

**INTERLOCAL AGREEMENT  
BETWEEN AUSTIN INDEPENDENT SCHOOL DISTRICT  
AND THE  
CITY OF AUSTIN**

**CITY COUNCIL HEARING DATE** : January 12, 2012

**PROJECT NAME:** Bowie Practice Fields

**ADDRESS:** 3700 & 3800 Slaughter Lane

**SITE AREA:** 45.5 acres

**CASE MANAGER:** Nikki Hoelter      **Phone:** 974-2863  
Nikki.hoelter@austintexas.gov

**AGREEMENT REQUEST:**

A tract of land that is part of the Circle C Stratus Development Agreement will be donated to Austin Independent School District (AISD) and the City. AISD agreed to accept a donation of the southern portion of the tract to be used as practice fields for athletics and band practices for Bowie High School (AISD site). In addition, the City agreed to accept a donation of land directly to the north of the AISD site, which will be established as a nature preserve (City site).

The City is requesting approval of an interlocal agreement with AISD establishing site development standards for the AISD site, which is located on 45.5 acres of land to the north of the Bowie High School site across Slaughter Lane. AISD and the City want to minimize the impact on this sensitive area and on neighboring residences. By entering into this agreement both entities can be assured of the regulations and conditions under which the site may be developed and used.

**PROPOSED DEVELOPMENT:**

Please see the attached agreement and summary for the specific requirements for development of the AISD site.

The only improvements allowed on the AISD site are:

- up to two practice fields, primarily for the band and La Crosse team
- a pedestrian walkway from Slaughter Lane to the practice fields
- a single emergency access
- an irrigation system
- fencing.

No buildings are proposed or permitted on the site. No lighting of the fields will be allowed, and no pesticides, herbicides, or fertilizers will be used. Clearing is allowed only for the fields and

access routes, and all cleared areas must be revegetated. Usage of the field is limited to the hours between 11:00 AM and 8:00 PM.

A fence will be erected at the property line along Slaughter Lane to reduce and prohibit others from randomly using the field or walking onto the field without prior authorization; this fence may be constructed after development. A fence will also be erected between the AISD site and the City site; this fence must be constructed before AISD may begin development

The City will be responsible for constructing sidewalks in the right-of-way along the City Property's boundary with Brodie Lane. The City Neighborhood Connectivity Program will work with AISD to provide funding for construction of sidewalks along the Bowie Site boundary with Slaughter Lane and Brodie Lane.

#### **SUMMARY COMMENTS ON AGREEMENT:**

The site subject to this Agreement is located in the Slaughter Creek Watershed, Barton Springs Zone, and Drinking Water Protection zone. At this time a formal site plan has not been submitted for the fields. The site is zoned GR-MU-CO, and is 45.5 acres out of a portion of Lot 5 CCR 108 Subdivision.

A site plan will be required in order to complete the improvements as listed in the agreement. There is approximately 0.03 acres (1,306.8 square feet) of impervious cover which has been allocated to this site under the Stratus Development Agreement, leaving the site almost impossible to develop. Staff has not identified a need for any variances or zoning changes.

Staff has determined that a pedestrian walkway in an easement is excluded from impervious cover calculations. Additionally, hiking trails are permitted within the Critical Water Quality Zone. A majority of the practice field is located within the CWQZ and drainage easement.

#### **SUMMARY STAFF RECOMMENDATION:**

Staff recommends the approval of the interlocal agreement to permit practice fields for Bowie High School, with the specific limitations as outlined in the agreement.

#### **ZONING AND PLATTING COMMISSION ACTION:**

November 15, 2011 – Approved staff's recommendation (5-1); (S. Baldrige – Against) (G-Bourgeois – Absent)

**CITY COUNCIL ACTION:**

LDC Section 25-1-903(C) – City Council Hearing and Action

(C) After a public hearing on a proposed interlocal development agreement, the council may authorize the city manager to;

- (1) execute the agreement as proposed;
- (2) execute a modified agreement, which may include different use, development, or construction regulations or other conditions not contained in the proposed agreement;
- (3) negotiate a new agreement, which shall be subject to review by the Land Use Commission under Section 25-1-903 (Review and Recommendation of the Land Use Commission); or
- (4) reject the proposed agreement and discontinue negotiations.

**WHEREAS**, AISD has agreed to accept donation of property located at the intersection of Slaughter Lane and Brodie Lane for use as athletic and band practice fields for Bowie High School, said property being more particularly described by metes and bounds and survey plat in **EXHIBIT A** attached hereto and made a part hereof (the "Bowie Site"); and

**WHEREAS**, the City proposes to accept donation of property located north of and adjacent to the Bowie Site, for use as a nature preserve, said property being more particularly described by metes and bounds and survey plat in **EXHIBIT B** attached hereto and made a part hereof (the "City Property"); and

**WHEREAS**, the City and AISD desire to minimize the impact of the use of the Bowie Site on sensitive environmental features and nearby existing residences; and

**NOW, THEREFORE**, in consideration of the foregoing premises, the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the City and AISD agree as follows:

## **ARTICLE I - REGULATIONS, GENERALLY**

Development of the Bowie Site is subject to the site development standards established in Article II of this Agreement, the School District Land Development Standards Agreement, as amended from time to time, and the City's ordinances and rules, including the City of Austin Land Development Code ("City Code"), to the extent applicable in accordance with the School District Land Development Standards Agreement. If a conflict exists between this Agreement and the School District Land Development Standards Agreement, this Agreement controls. Except as provided in Article II of this Agreement and the School District Land Development Standards Agreement, development of the Bowie Site shall comply with the requirements of the City Code. AISD may seek variances to City Code requirements for development of the Bowie Site as provided under City Code.

