CITY OF AUSTIN

ROW # 1070418

CASE # 2012-003528 RA

TCAD # 0122000311

APPLICATION TO THE RESIDENTIAL DESIGN  
AND COMPATIBILITY COMMISSION (RDCC)

GENERAL MODIFICATION WAIVER

STREET ADDRESS: 3700 LAWTON AVE

LEGAL DESCRIPTION: Subdivision - \_\_\_\_\_

Lot(s) 1 Block 5 Outlot \_\_\_\_\_ Division ZAKMONT HEIGHTS

LAND STATUS DETERMINATION CASE NUMBER (if applicable) N/A

I/We DAN CINCIALOSI on behalf of myself/ourselves as authorized agent for

MAX AND KERI KRUPP affirm that on 1/12, 2012,

hereby apply for a hearing before the Residential Design and Compatibility Commission for modification Section 2.8.1. of up to 25% increase in one or more of the following:

- ☒ Maximum Floor to area ratio .4 or Gross floor area 2300 sq ft.  
☐ Maximum Linear feet of Gables protruding from setback plane  
☐ Maximum Linear feet of Dormers protruding from the setback plane

Waive or modify the side wall articulation requirement of Section 2.7.

Side Wall Length Articulation  
(Please describe request. Please be brief but thorough).

REQUESTING .451 FAR TO ADD 2<sup>nd</sup> STORY ABOVE EXISTING  
GARAGE. BOA APPROVED REAR SETBACKS IN NEW 2011 TO ENCRANCH

3' FROM REAR PL. SECOND STORY WILL BE 5' FROM REAR PL.

4090  
MAX Allowed 2800 # FAR to 3166 # (4590)

in a SF-3 zoning district.

(371 #)

Note: Certificate of Appropriateness: H (Historic) or HD (Historic Designation) - case goes to RDCC first. National Register Historical District (NRHD) Overlay: without H or HD - case goes to Historic Landmark Commission first.

A1  
2

CITY OF AUSTIN  
APPLICATION TO THE RESIDENTIAL DESIGN  
AND COMPATIBILITY COMMISSION

GENERAL MODIFICATION WAIVER

REASONABLE USE:

1. The Residential Design and Compatibility Standards Ordinance applicable to the property does not allow for a reasonable use because: THE ADDITIONAL SPACE WILL BE USED

AS GUEST QUARTERS NEEDED FOR GROWING FAMILY. HUSBAND IS ACTIVE MILITARY  
AND ADDITIONAL SPACE IS NEEDED TO HOUSE HELP FAMILY, OR RENTAL TENANTS.

THIS HOUSE WAS BUILT BY PRIOR OWNER TO 40% FAR PRIOR TO ADOPTION OF SUBCHAPTER F.  
CURRENT OWNERS NEED SPACE TO ALLOW FOR COMPLIANCE W/ 45% IMPERVIOUS COVER REGULATIONS.  
REQUEST:

2. The request for the modification is unique to the property in that:

THE CORNER LOT WAS AN EXISTING GARAGE ADJUTING AN ALLEY THAT IS 3' FROM PL.

THE PROPERTY IS UNIQUE IN THAT IT ONLY WILL EXIST OVER CURRENT GARAGE. THE  
2<sup>ND</sup> FLOOR WILL <sup>BE</sup> AT REAR OF HOUSE AND WILL BE COMPLIANT W/ ALL TENT REQUIREMENTS.

VISUAL SCREENING IS PROVIDED BY MATURE TREES ADJUT LANTON. NO ADDITIONAL IMPERVIOUS  
COVER WILL BE NEEDED EXCEPT FOR EXTERIOR STAIRS.

AREA CHARACTER:

3. The modification will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

THE ADDITIONAL SPACE WILL NOT ALTER THE AREA OF CHARACTER AS THERE ARE  
MANY 2 STORY STRUCTURES IN THE NEIGHBORHOOD. TWENTY EIGHT (28)

SURROUNDING NEIGHBORS HAVE SIGNED LETTERS OF SUPPORT FOR THE REQUEST, PARTIALLY  
APPROVED BY BOA (NOV, 2011)

## Site Development Information

### Building Coverage Information

Note: Building Coverage means the area of a lot covered by buildings or roofed areas, but excludes ground level paving, landscaping, open recreational facilities, incidental projecting eaves, balconies, and similar features. Pools, ponds, and fountains are not included in this measurement. (LDC 25-1-21)

Existing Building Coverage (sq ft): 2343 % of lot size: 33.4

Proposed Building Coverage (sq ft): 2360 % of lot size: 33.7

### Impervious Cover Information

Note: Impervious cover is the total horizontal area of covered spaces, paved areas, walkways, and driveways. The term excludes pools, ponds, fountains, and areas with gravel placed over pervious surfaces that are used only for landscaping or by pedestrians. (LDC 25-1-23)

Existing Impervious Cover (sq ft): 2992.4 % of lot size: 42.7

Proposed Impervious Cover (sq ft): 3039.2 % of lot size: 43.3

### Setbacks

Are any existing structures on this site a non-compliant structure based on a yard setback requirement? (LDC 25-2-513) ☒ Y ☐ N

