) from 5,750 square feet to 5,040 square feet (existing) in order to erect a two story addition to a single-family residence in an “MF-4-NP”, Multi-Family – Neighborhood Plan zoning district. (Central East Austin Neighborhood Plan)**

**The applicant has requested a variance to increase the maximum building coverage requirement of Section 25-2-492 (D) from 40% to 43% in order to erect a two story addition to a single-family residence in an “MF-4-NP”, Multi-Family – Neighborhood Plan zoning district. (Central East Austin Neighborhood Plan)**

**The applicant has requested a variance to increase the maximum impervious coverage requirement of Section 25-2-492 (D) from 45% to 49% in order to erect a two story addition to a single-family residence in an “MF-4-NP”, Multi-Family – Neighborhood Plan zoning district. (Central East Austin Neighborhood Plan)**

**The applicant has requested a variance to the maximum floor to area ratio requirement of Subchapter F; Article 2; Subsection 2.1 from 2300 square feet to 2973 square feet in order to erect a two story addition to a single-family residence in an “MF-4-NP”, Multi-Family – Neighborhood Plan zoning district. (Central East Austin Neighborhood Plan)**

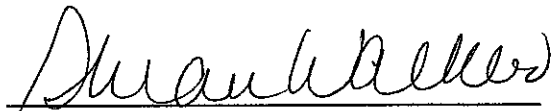

**BOARD'S DECISION: July 11, 2011** The public hearing was closed on Board Member Heidi Goebel motion to Postpone to August 8, 2011 for more information/drawings, Board Member Bryan King second on a 7-0 vote; **POSTPONED TO August 8, 2011** for more information/drawings.

**BOARD'S DECISION: Aug 8, 2011 POSTPONED TO September 12, 2011 (RENOTIFICATION REQUIRED)**

**October 10, 2011 APPLICATED POSTPONED TO November 14, 2011**

**FINDING:**

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:  
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

STREET ADDRESS: 806 ½ East 13<sup>th</sup> Street \_\_\_\_\_

LEGAL DESCRIPTION: Subdivision – Is a LEGAL TRACT consisting of the east 22.5 feet of lot 46 and the west 22.5 feet of lot 45, Outlot 41, Division B, SAVE AND EXCEPT that portion conveyed to the State of Texas by deed recorded in volume 1974, Page 526, Travis County Deed Records, created prior to March 14, 1946 ( Grandfather date) as evidenced by deed recorded in Volume 755, Page 12 of the Travis County Deed Records on Feb 12, 1945 being the same property as currently described in deed recorded in Document # 2006144684 of the Travis County Deed Records on Jul 28, 2006 and it is eligible to receive utility service. \_\_\_\_\_

Lot(s) 45, 46 \_\_\_\_\_ Block \_\_\_\_\_ Outlot 41 \_\_\_\_\_ Division B \_\_\_\_\_

I/We Ricky Moura \_\_\_\_\_ on behalf of myself/ourselves as authorized agent for

\_\_\_\_\_ affirm that on June 14 \_\_\_\_\_, 2011

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

\_\_\_ ERECT \_\_\_ ☒ ATTACH \_\_\_ COMPLETE \_\_\_ ☒ REMODEL \_\_\_ MAINTAIN

in a MF-4 district.  
(zoning district)

**NOTE:** The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

**VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):**

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

Due to the era in which my home was built, (The Great Depression), my home was designed with very little storage space. Initially, a separate storage shed was installed on my property behind the home to accommodate this shortcoming. In order to bring my property into a more conforming state by reducing my non-impervious coverage, and for safety reasons, it was removed some time ago. I am currently forced to rent storage space away from my home for many of my personal possessions. I would like to increase the size of my home in order to add storage space that is both conveniently accessible, and under my supervision. Unfortunately, a portion of this lot was acquired by the Dept. of Transportation via eminent domain in order to construct the northbound I-35 frontage road. The result is that my lot is now oddly triangular. In order to add footage to my home while conforming to the 10'0" setback requirement, the shape of the house would also have to be triangular. Not only would a triangular home be of questionable resale value, but any added living area would be nearly unusable. Reducing the setback requirement to 0'0" along the carport/storage side of the home and 5'0" at the rear of the home would allow me to increase the square footage of my home while also creating usable added living area for storage. Furthermore, the footprint of the existing carport currently encroaches into the setback up to the western lot line (0'0"), and our proposed additional storage space would not encroach any further, and would remain above the existing construction. The western lot line is bordered by open space that is not subject to development and would also not constitute an adverse condition to a potential neighbor, or use.

