Subject: Requested Postponement of March 1 City Council Agenda Items #61 and #63

Late yesterday afternoon the Coronado Hills Neighborhood Planning group was notified by staff that they had been in discussions with the owner of Tracts 113 and 114 over the last week and that he is now contesting the neighborhood and staff recommended zoning of these Tracts. Since the property owner did not participate in the three year long Neighborhood Planning process nor respond to the legal notification of zoning change which was sent out prior to the Neighborhood Plan and the zoning changes going to the Planning Commission we have had no opportunity to discuss the future land use plan with the property owner. This is a major concern for us since the Mobile Homes in the park are all at end of life based on the tax records and the property is currently zoned CS/GR with only a 6 foot wood fence separating it from residential homes. The CS/GR zoning is not consistent with the Future Land Use Plan in the proposed Neighborhood Plan nor the actual use of the property for the last 46 years.

We are asking that agenda items #61 and #63 be postponed until April 5th so that we have an opportunity to meet and discuss the future land use plan with the property owner.

If there are any question please contact Teresa Reel at 694-2000 or Meredith Morningstar at 921-4832.

Thank you for your consideration.

Subject: Zoning request

Mr. Dutton.

I have discussed with you on phone. I will try to attend meeting personally but in case I cannot, I am sending you my request for the city council

We would like to keep the zoning as it is for the following reason.

1). we have small motel and restaurant in front of the mobile home park. This is same properties and land that has mobile home on the back side. We would like to keep the zoning for entire property same.

2) We also have option of selling entire property in future if it is same zoning area.

3) This business I am running since 1991 and we purchased entire business that was running with same zoning.

Please consider our request and keep the zoning same.

Thank you.

If you have any question please contact me on my mobile no 512-623-9579.

I am deeply disappointed that you all privately contacted the owner without any representation of the residents WHO LIVE HERE, the owner had been notified numerous times over 3 years about the plan. So now, one day before city council, we are left with trying to figure out what to do. Makes one wonder whose side you all are on! I don't believe for a minute you needed to do any contacting of anybody, you were looking out for your own job status so no one would say anything negative about how you "handled" all of us. Some "plan". Must not be our plan, must be one you all want. Planning involves stakeholders and you ignored many stakeholders! One could even think you went behind our backs, so to speak.

Why did you need to go out of your way to contact someone who has shown no interest in anything so far and thus subvert any plans we have made to get our plan congruent with residential wishes AT THE LAST MINUTE? ...our plan is the PLAN for the future! You have corrupted the good faith I was trying to maintain with you all. You have gone out of your way to confuse things with a slum like landlord judging from the conditions of the area where the trailer like residences are parked. Now you can say you notified us, thanks a lot!

Hi all,

I just wanted give you a quick update on tracts 113 and 114 (Patton Court mobile homes) in the Coronado Hills neighborhood planning area. Dee Dee and I were able to contact the property owner last week, and have been discussing the proposed rezonings with him over the last few days (we filled him in on everything that's taken place up to this point). The property owner's desire is to keep the property zoned as it currently is, with a mix of CS and GR zoning. He has indicated that he currently has no plans to sell or redevelop the property, but would like to keep the commercial zoning because he feels it will allow for more flexibility in the future. I should also note that should City Council decide to keep the current zoning (as PC recommended and the property owner desires), then it would not be possible to file a valid petition, since no zoning change would be taking place.

We hope to see you tomorrow, and please do let me know if you have any questions.

Cheers,

Greg

If there was discussions with the owner of Tracts 113/114 it would have been preferred that someone from the Coronado Hills Planning area be included in those discussions. We have been working on the plan for almost four years.

That being said, with the Tracts contested does it take more than four votes of the council to change the Zoning?