Does any structure (or an element of a structure) extend over or beyond a required yard? (LDC 25-2-513) ☒ Y ☐ N - BOA APPROVED  
CIS-2011-0122

Is front yard setback averaging being utilized on this property? (LDC 25-2, Subchapter F, Sec. 2.3) ☐ Y ☒ N

### Height Information (LDC 25-1-21 or 25-2 Subchapter F, Section 3.4)

Building Height: 20.1 ft Number of Floors: 2

### Parking (LDC 25-6 Appendix A & 25-6-478)

# of spaces required: 3 # of spaces provided: 3

### Right-of-Way Information

Is a sidewalk required for the proposed construction? (LDC-6-353) ☐ Y ☒ N

\*Sidewalks are to be installed on any new construction of a single family, two-family or duplex residential structure and any addition to an existing building that increases the building's gross floor area by 50 % or more.

Will a Type I driveway approach be installed, relocated, removed or repaired as part of this project? ☐ Y ☒ N

Width of approach (measured at property line): 17.2 ft Distance from intersection (for corner lots only): 118.8 ft

Are storm sewer inlets located along the property or within ten (10) feet of the boundaries of the property? ☐ Y ☒ N

### Area Description

### Building and Site Area

Note: Provide a separate calculation for each distinct area. Attach additional sheets as necessary. Measurements are to the outside surface of the exterior wall.

Subchapter F - 'McMansion'

Gross Floor Area

This section is only required for projects located within the Residential Design and Compatibility Standards Ordinance Boundaries as defined and illustrated in Title 25-2 Subchapter F of the Land Development Code. The Gross Floor Area of each floor is measured as the area contained within the outside edge of the exterior walls.

	Existing	New	Exemption	Total
1 <sup>st</sup> Floor	1633			1633
2 <sup>nd</sup> Floor	903	428		1331
3 <sup>rd</sup> Floor	134			134
Basement				
Attic				
Garage (attached)				
(detached)	523	(see 2 <sup>nd</sup> floor)	450	73
Carport (attached)				
(detached)				
Accessory building(s)				
(detached)				

TOTAL GROSS FLOOR AREA 3171  
 MAX - 2804 (367)

(Total Gross Floor Area /lot size) x 100 = 45.2 Floor-To-Area Ratio (FAR)

- Is this project claiming a "parking area" exemption as described under Article 3? Y
- Is this project claiming a "ground floor porch" exemption as described under Article 3? Y
- Is this project claiming a "basement" exemption as described under Article 3? Y
- Is this project claiming a "habitable attic" exemption as described under Article 3? Y
- Is a sidewall articulation required for this project? Y
- Does any portion of the structure extend beyond a setback plane? BOA C15-2011-0122 (Y) N

**Parking Area exemption:** Up to 450 square feet of a parking area may be deducted if it is a detached rear parking area that is separated from the principal structure by not less than 10 feet; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width; or a parking area that is open on two or more sides, if: it does not have habitable space above it; and the open sides are clear and unobstructed for at least 80% of the area measured below the top of the wall plate to the finished floor of the carport. Up to 200 square feet may be deducted if it is an attached parking area used to meet the minimum parking requirement; or a garage that is less than 10 feet from the rear of the principal structure, provided that the garage is either detached from the principal structure; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width. An applicant may receive only one 450-square foot exemption per site under Article 3. An applicant who receives a 450-square foot exemption may receive an additional 200-foot exemption for the same site under Article 3, but only for an attached parking area used to meet minimum parking requirements.

**Ground Floor Porch exemption:** A ground floor porch, including a screened porch, may be exempted, provided that the porch is not accessible by automobile and is not connected to a driveway; and the exemption may not exceed 200 square feet if a porch has habitable space or a balcony above it.

**Basement exemption:** A habitable portion of a building that is below grade may be exempted if the habitable portion does not extend beyond the first-story footprint and is below natural or finished grade, whichever is lower; and it is surrounded by natural grade for at least 50% of its perimeter wall area and the finished floor of the first story is not more than three feet above the average elevation at the intersections of the minimum front yard setback line and the side property lines.

**Habitable Attic exemption:** A habitable portion of an attic may be exempted if: 1. The roof above it is not a flat or mansard roof and has a slope of 3 to 12 or greater; 2. It is fully contained within the roof structure; 3. It has only one floor; 4. It does not extend beyond the footprint of the floors below; 5. It is the highest habitable portion of the building, or a section of the building, and adds no additional mass to the structure; and 6. Fifty percent or more of the area has a ceiling height of seven feet or less.

CITY OF AUSTIN – PLANNING AND DEVELOPMENT REVIEW DEPARTMENT  
RESIDENTIAL PLAN REVIEW APPLICATION – MASTER COMMENT REPORT

CASE NUMBER:  
CASE MANAGER: **Darren Cain** PHONE #: **974-9113**  
PROJECT NAME: **3700 LAWTON AVE**  
LOCATION: **Lot: 1 Block: 5 Subdivision: OAKMONT HEIGHTS**

SUBMITTAL DATE: **Thursday, January 12, 2012**  
FINAL REPORT DATE: **January 18, 2012**

**STAFF REPORT:**

This report includes all staff comments received to date concerning your most recent residential application submittal. The comments may include requirements, recommendations, or information. The requirements in this report must be addressed by an updated submittal.

