Re: Request for Reconsideration of case C15-2011-0130, 2004 Goodrich Avenue

Dear Chairman and Members of the Board;

I am requesting a reconsideration of this case based upon new information that is attached. Specifically, I wish to have the Board reconsider the "special exception" request from Section 25-2-476 of the Land Development Code in order to maintain a side yard setback of 3 feet 9.5 inches (5 feet are required) in order to maintain a screened porch in order to change the use to create a two-family residential use in an "SF-3 NP" Family Residence- Neighborhood Plan zoning district. (Zilker Neighborhood Plan)

The "Special Exception" ordinance 20110526-098 was adopted in late June of 2011 to deal with "Yard encroachment violations" provided those violations had existed for at least 15 years and the Building official had made a report and made it public 11 days prior to the BOA meeting with a finding that the "encroachment" did not pose a hazard to life, health, or public safety. Additionally, these "special exceptions" did not need to demonstrate "hardships" as required for a more typical BOA variance.

At the BOA meeting on January 9th, the required report from the building official confirmed that the encroachment did not pose any hazard. Additionally, numerous neighbors appeared to offer testimony in support of the request evidencing that the encroachment would not alter the character of the area, impair the use of their adjacent property or grant a special privilege that is inconsistent with other properties in the area.

The Applicant did not have any definitive evidence of the date of construction of the encroachment. Please examine the attached aerial photographs from 1997 and 2003. These clearly show the exiting porch and its location in relation to the side property line.

Given this new information, I hope the BOA will reconsider its original decisions and grant the "special exception" that is requested.

Sincerely,

Mike McHone, authorized agent

Attachments: Permit 2004 Goodrich Ave.pdf

Dear Board Members,

Regarding the two requests for special exceptions concerning 2004 Goodrich Avenue, C15-2011-0130, we would like to make three points. First, when we read clause 25-2-476-B-1 in the Austin City Code, we feel this property does not qualify because the residential use for which the special exceptions are sought is not allowed in an SF-3 zoning district:

§ 25-2-476 SPECIAL EXCEPTIONS.

(A) Subject to the limitations under Subsection (B) of this section, the Board of Adjustment may grant a special exception for an existing residential structure, or portion of an existing structure, that violates a setback required under Chapter 25-2 (Zoning).

(B) The Board may grant a special exception under Subsection (A) of this section if:

(1) the residential use for which the special exception is sought is allowed in an SF-3 or more restrictive zoning district;

Specifically, a secondary dwelling in SF-3 can have no more than 850 square feet, and the back house at 2004 Goodrich has living space on two floors for what seems to be a total of 1859 square feet, not including the screened porch and storage shed. Please see page 3 of the attachment. In the video of the June 13 BoA hearing for this property, Planning Director Greg Guernsey also stated that it was his opinion that this property does not qualify for special exceptions, because the back house exceeds 850 square feet.

In addition, in the video for the June 13 BoA hearing, the owner of the property mentioned that in 1993 a bedroom and bath were added to the front house at 2004 Goodrich, and also in that year the shell of an accessory structure in the rear of the property was finished out as a house and the owner moved into that structure. When one looks at the city's building permit web site, it is very difficult to determine if the building permits for 1993 were for the front house or for the back structure. All of the building permits for 1993 are described as the addition of a bedroom and bathroom to residence.

Also, the zoning for this property is SF-3, not SF-3-NP. It is located in the Zilker neighborhood, not Bouldin.

Sincerely,

Zilker Neighborhood Association Executive Committee

RESIDENTIAL PERMIT APPLICATION "B"

CITY OF AUSTIN
RESIDENTIAL PERMIT APPLICATION

I understand that in accordance with Sections 25-1-411 and 25-11-66 of the Land Development Code (LDC), non-compliance with the LDC may be cause for the Building Official to suspend or revoke a permit and/or license. I understand that I am responsible for complying with any subdivision notes, deed restrictions, restrictive covenants and/or zoning conditional overlays prohibiting certain uses and/or requiring certain development restrictions (i.e., height, access, screening, etc.) on this property. If a conflict should result with any of these restrictions, it will be my responsibility to resolve it. I understand that, if requested, I must provide copies of all subdivision plat notes, deed restrictions, restrictive covenants, and/or zoning conditional overlay information that may apply to this property.