Greg,

It is very difficult for me to understand (at the direction/suggestion of a council person) why the owner of lots 113/114 needed to be contacted even one time. much less twice, if that was the case. While we faithful stakeholders were attending monthly meetings for nearly 3 years, the owner chose to ignore the whole process. Did he ever come a meeting? Did he even show up at the Planning Commission hearing, to protect his interest in the zoning? To my knowledge he didn't contact the neighborhood(s)

To have him given such deference, at this point, irrespective of a council person's direction, is giving credence to the wishes of **one** land owner, at this late date, who over a 3 year period, didn't think it was important enough, to show up and speak up.

Any of us, including the members of the City Council could conclude he wasn't concerned or even interested. . Based on this, why was he afforded this "special treatment" ? He didn't earn it. I am troubled and very disappointed by this last minute action, on his behalf. It gives us little or no time to prepare any additional/special remarks to the Council, should we desire to do so.

Let's say 7pm at Old Town Clubhouse 1801 Coronado Hills Drive.
 Questions concerning Tract 108:
 Do the current owners plan to develop or just obtain zoning and resale?
 If planning to develop what other projects has the group developed?
 Where will the access to the development be located?
 Has the possibility of splitting the tract and having different zoning on the east and west sides been considered? Is it possible?
 What type of develop is planned for the tract?
 I'm sure there are other questions
 but the ones above are being ask by many.

How about a meeting Monday Feb 27th at the Old Town Clubhouse at 6:30 or 7pm? The clubhouse is available. Can someone from the group with Tract 108 attend? If so we can get emails out and have whoever can attend from Old Town HOA and Coronado Hills NA there. That's the only possibility I see before March 1.

Hi there,

I hope everyone is doing well. Greg Dutton forwarded me the e-mail communication regarding Tract 108. This is good news that you all will be getting together to further discuss the property.

What I would pose to the group is that we will be presenting to City Council (CC) on Thursday, March 1 and as you all know, Tract 108 will be up for discussion at that time. It may be beneficial, if possible, to have your meeting prior to the CC hearing. This is totally up to you all, but it is very likely that CC will ask questions of both parties and, possibly, whether or not you all have gotten together to discuss.

Please keep us posted and we will see everyone on Thursday, March 1.

Kind regards,

Mike,

My name is Azam Waugh. I am one of the owners of parcel 108 in the Coronado Hill neighborhood. In speaking with Meredith Morningstar, I understand that you are the one who runs the neighborhood meetings and puts the agenda together.

I am requesting that you give us a few minutes at your next neighborhood meeting, so we can talk to the neighbors and learn what their concerns are about the type of businesses that may be using parcel 108. I have confidence that we can come up with an arrangement that will be mutually beneficial.

I understand that your next meeting will be held on March 8th at 6:30 PM. Please provide me with the location of the meeting and confirm the date and the time.

Thank you very much for your consideration.

Owners have suggested to residents that a strip type mall could be built with their proposal. I will briefly list the current strip mall services currently surrounding our neighborhood. If two numbers are given for a store, it is because these businesses go in and out of business from month to month.

1. 4 -5 filling stations all are combo convenience store/station
2. Grocery stores
 - a. 4-5 small ethnic specialty stores,
 - b. 1 full service, large ethnic store
 - c. 1 old and somewhat run down full service store
3. 2-3 fingernail shops
4. 2 dry cleaners (some go in and out of business)
5. 3 pay day loan stores
6. 2 half way residential houses
7. 4-6 small restaurants
8. 2-3 beauty shops
9. 2 pawn shops
10. 2 Dept of Texas offices-rehabilitation & DOT
11. 2 Laundromats
12. 2 franchised dental offices
13. 2 insurance stores
14. 4 car repair or used tire stores
15. 1 liquor store
16. 1 very large night club set to open upon completion of remodeling
17. 1 mobile home park currently violating many city codes for mobile home parks
18. 1 strip mall church
19. 1 phone store
20. 2 video stores
21. 1 karate school
22. 1 health clinic for underserved citizens
23. 2 hair cutting stores
24. 1 bank
25. 2 Childcare facilities
26. 1 barber shop
