

CITY OF AUSTIN
Board of Adjustment/Sign Review Board
Decision Sheet

DATE: Monday, January 9, 2012

CASE NUMBER: C15-2012-0009

____ Jeff Jack
____ Michael Von Ohlen
____ Nora Salinas
____ Bryan King
____ Susan Morrison
____ Melissa Hawthorne
____ Heidi Goebel
____ Cathy French (SRB only)
____ Dan Graham (SRB only)

APPLICANT/OWNER: Bryan P. Edwards

ADDRESS: 12417 RIVER BND

VARIANCE REQUESTED: The applicant has requested a variance to decrease the minimum side yard setback requirement of Section 25-2-492 (D) from 5 feet to 0 feet along the south property line in order to maintain a single-family residence in an "SF-2", Single-family residence zoning district.

BOARD'S DECISION: POSTPONED TO February 13, 2012

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:

(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;

- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Subject: C15-2012-0009-12417 RIVER BEND#4

WE DECIDED TO BUY OUR HOME BEFORE WE EVER WENT INSIDE. IT WAS THE RELAXED FEEL THAT THE NEIGHBORHOOD GAVE OFF FROM HOMES NOT BEING ON TOP OF EACH OTHER THAT SOLD US.

OUR FIRST HOME THAT WE LIVED IN FOR 20+ YEARS , WE HAD A CHOICE OF TWO NEIGHBORHOODS. WE CHOSE THE ONE THAT HAD RESTRICTIONS BECAUSE YOU DID NOT GET THE FEEL OF LIVING IN A TOWNHOME.

THE RULES WERE IN PLACE WHEN WE PURCHASED OUR HOME AND WHEN HE PURCHASED HIS, TO CHANGE THE RULES AFTER THE FACT WOULD BE UNFAIR TO US.

WE ARE VERY SORRY FOR ANY INCONVENIENCE, BUT WE WOULD NOT HAVE BOUGHT OUR HOME IF IT DID NOT HAVE THESE RESTRICTIONS TO KEEP THE OPEN FEEL..

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

CITY OF AUSTIN
APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE

WARNING: Filing of this appeal stops all affected construction activity.

PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED INFORMATION COMPLETED.

STREET ADDRESS: 12417 River BND #4, Austin Texas, 78732

LEGAL DESCRIPTION: Subdivision – Freund Sleepy Hollow Lake Austin

Lot(s) #4 Block Outlot Division

I Bryan Edwards on behalf of myself as authorized agent for

Myself affirm that on 11/26/11, I,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

ERECT ATTACH COMPLETE REMODEL X MAINTAIN

A single family residence with zero foot side yard set back.

in a ST-2 district.
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The lot is 90 feet wide. There is a pair of above ground electric poles carrying 3 wires length wise across the property. In order to stay clear of the 10 foot easement from the electric wires it is impossible to put my 76 foot wide manufactured home on the lot without violating the 5 foot set back on the left side of my lot. See attached plat map drawing to fully understand the issue.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

Having never had a manufactured home before I was under the impression that the company I bought the manufactured home from had gotten the appropriate permits to put the home where it is on the property. Looking at the plat map as a person who has never done this before it looked like they had obeyed all the set backs on the plat map. So I requested a permit to install a septic system. It was approved and I had the system installed on the property and hooked up to the manufactured home. It was only then that the city of Austin department who was responsible told me they could not give final approval for the system because I had never gotten the original permit to build. It was only then that I found out about the 5 foot set back on the left side of my property. So now between the size of the home...the width of the lot...the amount of the electric easement on the right side of the lot...and the septic tank and field that is installed on the lot...it is impossible to fit my home on the lot without allowing me to put part of it over the 5 foot set back on the left side of the lot.

- (b) The hardship is not general to the area in which the property is located because:

The 5 foot set back was not on my plat map and I trusted the people that put my manufactured home on the lot to both get the proper construction permit and to follow all zoning restrictions.

I have since gotten approval from the city of Austin and installed a septic system.

It is now impossible to move my manufactured home to abide by the 5 foot set back and the 10 foot electric easement and the septic that is now installed on the property and still have my manufactured home fit on my property.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

This is not your standard subdivision. There is no zoning committee. There is no architectural committee. And there is no Home owner's association. Until I bought this property, the property had been an empty lot where all the other residences had stored their empty boat trailers...their RVs and had dumped trash. I doubt that my zero lot line home will adversely affect their property values or impair the use of the adjacent properties.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

APPLICANT CERTIFICATE – I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

VARIANCE REQUIREMENTS:

General Requirements:

- A. A variance may be granted if, because of special circumstances of a property, the strict application of the Land Development Code regulations deprives the property owner of privileges that are enjoyed by another person who owns property in the area that has the same zoning designation as the property for which the variance is requested.
- B. A variance to a regulation may not grant special privileges that are inconsistent with the limitations on other properties in the area or in the district in which the property is located.