I acknowledge that this project qualifies for the Site Plan Exemption as listed in Section 25-5-2 of the LDC.

I understand that nothing may be built upon or over an easement. I further understand that no portion of any roof structure may overhang in any public utility or drainage easement.

I acknowledge that customer will bear the expense of any necessary relocation of existing utilities to clear this driveway location and/or the cost to repair any damage to existing utilities caused during construction.

I also understand that if there are any trees greater than 19 inches in diameter located on the property and immediately adjacent to the proposed construction, I am to schedule a Tree Ordinance review by contacting (512) 974-1876 and receive approval to proceed.

I agree that this application will expire on the 181st day after the date that the application is filed if the application is not approved and an extension is not granted. If the application expires, a new submittal will be required.

APPLICANT: MICHAEL R., MCHONE

OWNER: Lindsey, Lane

ADDRESS: 2004 GOODRICH AVE

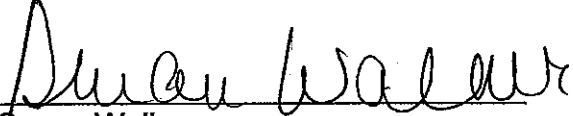

VARIANCE REQUESTED: The applicant has requested a special exception from Section 25-2-476 of the Land Development Code in order to maintain a rear yard setback of 5 feet (10 feet required) in order to maintain an attached accessory structure in order to change the use to create a two-family residential use in an "SF-3-NP", Family Residence – Neighborhood Plan zoning district. (Zilker Neighborhood Plan)

The applicant has requested a special exception from Section 25-2-476 of the Land Development Code in order to maintain a side yard setback of 3 feet 9.5 inches (5 feet required) in order to maintain a screened porch in order to change the use to create a two-family residential use in an "SF-3-NP", Family Residence – Neighborhood Plan zoning district. (Zilker Neighborhood Plan)

BOARD'S DECISION: POSTPONED TO JAN 9, 2012

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Hi Susan,
The following link gives the full "report" on the life safety permit which Leon Barba said should be used as the "required report" for the requirements of the "special exception" ordinance. I made a copy but it turned out too light to scan and send to you. I can deliver a hard copy if that is needed. This needs to be sent to the BOA and made pubic eleven days before the January 9, 2012 BOA meeting.
Thanks,
Mike

Walker, Susan

To: Lorraine Atherton
Cc: Guernsey, Greg; Lloyd, Brent
Subject: RE: BoA Case number C15-2011-0130

Lorraine,

The applicant has requested postponement of this case to the January 9th hearing.

On May 26, 2011, an ordinance was passed that allows the Board of Adjustment to hear cases in which a violation has existed for at least 15 years, if the application for a special exception is submitted on or before June 6, 2013.

The applicant withdrew their request for reconsideration of the variances that were previously denied. They are now seeking a special exception under this new provision. I had checked with Brent Lloyd prior to accepting this application to make sure that this request could be reconsidered, and was advised that the Board could hear the case since the request is under a different section of the Land Development Code.

If you have any further questions, please let me know.

Thank you,

Susan Walker

To: Walker, Susan
Cc: Guernsey, Greg
Subject: BoA Case number C15-2011-0130

Ms. Walker,

As the contact person for the South Central Coalition (SCC), I have received notification of a Board of Adjustment hearing for 2004 Goodrich, regarding two setback variances, under "Special Exception" Section 25-2-476 of the LDC, Case number C15-2011-0130. Please pass the following questions and comments on to the Board of Adjustment and include them in the file for this Special Exception case and in the file for the appeal of the Board's previous decision to deny these variances, case number C15-2011-0065.

Please note that the Board denied these two setback variances in the spring, and the applicant appealed the decision shortly thereafter. The SCC is not familiar with this new "Special Exception" provision in the code, but it appears that the development review department has determined that it applies only to the main structure or dwelling (for which the Board has already granted a variance in the hearing last spring) and not to the accessory structure and porch that encroach on the setbacks. Why has the applicant been allowed to file a duplicate application for variances that the Board has already denied? Why is the Board not hearing the appeal of the original decision? Perhaps the Board should ask for clarification of whether the "Special Exception" provision can overrule previous BoA decisions.