## **ARTICLE II - SITE SPECIFIC REGULATIONS**

Development of the Bowie Site shall comply with the following:

1. AISD may construct up to two practice fields on the Bowie Site provided that each site is in a location mutually agreed upon by AISD and the City, and each field can be constructed in compliance with the regulations applicable to development of the Bowie Site as described in Article I.

3. AISD will submit a site plan compliant with the regulations specified in Article I of this Agreement.

6. Pedestrian access is limited to a single walking trail, which may include a concrete low water crossing across the creek. The pedestrian trail must be included in the site plan submitted by AISD in connection with development of the fields. Other than the walking trail, no sidewalks or drives may be constructed across the creek. Bollards shall be placed on either side of the creek crossing to prevent vehicular use.
7. No permanent vehicular access is allowed, with the exception of a single emergency access to enter from Brodie Lane, located outside both the critical water quality zone and the water quality transition zone.

  - b) One type of sign shall be placed on bollards at the creek crossing to advise that no motorized vehicles or bikes may use the crossing—pedestrians only.
  - c) One type of sign shall be placed on the fence between the Bowie Site and the City Property to advise that the City Property is a preserve with no public access.
2. AISD shall construct fencing in compliance with the specifications attached hereto as **EXHIBIT C**, and in the locations indicated in **EXHIBIT D** attached hereto.
  - a) The fencing along the boundary between the Bowie Site and the City Property must be complete before work of any kind may proceed on the Bowie Site.
  - b) The fencing along the Bowie Site's boundary with Slaughter Lane may be delayed until after completion of development of the fields, but shall be constructed before the fields may be used by AISD.
3. AISD shall coordinate with the City Neighborhood Connectivity Program to ensure that sidewalks are constructed in the rights-of-way along the Bowie Site's boundary with Slaughter Lane and Brodie Lane.

4. Use of the Bowie Site is limited to activities for which Bowie High School students receive academic credit.

Subject 12.9 Approval of Development Agreement between the City of Austin and AISD for the Bowie Donation Tract

Type Consent (Action)

Preferred Date Aug 22, 2011

Absolute Date Aug 22, 2011

Fiscal Impact No

Recommended Action Motion for Board to approve.

**SUBJECT:**

Approval of Development Agreement between the City of Austin and AISD for the Bowie Donation Tract

**PRESENTERS:**

Lawrence W. Fryer, Jr., Chief Operations Officer  
Paul Turner, Executive Director of Facilities  
Curt Shaw, Director of Construction Management

**RECOMMENDATION:**

That the Board of Trustees approve the development agreement between the City of Austin and the Austin Independent School District, establishing site development standards for the construction of field sports and marching band practice fields on the donated tract of land across from Bowie High School.

**BACKGROUND INFORMATION:**

On June 20, 2011, the Board of Trustees approved a donation agreement between Circle C Land, L.P., the City of Austin, and the Austin Independent School District, whereby AISD would receive a donation of approximately 50 acres of land out of the Circle C Ranch 108 Subdivision for the proposed future use of the District to construct field sports and marching band practice fields for Bowie High School.

One condition of the donation agreement was that AISD and the City would enter into an agreement that would define how this site could be developed for its intended purpose. The terms and conditions of this agreement would be specific to the subject property, and would augment or otherwise modify the development provisions that have been established in the School District Land Development Standards Agreement between the Austin Independent School District and the City of Austin.

The District's eventual plans for the tract include the development of two practice fields with irrigation systems that will enable the fields to be maintained in a condition that is appropriate for their use, constructing a foot access walkway trail to the location of the fields, interior to the property, from the pedestrian crossover walkway at Slaughter Lane and Wolftrap Drive, and constructing an access drive to the fields from Brodie Lane, for emergency vehicle use.

Additionally, in order to construct the practice fields outside of the restricted development zones of the property, the District will reconstruct and reconfigure a stormwater drainage field that is presently on the site that serves the adjacent commercial properties located at the northwest corner of Brodie Lane and Slaughter Lane. Currently, stormwater is distributed and absorbed over the surface of a 13-acre area of the site. In order to locate the fields in an area that requires the least excavation and site clearing, with the concurrence of the City of Austin's Watershed Protection Department, the approval of which has been received, the stormwater distribution system will be modified to become a spray re-irrigation system, and the 13-acre vegetative filtration field will be reduced to an area that is approximately 4 acres in size for the spray distribution of the stormwater.

The City of Austin and AISD have completed their negotiations on how the Bowie donation tract will be allowed to be developed, and the final development agreement is ready to be executed. The general terms and conditions of the agreement are outlined in Exhibit "A". The development agreement in its final form is included as Exhibit "B".

The agreement does not set a timeline for the District's future development of the tract. A future funding source will have to be identified before the school district can commit resources to the planning and development of the property.

#### ADMINISTRATIVE CONSIDERATION:

The Agreement Between the City of Austin and the Austin Independent School District Establishing Site Development Standards for the Bowie High School Practice Fields has been developed by attorneys representing both AISD and the City, and has been reviewed by AISD's General Counsel. Staff recommends that the Board of Trustees approve the execution of the agreement to enable the District in the future to construct practice fields on the Bowie Donation Tract for the benefit of the school.