SUBMITTAL REQUIREMENTS: (Failure to complete the application or to submit all the required materials will result in non-acceptance of the application.)

- (1) A completed application indicating all variances being requested. An application must include proposed findings that will support requested variances. The required findings must address each variance being sought.
- (2) A site plan to scale indicating present and proposed construction and location and use of structures on adjacent lots.
- (3) Check made payable to the City of Austin for the Board of Adjustment application fee. (Residential zoning - \$360. All other zonings - \$660.)
- (4) Other Information – Although the following is not a requirement of submittal you may wish to include additional information that may assist the Board in making an informed decision regarding your request such as: photos of the site or visual aids to support the request, letters from the neighborhood association(s) etc. Any additional information you wish to submit must be in our office one week prior to the meeting.

The Board will receive a packet with all information that has been submitted on the Thursday prior to the meeting.

(5) Austin Energy approval

Variances approved by the Board are limited to and conditioned upon the plans and specifications presented by the applicants, except as modified by the Board.

REQUIRED FINDINGS: All variance findings must be met in order for the Board to grant a variance. An application must include proposed findings that will support the requested variance. Incomplete applications will not be accepted.

Reasonable Use:

Application must demonstrate to the Board how the zoning regulations applicable to the property do not allow for a reasonable use of the property. [Note: The Board cannot approve a variance for a use that is not allowed in the zoning district in which the property is located. This requires a change in zoning.]

Hardship:

- a. Application must demonstrate to the Board how the hardship for which the variance is requested is unique to the property. Hardship should be specific to the property for which the variance is being requested. (For example, topography, lot configuration, or any physical constraint that would limit the placement of the structure or prevent compliance with required site development regulations, etc.) A strictly financial or personal reason is not a valid hardship.
- b. Application must demonstrate to the Board why the hardship is not general to the area in which the property is located. Describe how the hardship relating to the site is different from other properties in the area.

Area Character:

Application must demonstrate to the Board how the variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the zoning regulations of the zoning district in which the property is located.

NOTE: Parking variances require additional findings to be made. The additional findings are listed on the application and must also be completed for submittal of the application.

Re: 12417 River Bend #4
Lot 4, Freund Sleepy Hollow Lake Austin

Dear Mr. Edwards,

Austin Energy (AE) has reviewed your application for the above referenced property requesting to reduce the south side setback to zero feet in order to maintain an existing single family residence. Austin Energy does not oppose this application as requested and shown on the attached red-stamped sketch.

Thank you for checking with us in advance. Should you have any questions, please feel free to contact me at 322-6587.