12/8/2011

Under the circumstances, the SCC must oppose this special exception because it appears to violate the Board's most basic procedures.

Regarding the merits of the new application, these types of encroachments on setbacks are general to all of the neighborhoods within the South Central Coalition. In this particular case, they do not meet any of the criteria for granting a variance. Therefore, approval of the setback variances at 2004 Goodrich would amount to granting a privilege that is not available to other properties. In the original hearing the applicant admitted that she was responsible for the addition of the shed and the porch, that she knew building permits were required, and that she decided not to apply for building permits because she thought it would be too much trouble to comply with code. This is clearly a case of "build it now and ask for forgiveness later." The Board's original decision to deny should stand.

Finally, I apologize, but I must pick this nit for the third time. The zoning for this property has been misstated in the posting for all three cases. It is in fact in the Zilker Neighborhood, not in Bouldin Creek, and it is not zoned SF-3-NP under the Bouldin Neighborhood Plan.

Thank you for your time.

Lorraine Atherton

2009 Arpdale, 78704

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Comments:

I object to the rear yard set back + side yard set back being reduced. The distances are set for A REASON! I don't want my neighbor to do this so I don't think anyone else does either. A slippery slope.

Thank you for your consideration of my remarks.

Hi Susan,
 Based upon this response from Leon, I am requesting a postponement of the 2004 Goodrich case until the "Life Safety" permit has been completed and timely report can be issued to the BOA as required by the "Special Exception" ordinance.
 Thank you,
 Mike

Mike, it appears that the preconstruction was called in. You need to schedule a final inspection. This will result in a passed or a failed inspection that includes any deficiencies. This is the "report" that should be submitted with the variance request.
 Thanks,

Leon

Subject: Special Exceptions; Board of Adjustments; 2004 Goodrich

Hi All,
 Susan and I are trying to figure out how to "strictly" comply with the requirement of ordinance 20110526-098 which allows for "special exceptions" to the required yards (setbacks) for properties that have insufficient required yards (setbacks) for at least 15 years. I have attached the ordinance and highlighted several relevant paragraphs. I have also attach permit s and permit history for my client's property at 2004 Goodrich. In talking with Chritopher Johnson, he indicated that the "building official's report" would be done through the residential review section. I have obtained a life safety permit. Inspector, Douglas McAfee, has made the pre-construction inspection. I talked with him during his inspection asking if he could make a report about the structure extending into the rear and side yards as shown in our "Special Exception" application to the BOA (see attached survey). He indicated that he could not do this. My question is: how do I get the report that is required by paragraph 25-1-212 of the Ordinance? Since this report is due 11 days before the BOA hearing, I believe I will advise my client that it is best to postpone the hearing as I do not want any decision to be determined to be "flawed" because the "strict" requirement of the Special Exception Ordinance was not followed. The main purpose of this email is to establish an agreed procedure, not to cast any blame. Please let me know as soon as you can.
 Thanks,
 Mike

12/7/2011

Dear Neighbors:

So I want to give you an update about what happened with the variance request you helped me with, and thank you for that support.

On June 13 the Board of Adjustment granted one of three variances I requested. I do not have to remove any of my house proper! However I was not granted the side yard and rear yard setbacks for my porch and tool shed.

Fortunately, The Austin City Council has created a new ordinance for just such situations, and under it, they may grant compliance to pre-existing setback violations. I am going to apply under this ordinance in order to keep my home as is and not have to tear off 14 inches of my porch or remove my shed.

As before my goal is the same: it is to obtain a certificate of occupancy on my house and upgrade the utilities on my property by separating the electric service so the front house can have its own meter. And as stressed previously: I AM NOT BUILDING ANYTHING. THE SPECIAL EXCEPTION ORDINANCE WILL SIMPLY ALLOW ME TO KEEP MY HOME AS IT IS.

I once again need and ask for your support. I hope you will consider signing the attached petition to the Council for me.

If you have any questions, please feel free to call me (293-6046).

Thanks so much.

Sincerely,

Lindsey Lane

P.S. I am happy to keep you posted on this special exception ordinance. It is new but it seems like a huge opportunity to get compliance on many irregularities in our neighborhood.