---

---

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

My property is the only 45' wide or narrower lot in the surrounding area that is cut into a triangle approximately half way through its depth. Because of the unique dimensions of my lot, as well as the small overall square footage (5040 sf), increasing the overall allowable FAR square footage to 2300sf or less does not result appreciably to an increased usable living area without requiring significant and costly tearout of existing structure. A small reduction in setback of and increasing overall square footage to 2750sf would allow me to overcome the limiting contours of the property while making overall cost of construction manageable. Without these changes, I am greatly inconvenienced, and unnecessarily burdened financially because of my lack of storage space. Additionally, the home's shortcoming adversely affects its

value with regard to other homes in the area, and puts me at a disadvantage for possible future resale. Although I recognize that I could maximize the use of the land and its potential coverage via developing it as multifamily, my interest is to make my home both more functional, as well as expand it in a manner that also avoids becoming cost prohibitive (by adding storage above an area that would not require a financially burdensome and extensive tear out of a great deal of the existing roof and ceiling.)

---

---

(b) The hardship is not general to the area in which the property is located because:

\_\_\_ Any other lot in the surrounding area is either square, much wider or angled less invasively at a corner rather than through the middle of the property. All other scenarios allow for much greater flexibility with regard to adding living area.

---

---

### **AREA CHARACTER:**

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

\_\_\_ The lot adjacent to my proposed variance is maintained as a permanent easement to the Northbound I-35 frontage road. This land is owned by the Dept. of Transportation and will never be built upon.

---

---

### **PARKING:** (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:
- 
- 

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:
- 
-

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

**NOTE:** The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

ROW I.D. 10656329

Mapsco Pg# 585T

### Application request\* (specify all that apply):

- ☐ Tree removal
- ☒ Development exceeding allowable standards for encroachment in the tree's critical root zone;
- ☐ Removal of more than 30% of a tree's crown.

\* Refer to Land Development Code 25-8 (B)(1) and Environmental Criteria Manual (Section 3, App. F). Applicant understands that all impacts may threaten the health of the tree and that approval of this application does not guarantee favorable tree results.

Address and zip code of property: 806 1/2 East 13th Street Austin, TX 78702

Name of owner or authorized agent: Ricky Moura

Building permit number (if applicable): \_\_\_\_\_

Telephone #: 512-294-3330

Fax #: \_\_\_\_\_

E-mail: \_\_\_\_\_

Tree Species: not sure Green Ash Tree location on lot: left side of the lot next to carport

Trunk size (in inches) at 4 1/2 feet above ground: circumference (around) \_\_\_\_\_ or diameter (across) 18"

General tree condition: ☐ Good / ☒ Fair / ☐ Poor / ☐ Dead

Reason for request: Remodeling the carport with a storage area and deck above

Ricky Moura  
Owner/ Authorized Agent Signature

Date

- Proposed development projects should include an aerial drawing that includes the location of the tree and planned improvements (e.g. structure, driveway, utility and irrigation lines).
- This application is reviewed for tree impacts only; not for zoning or other applicable regulations. Payment (\$25 check to the City of Austin) must be made prior to City personnel completing this application. No fee is required for dead or diseased trees.

### Application Determination - To be completed by City Arborist Program Personnel

☒ Approved ☐ \*Approved With Conditions ☐ Denied ☐ Statutory Denial (more information required)

Comments: These trees are not protected size

☐ Heritage Tree(s)

☐ A heritage tree variance is required: ☐ Administrative / ☐ Land Use Commission

Conditions of Approval: ☐ None or ☐ As described within Arborist Comments (see above); and

- ☐ Applicant agrees to plant \_\_\_\_\_ caliper inches of container grown City of Austin Appendix F trees on the lot prior to obtaining a final inspection (if applicable). Trees are to have a minimum 2-inch trunk diameter. Examples include Oaks, Cedar Elm, Bald Cypress, Desert Willow, Mountain Laurel, Texas Persimmon, Mexican Plum, etc.
- ☐ Prior to development, applicant agrees to supply a root zone mulch layer and maintain tree protection fencing (chain-link, five-foot in height) throughout the project duration. (ECM 3.5.2)
- ☐ Provide a receipt for remedial tree care and / or any required pruning as performed by a certified arborist.
- ☐ No impacts are permitted within the tree 1/2 Critical Root Zone (ECM 3.5.2), including trenching for utilities.

