PROPOSAL

Remove the existing non-approved signage and replace it with an awning containing signage.

PROJECT SPECIFICATIONS

The applicant proposes the installation of a new awning with signage reading "Lone Star Food Mart". The proposed signage consists of a 16-square foot logo and approximately 16-square feet of lettering reading "Food Mart."

STANDARDS FOR REVIEW

D. AWNING SIGNS

An awning sign may be woven, sewn, or painted onto the fabric of an awning. A panel sign painted or mounted on the edge of a rigid canopy also shall be considered an awning sign.

SIZE

- The maximum area of an awning sign may not exceed 20% of the awning panel, or 8 square feet, whichever is the lesser amount.

STAFF RECOMMENDATION

Staff appreciates the removal of the existing non-approved sign and replacement with the proposed awning; however, the size of the signage on the awning is much larger than the Sign Standards call for. Staff recommends approval of the concept of the awning and a direction to the applicant to work with staff to develop signage more in line with the Sign Standards.