I support Lindsey Jones
request for a special
exception & want her to
keep her side porch &
tool shed as is.

OWNER/APPLICANT: S. Lynn, Hill

ADDRESS: 3704 BONNELL DR

VARIANCE REQUESTED: This appeal challenges the Planning & Development Review Department's interpretation of the McMansion ordinance, codified in Subchapter F of City Code Chapter 25-2, in connection with a permit to construct a single-family home at 3704 Bonnell Drive. The appeal alleges that the department incorrectly interpreted and applied the "attic exemption" in Section 3.3.3 of the ordinance, as well as other errors related to plan approval.

BOARD'S DECISION: Oct 27, 2011 POSTPONED (to a special called meeting -TBA)

BOARD'S DECISION: November 29, 2011 POSTPONED TO DECEMBER 12, 2011

FINDING:

1. There is a reasonable doubt of difference of interpretation as to the specific intent of the regulations or map in that:
2. An appeal of use provisions could clearly permit a use which is in character with the uses enumerated for the various zones and with the objectives of the zone in question because:
3. The interpretation will not grant a special privilege to one property inconsistent with other properties or uses similarly situated in that:

Susan Walker

Jeff Jack
Chairman

ORDINANCE NO. 20110526-098

AN ORDINANCE RELATING TO SPECIAL EXCEPTIONS AND FEE WAIVERS FOR CITY CODE VIOLATIONS; AMENDING CITY CODE SECTIONS 2-1-111, 25-1-211, 25-1-212, 25-1-214, 25-1-215, 25-1-216, 25-1-217, AND 25-1-218; AND ADDING NEW SECTIONS 25-1-366 AND 25-2-476.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The city council finds that:

- (A) Certain technical code and zoning violations exist on residential properties throughout the City of Austin. In some cases, these violations have existed compatibly with the surrounding neighborhoods for 25 or more years with no known adverse impacts to public health, safety, or welfare.
- (B) In such cases, the City's existing amnesty program, as codified in Section 25-1-365 of the Land Development Code, provides a mechanism for excusing full compliance with city regulations for certain minor violations existing on or before adoption of the current zoning code on March 1, 1986.
- (C) To address setback violations that meet all requirements for administrative amnesty except for the 1986 cutoff date, the Board of Adjustment could be authorized to grant a special exception in limited circumstances. A special exception, as authorized under state law, may be granted without a hardship finding required for a traditional zoning variance.
- (D) Together with the City's existing amnesty program, authorizing special exceptions and waiving fees for landowners seeking to address minor zoning setback violations would allow enforcement staff to focus on more significant violations of city code.

PART 2. Subsection (F) of City Code Section 2-1-111 (*Board of Adjustment*) is amended to read:

- (F) The board shall:
 - (1) hear and decide a request for a variance from the requirements of Chapter 25-2 (*Zoning*), except as otherwise provided by the Code;
 - (2) hear and decide an appeal of an administrative action under Chapter 25-2 (*Zoning*);

~~(3) hear and decide a request for a variance from the requirements of airport zoning regulations under Section 241.034, Local Government Code; [and]~~

(4) hear and decide a request for a special exception under Chapter 25-2 (Zoning); and

(5)[(4)] perform other duties prescribed by ordinance or state law.

PART 3. City Code Chapter 25-2 (*Zoning*), Article 2 (*Appeals, Variances, Special Exceptions, and Adjustments*) is amended to amend the title of Division 2 (*Variances*) and to amend Sections 25-1-211 (*Application for a Variance*), 25-1-212 (*Report*), 25-1-214 (*Public Hearing and Notice*), 25-1-215 (*Action on Application*), 25-1-216 (*Effective Date of Variance*), 25-1-217 (*Expiration of Variance*), and 25-1-218 (*Restrictions on Similar Applications*) to read as follows:

Division 2. Variances and Special Exceptions.

§ 25-1-211 APPLICATION FOR A VARIANCE OR SPECIAL EXCEPTION.

(A) A person may file an application for a variance or a special exception with:

- (1) the building official for a variance or special exception granted by the Board of Adjustment; or
- (2) the responsible director for a variance granted by the Land Use Commission or the council.

