

MEMORANDUM

TO: Dora Anguiano, Planning Commission Coordinator
Planning and Development Review Department

FROM: Jennifer Grant, Property Agent
Land Management Section
Office of Real Estate Services

DATE: February 21, 2012

SUBJECT: F#8957-1109 Vacation of a portion of 42,264 square feet of
Street Right-of-Way adjacent to 55 East Avenue.

Attached are the departmental comments and other information pertinent to the referenced right of way vacation. **The area being requested for vacation will be used as part of an electric substation development plan that could potentially have a chilled water cooling plant integrated into the design.** All affected departments and private utility franchise holders have reviewed this request and recommend approval, **subject to the dedication of a drainage easement and water/wastewater easement.**

The applicant has requested that this item be submitted for placement on the **February 28, 2012, Planning Commission Agenda** for their consideration.

Staff contact: Jennifer Grant at 974-7991 or landmanagement@austintexas.gov.

Applicant: Sonny Poole/Austin Energy

Property Owner: City of Austin/Austin Energy

Mr. Poole (Applicant) will be present at the meeting to answer any questions regarding the project, if needed.

Attn: Lisa Hughes Gonzales or Chris Muraida

Re: 55 East Avenue – Vacation request

Dear Ms. Gonzales or Ms. Muraida,

Austin Energy (AE) is seeking vacation of the portion of East Avenue bounded by Lambie Street to the South, East Avenue to the West, River Street and Interstate 35 to the Northeast, and the remainder of Lots 2-7, Block 1, Elm Grove to the East. Enclosed please find an application for this street vacation and a sketch and metes and bounds description of the area to be vacated.

The adjacent tract locally known as 55 East Avenue was acquired by AE from Public Works Department by interdepartmental real estate exchange document dated 9-15-1999 (See Exhibit A). One of the considerations of this transfer was the vacation of this portion of East Avenue to be allocated to AE.

The site to be vacated and AE's substation site are currently being used as a lay down yard for other City Departments and there have been numerous complaints about the noise and traffic at the site from the neighborhood.

AE's future plans for this site include using the additional area as part of an electric substation development plan that would allow the site to be more compatible with the neighborhood. There is also a possibility that a chilled water cooling plant could be integrated into the substation design as well. AE proposes to provide a site that meets the design commission guidelines and is neighborhood friendly.

The adjacent site is currently zoned SF-3. Any parking needs or requirements will be provided on site. This is not be a SMART Housing Project, nor is it located in the CBD or UT area.

Please contact me at 322-6442 if you have any questions for need any additional information.

Sincerely,

A handwritten signature in black ink that reads "Sonny Poole".

Sonny Poole, Manager