Sincerely,

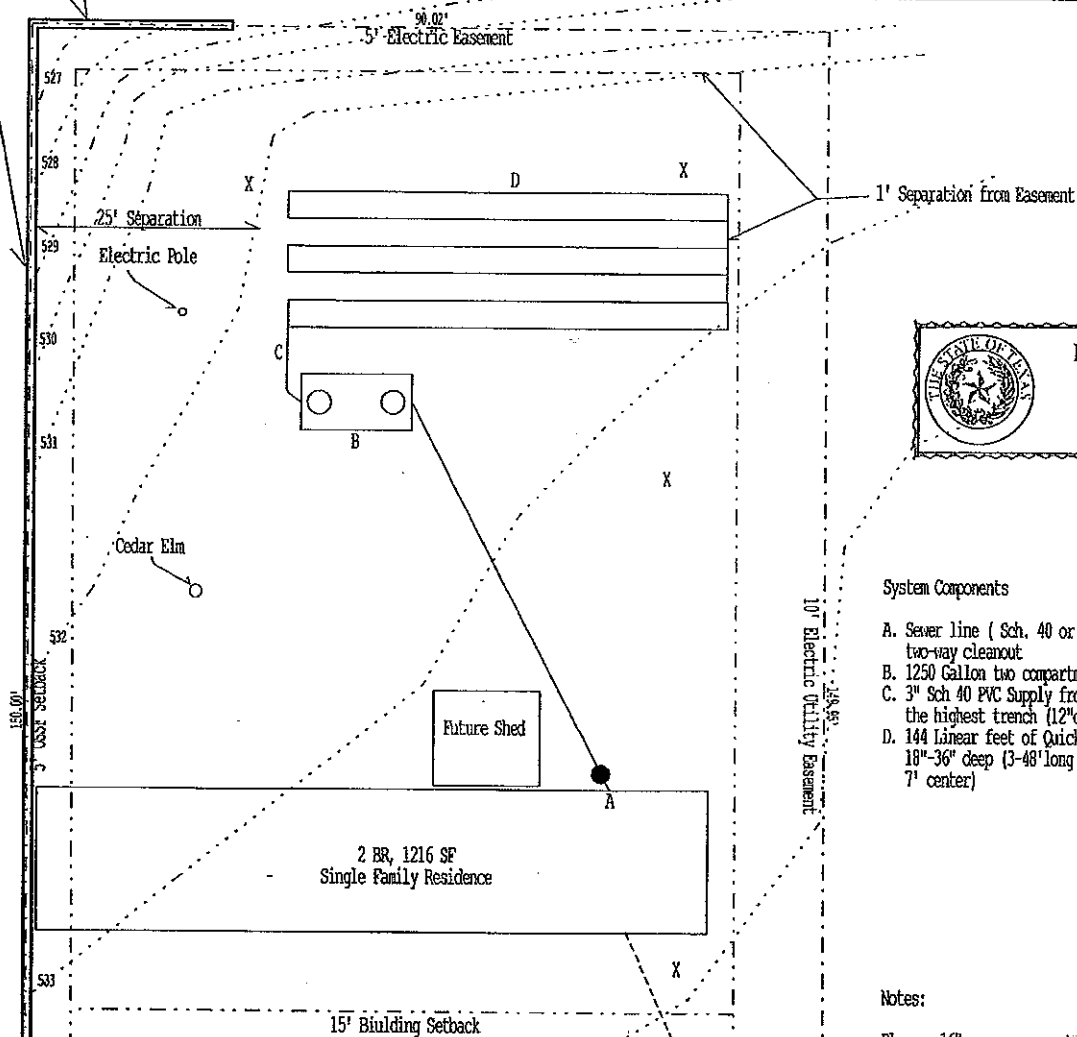

A handwritten signature in black ink, appearing to read "Lena Lund", written over a circular stamp.

PERMIT TO CONSTRUCT AN ON-SITE SEWAGE FACILITY

DATE: October 28, 2011

UNIQUE #: 23825742

SITE ADDRESS: 12417 River Bend #4, Austin, Texas 78732

LEGAL DESCRIPTION: Lot 4, Freund Sleepy Hollow Lake Austin Subdivision

OWNER'S NAME: Bryan Edwards

LAKE PROPERTY (YES/NO): NO

WATER SOURCE: Travis County #17

TYPE OF STRUCTURE: Single Family Residence

SIZE: 3 bedrooms/ 1,216 sq. ft. / 240 gpd

FACILITY SPECIFICATIONS

1. One 1,250-gallon Hill Country (or equivalent) double compartment pre-cast concrete septic tank.
2. One subsurface leaching drainfield with 720 square feet of absorption area (144 linear feet of leaching chambers or 36 Quick 4 Standard Panels).

APPROVED VARIANCES (YES/NO): NO

INITIAL TWO-YEAR CONTINUOUS SERVICE POLICY REQUIRED (YES/NO): NO

DESIGNER: Dave McGhee, R.S.

AUTHORIZATION IS HEREBY GIVEN TO CONSTRUCT AN ON-SITE SEWAGE FACILITY ON THE ABOVE DESCRIBED PROPERTY IN ACCORDANCE WITH THE ATTACHED DESIGNED PLAN WHICH IS APPROVED BY THE AUSTIN WATER UTILITY ON THIS DATE WITH THE SPECIFICATIONS DESCRIBED ABOVE.

THIS PERMIT MUST BE POSTED ON THE SITE

SPECIAL REQUIREMENTS

1. Construct per designer's plan and the Austin Water Utility's approval letter. If construction cannot proceed exactly as specified by approved plan and the Austin Water Utility's approval letter, stop construction and have the designer submit a revised plan to the Austin Water Utility for review and approval.
2. This property may be located within the habitat boundaries of an endangered species. Issuance of this permit to construct an on-site sewage facility does not assure compliance with the Endangered Species Act. For information, please call the Travis County Transportation and Natural Resources Department, (512) 854-9383.
3. The issuance of this Permit is not a verification that this tract of land has been subdivided in accordance with the laws and regulations governing subdivision of land. It is also not, therefore, a guarantee of future provision of other utility services to this tract of land.
4. Landscaping and vegetation of drainfield must be complete before a license to operate will be issued.
5. ALL INSTALLATION WORK IN THE STATE OF TEXAS MUST BE PERFORMED BY AN INSTALLER LICENSED WITH THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY.