(B) An application may include a request for:

- (1) variances or special exceptions from regulations applicable to the same site; or
- (2) similar variances or special exceptions on two or more adjacent parcels with similar characteristics.

(C) The building official or responsible director may require that the applicant provide information that the building official or responsible director determines is necessary to evaluate the variance or special exception request.

§ 25-1-212 REPORT.

(A) For an application for a variance or special exception requiring consideration by the Board of Adjustment, the building official shall prepare and file a report with the board not later than the 11th day before the public hearing.

(B) ~~For an application for a variance requiring consideration by the Land Use Commission, the responsible director shall prepare and file a report with the Land Use Commission not later than the 11th day before the public hearing.~~

(C) The building official shall make a report described in this section available to the public when the report is filed with the Board of Adjustment or Land Use Commission.

(D) This subsection applies to an application for a zoning variance or special exception for property zoned as a family residence (SF-3) or more restrictive district.

(1) The building official shall waive the application fee if the official determines that the variance or special exception is supported by the notice owners of 80 percent or more of the property located within 300 feet of the property for which the variance is sought.

(2) An applicant who seeks a fee waiver must:

(a) obtain the signature of each notice owner who supports the variance or special exception, on a form provided by the building official; and

(b) submit the completed form to the building official.

§ 25-1-214 PUBLIC HEARING AND NOTICE.

(A) The Board of Adjustment or Land Use Commission, as applicable, shall hold a public hearing on an application for a variance or special exception not later than the 45th day after the date the application is filed.

(B) The building official or responsible director, as applicable, shall give notice under Section 25-1-132(A) (*Notice Of Public Hearing*) of a public hearing on an application for a variance or special exception, and, for a variance or special exception heard by the Board of Adjustment, by posting one or more signs.

§ 25-1-215 ACTION ON AN APPLICATION.

(A) Except as otherwise provided in this chapter, the Board of Adjustment or the Land Use Commission shall act on an application for a variance or special exception not later than the next meeting after the public hearing is closed.

(B) The Board of Adjustment or the Land Use Commission may:

(1) approve an application for a variance;

(2) approve an application for a variance with modifications; or

(3) deny an application for a variance.

(C) The Board of Adjustment or the Land Use Commission may require that a variance be:

- (1) revocable;
- (2) effective for a specified time period; or
- (3) subject to one or more conditions.

(D) The Board of Adjustment may act on a request for a special exception in the manner provided for variances under Subsections (B) and (C) of this section.

§ 25-1-216 EFFECTIVE DATE OF VARIANCE OR SPECIAL EXCEPTION.

(A) Except as provided in Subsection (B), a decision on a variance or special exception is effective immediately.

(B) If a variance or special exception is appealable, a decision on the variance is effective:

- (1) except as provided in Subsection (B)(2), at the expiration of the time period during which an appeal may be filed; or
- (2) if a notice of appeal is filed, when a final decision on the appeal is made.

§ 25-1-217 EXPIRATION OF VARIANCE OR SPECIAL EXCEPTION.

(A) Except as provided in Subsection (B), a variance or special exception expires:

- (1) except as provided in Subsection (A)(2), one year after the effective date of the variance or special exception; or
- (2) on the date established as a condition of approval.

(B) A variance or special exception expires on the date an approved plan or permit expires if:

- (1) an application for approval of a plan or permit is submitted before a variance or special exception expires under Subsection (A); or
- (2) the variance or special exception is granted in association with the approved plan or permit.

~~(ii) impair the use of adjacent property that is developed in compliance with city code; or~~

(iii) grant a special privilege that is inconsistent with other properties in the area or in the district in which the property is located.

(C) A special exception granted under this section:

- (1) applies only to the structure, or portion of a structure, for which the special exception was granted and does not run with the land;
- (2) may not authorize an increase in the degree of noncompliance or excuse compliance with minimum health and safety requirements; and
- (3) may not authorize a remodel or addition to the existing structure, except to the extent required by the building official to meet minimum life and safety requirements.

(D) A structure granted a special exception under this section shall be treated as a non-complying structure under Chapter 25-2, Article 8 (*Noncomplying Structures*).

PART 6. City Code Section 25-2 (*Zoning*) is amended to add a new Section 25-1-366 to read:

§ 25-1-366 FEE WAIVER PROGRAM FOR EXISTING RESIDENTIAL STRUCTURES.