Lot(s) 45, 46 Block \_\_\_\_\_ Outlot 41 Division B

I/We Ricky Moura on behalf of myself/ourselves as authorized agent for

\_\_\_\_\_ affirm that on June 14, 2001

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

☐ ERECT ☒ ATTACH ☐ COMPLETE ☒ REMODEL ☐ MAINTAIN

in a MF-4 district.  
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

**VARIANCE FINDINGS:** I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

Due to the era in which my home was built (The Great Depression), my home was designed with very little storage space. Initially, a separate storage shed was installed on my property behind the home to accommodate this shortcoming. Due to my home's proximity to downtown, this attracted vagrants and was eventually torn down for safety reasons. I am currently forced to rent storage space away from my home for many of my personal possessions. I would like to increase the size of my home in order to add storage space that is both conveniently accessible, and under my supervision. Unfortunately, a portion of this lot was acquired by the Dept. of Transportation via eminent domain in order to construct the northbound I-35 frontage road. The result is that my lot is now oddly triangular. In order to add footage to my home while conforming to the 10'0" setback requirement, the shape of the house would also have to be triangular. Not only would a triangular home be of questionable resale value, but any added living area would be nearly unusable. Reducing the setback requirement to 0'0" along the carport/storage side of the home and 5'0" at the rear of the home would allow me to increase the square footage of my home while also creating usable added living area for storage.

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

My property is the only 45' wide or narrower lot in the surrounding area that is cut into a triangle approximately half way through its depth. Because of the unique dimensions of my lot, increasing overall square footage to 2300sf or less does not result in increased usable living area. A small reduction in setback of and increasing overall square footage to 2750sf would allow me to overcome the limiting contours of the property. Without these changes, I am greatly inconvenienced, and unnecessarily burdened financially because of my lack of storage space. Additionally, the home's shortcoming adversely affects its value with regard to other homes in the area, and puts me at a disadvantage for possible future resale.

Any other lot in the surrounding area is either square, much wider or angled less invasively at a corner rather than through the middle of the property. All other scenarios allow for much greater flexibility with regard to adding living area.

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The lot adjacent to my proposed variance is maintained as a permanent easement to the Northbound I-35 frontage road. This land is owned by the Dept. of Transportation and will never be built upon.

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

**NOTE:** The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

#### GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

##### VARIANCE REQUIREMENTS:

##### General Requirements:

## PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
  - appearing and speaking for the record at the public hearing;
- and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: [www.ci.austin.tx.us/development](http://www.ci.austin.tx.us/development).

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

**NOTE:** The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

**VARIANCE FINDINGS:** I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

My house was build in 1935 and it has no storage space, the previous owner had a shed in the back, however the drug addicts of the area used jump the fence to sleep in it, so I had to remove from the property. So, building a storage are above the carport is a perfect location because I Have a lot that next door from the Interstate 35; nothing will ever being build in between my lot and the Hwy.  
Because of the cut that the State made to my property, I don't have enough space to add living area to my house, so I need to get 4'6" of the set back to build and some time in the future.—

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

The configuration of the lot is very strange; it is on the top of the hill next to the HWY 35 in triangle shape

- (b) The hardship is not general to the area in which the property is located because:

All other lots in the area are square.

**AREA CHARACTER:**

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The lot next to me belongs to the State; nothing will ever be build there. I have  
around 50' in between the access road of IH 35 and the property line of my house.

**PARKING:** (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

**NOTE:** The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

**APPLICANT CERTIFICATE** – I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

## GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

### VARIANCE REQUIREMENTS:

#### General Requirements:

- A. A variance may be granted if, because of special circumstances of a property, the strict application of the Land Development Code regulations deprives the property owner of privileges that are enjoyed by another person who owns property in the area that has the same zoning designation as the property for which the variance is requested.
- B. A variance to a regulation may not grant special privileges that are inconsistent with the limitations on other properties in the area or in the district in which the property is located.

**SUBMITTAL REQUIREMENTS:** (Failure to complete the application or to submit all the required materials will result in non-acceptance of the application.)

- (1) A completed application indicating all variances being requested. An application must include proposed findings that will support requested variances. The required findings must address each variance being sought.
- (2) A site plan to scale indicating present and proposed construction and location and use of structures on adjacent lots.