NOTE: This on-site sewage facility must meet all of the requirements of the City of Austin Ordinance No. 990211-E, including setback distances. If unforeseen and/or adverse conditions are encountered (including but not limited to excessive rock, seepage, or high water table), stop construction and contact the Austin Water Utility. A revised construction permit may be issued. **THIS PERMIT TO CONSTRUCT SHALL EXPIRE ONE YEAR FROM THE ISSUED DATE. DO NOT START THE OSSF CONSTRUCTION BEFORE OBTAINING BUILDING PERMIT APPROVAL. THE AUSTIN WATER UTILITY SHALL NOT PERFORM ANY INSPECTION IF BUILDING PERMIT APPROVAL HAS NOT BEEN OBTAINED AT THAT TIME.**

APPROVED:

Sydney M. Munn, P.E.

Re: **Letter of Approval**
Private On-Site Sewage Facility (OSSF) for 12417 River Bend #4
Lot 4, Freund Sleepy Hollow Lake Austin Subdivision

Dear Mr. McGhee:

The Austin Water Utility has completed the review of your submittal, received 10/28/11, for the proposed facility consisting of one 1,250-gallon Hill Country (or equivalent) double compartment pre-cast concrete septic tank, one subsurface leaching drainfield with 720 square feet of absorption area (144 linear feet of leaching chambers or 36 Quick 4 Standard Panels), and related appurtenance to serve a single family residence with a design flow of 240 gallons per day.

The attached plan is approved as submitted to allow disposal of the effluent with the following stipulations:

1. The Austin Water Utility's approval of this plan will be automatically rescinded if any site grading cuts are constructed within twenty-five (25) feet of the proposed drain field sites.
2. If it is necessary to modify your proposed plan, the Austin Water Utility will require a 30-day review period for the modified plan. All construction on this project will be required to stop until the Austin Water Utility approves the modified plan.
3. This property may be located within the habitat boundaries of an endangered species. The Austin Water Utility's approval of your plan and the issuance of a Permit to Construct a private sewage facility does not assure compliance with the Endangered Species Act. For information, please call Travis County Transportation and Natural Resources Department, (512) 854-9383.
4. The Austin Water Utility does not allow automatic lawn sprinkler system being installed over any portion of the proposed drainfield.

Our approval of this plan is based upon the data and information submitted with it. The Austin Water Utility reserves the right to revoke this approval if conditions are encountered during construction, which are not reflected by the plan and may affect the proper operation of the proposed system.

The issuance of this Approval Letter does not verify that this tract of land has been subdivided in accordance with the laws and regulations governing subdivision of land. It is also not, therefore, a guarantee of future provision of other utility services to this tract of land.

Mr. Dave McGhee, R.S.
October 28, 2011

The Permit to Construct for this project is enclosed with this letter, and must be posted on the job site before any work is done. The Austin Water Utility expects you to make the contractor of this project aware of all of the above approval stipulations prior to the start of construction. **The Permit to Construct shall expire one year from the issued date. Do not start the OSSF construction before obtaining building permit approval. The Austin Water Utility shall not perform any inspection if building permit approval has not been obtained at that time.**

Regular inspections of these facilities by the Austin Water Utility's personnel during construction in accordance with the inspection schedule enclosed with this letter are required. In addition, the Austin Water Utility must receive a written certification from you, upon completion of this project, that this system was installed in accordance with this plan. This certification must be based upon your independent inspections of this system during construction. The Austin Water Utility also must receive a copy of the as-built plan, which has the same format as the approved plan for permit to construct, upon completion of this project. The final inspection will not be performed until we receive your certification, the as-built plan, and the completion of all inspections listed on the enclosed inspection schedule. License to Operate will be issued after the passing of the final inspection.

I will look forward to receiving your letter of certification upon completion of this project. If I can provide any additional information, please contact me at 972-0202 or Ms. Loan Nguyen, P.E. at 972-0261.

Sincerely,

Seyed M. Miri, P.E.
Division Manager
Utility Development Services Division
Austin Water Utility

STATEMENT OF OWNERSHIP AND LOCATION

On January 1st of each year, a tax lien comes into existence on a manufactured home in favor of each taxing unit in the jurisdiction where the home is actually located on January 1st. In order to be enforced, any such lien must be recorded with the Texas Department of Housing and Community Affairs, Manufactured Housing Division as provided by law. You may check our records through our website or contact us to learn of any recorded tax liens. To find out about the amount of any unpaid tax liabilities, contact the tax office for the county where the home was actually located on January 1st of that year.