(A) Subject to the requirements of Subsection (B) of this section, the director shall:

- (1) waive the fee for a variance application to the Board of Adjustment under Section 25-2-473 (*Variance Requirements*) or a special exception under 25-2-476 (*Special Exceptions*); and
- (2) refund permitting and inspection fees if:
 - (a) the building official determines, based on a minimum life-safety inspection, that the structure does not pose a hazard to life, health, or public safety; and
 - (b) the structure:
 - (i) complies with current zoning regulations; or
 - (ii) the structure receives a special exception or variance from the Board of Adjustment or certificate of occupancy or

~~compliance from the building official under Section 25-1-365 (Exemption from Compliance).~~

(B) A fee waiver or refund authorized under Subsection (A) of this section:

- (1) applies only to existing residential structures and does not cover permits for remodels, except to the extent required by the building official to address minimum life and safety requirements;
- (2) applies only if the residential use for which a special exception is sought is allowed in an SF-3 or more restrictive zoning district;
- (3) does not cover fees for re-inspections or for after-hours inspections; and
- (4) expires on June 6, 2013.

(C) The director shall refund fees collected after June 6, 2012 if the requirements for waiver under this section are met.

PART 7. This ordinance takes effect on June 6, 2011.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

STREET ADDRESS: 2004 Goodrich

LEGAL DESCRIPTION: Subdivision – .2218 acre tract of land in the Issac Decker League, being a portion of Block 36, L. M. Bradley's Subdivision of Lot 4 of Goodrich's Subdivision (unrecorded) AND a 2.11 foot strip of land in the Issac Decker League, being a portion of Block 36, L.M. Bradley's Subdivision of Lot 4 Goodrich Subdivision

Lot(s) 36 Block 60 X 161 ft Outlot _____ Division Bradley Addition

I/We Michael R. McHone on behalf of myself/ourselves as authorized agent for

Lindsey Lane affirm that on October
26, 2011,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

☐ ERECT ☐ ATTACH ☐ COMPLETE ☐ REMODEL ☒ MAINTAIN

Existing rear yard of 5 ft and existing side yard 3ft 9.5 inches in a SF-3 NP (Bouldin Creek) district. This application is submitted in accordance with Ordinance 20110526-098 SPECIAL EXCEPTION

in a

SF-3 NP district.
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

-NA Special Exception (Two family residential use; secondary structure violates required setbacks for side and rear yard)

Formatted: Indent: Left: 0.3"

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

25-1-212 requires building official to make a report to BOA 11 days prior to meeting of BOA; said report shall be made public when report is filed with BOA
(building official performs inspection and determines violation does not pose hazard to life, health, or public safety)

- (b) The hardship is not general to the area in which the property is located because:

BOA may grant Special Exception for existing residential structure or portion of an existing structure that violates a setback required under Chapter 25-2 (Zoning):
2004 Goodrich has existed for at least 15 years; use is a permitted use, and does not share lot with more than one other primary residence;

Formatted: Bullets and Numbering

Formatted: Numbered + Level: 1 +
Numbering Style: a, b, c, ... + Start at: 2 +
Alignment: Left + Aligned at: 0.3" + Tab after:
0.6" + Indent at: 0.6"

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Granting special exception: would not alter the character of the area; impair the use of adjacent property that is developed in compliance with city code; or grant special privilege that is inconsistent with other properties in the area of in the district in which the property is located. (See neighbors' support letters)

setbacks of various sizes are common to area structures; structure has existed without complaint for at least 15 years.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

-
-
2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

-
-
3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

-
-
4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

VARIANCE REQUIREMENTS:

General Requirements:

- A. A variance may be granted if, because of special circumstances of a property, the strict application of the Land Development Code regulations deprives the property owner of privileges that are enjoyed by another person who owns property in the area that has the same zoning designation as the property for which the variance is requested.
- B. A variance to a regulation may not grant special privileges that are inconsistent with the limitations on other properties in the area or in the district in which the property is located.

SUBMITTAL REQUIREMENTS: (Failure to complete the application or to submit all the required materials will result in non-acceptance of the application.)

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

APPLICANT CERTIFICATE – I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.