The application will be approved when all requirements from each review discipline have been addressed. However, until this happens, your application is considered disapproved. Additional comments may be generated as a result of information or design changes provided in your update.

If you have any questions, problems, concerns, or if you require additional information about this report, please do not hesitate to contact your case manager at the phone number listed above or by writing to the City of Austin, Planning and Development Review Department, P.O. Box 1088, Austin, Texas 78704.

**UPDATE SUBMITTALS: An update submittal is required. You must make an appointment with the Intake Staff (974-2919) to submit the update. Please bring a copy of this report with you upon submittal to Intake.**

**Please submit 1 copies of the plans and 1 copies of a letter** that address each comment for distribution to the following reviewers. Clearly label information or packets with the reviewer's name that are intended for specific reviewers.

REVIEWERS:  
Darren Cain

**Residential Zoning Review - Darren Cain - 974-9113**

1. The application is up for review at the RDCC slated for January 31, 2012 for a variance to allow an excessive amount of FAR (45.2%).
2. Needs a McMansion review, which can occur concurrently while the application is at RDCC
3. Needs technical review, which will also be done concurrently with the RDCC
4. Where is the driveway?
5. You will need a partial demolition for the addition on the second floor. The roof structure will be altered or coming off

## Application request\* (specify all that apply):

- ☒ Tree removal
- ☐ Development exceeding allowable standards for encroachment in the tree's critical root zone;
- ☐ Removal of more than 30% of a tree's crown.

\* Refer to Land Development Code 25-8 (B)(1) and Environmental Criteria Manual (Section 3, App. F). Applicant understands that all impacts may threaten the health of the tree and that approval of this application does not guarantee favorable tree results.

Address and zip code of property: 3700 LAWTON AVE  
Name of owner or authorized agent: David Canalein  
Building permit number (if applicable): N/A  
Telephone #: 799 2401 Fax #: \_\_\_\_\_ E-mail: David@Permit-Partners.com  
Tree Species: Pecan Tree location on lot: REAR  
Trunk size (in inches) at 4 1/2 feet above ground: circumference (around) 22" or diameter (across) 15"  
General tree condition: ☒ Good / ☐ Fair / ☐ Poor / ☐ Dead  
Reason for request: ADD 2nd story + stairs above existing garage

Owner/ Authorized Agent Signature Date

- o Proposed development projects should include an aerial drawing that includes the location of the tree and planned improvements (e.g. structure, driveway, utility and irrigation lines).
- o This application is reviewed for tree impacts only; not for zoning or other applicable regulations. Payment (\$25 check to the City of Austin) must be made prior to City personnel completing this application. No fee is required for dead or diseased trees.

## Application Determination - To be completed by City Arborist Program Personnel

- ☐ Approved ☐ \*Approved With Conditions ☐ Denied ☐ Statutory Denial (more information required) N/A

Comments This tree is not protected size and does not require a permit.

- FYI, the proposed plan would require either severe canopy pruning or complete removal of the tree. The plan is not recommended if the  
☐ Heritage Tree(s) applicant wishes to preserve the tree.

Conditions of Approval: ☐ None or ☐ As described within Arborist Comments (see above); and

- ☐ Applicant agrees to plant \_\_\_\_\_ caliper inches of container grown City of Austin Appendix F trees on the lot prior to obtaining a final inspection (if applicable). Trees are to have a minimum 2-inch trunk diameter. Examples include Oaks, Cedar Elm, Bald Cypress, Desert Willow, Mountain Laurel, Texas Persimmon, Mexican Plum, etc.
- ☐ Prior to development, applicant agrees to supply a root zone mulch layer and maintain tree protection fencing (chain-link, five-foot in height) throughout the project duration. (ECM 3.5.2)
- ☐ Provide a receipt for remedial tree care and / or any required pruning as performed by a certified arborist.
- ☐ No impacts are permitted within the tree 1/2 Critical Root Zone (ECM 3.5.2), including trenching for utilities.

☐ - ☐ Cathy French (SRB only)

**APPLICANT:** David Cancialosi

**OWNER:** Keri Krupp

**ADDRESS:** 3700 LAWTON AVE

**VARIANCE REQUESTED:** The applicant has requested a variance to decrease the minimum rear yard setback requirement of Section 25-2-492 (D) from 10 feet to 3 feet in order to maintain a first floor garage and erect a second story addition (5 feet from the rear property line) to an existing garage in order to create a two-family residence in an "SF-3", Family Residence zoning district. **GRANTED**

The applicant has requested a variance to decrease the minimum side yard setback requirement of Section 25-2-492 (D) from 5 feet to 4.7 feet along the west property line in order to remodel and erect a second story addition (7 feet from side property line) to an existing garage in order to create a two-family residence in an "SF-3", Family Residence zoning district. **NOT NEEDED**

The applicant has requested a variance to increase the maximum floor to area ratio requirement of Subchapter F; Article 2; Subsection 2.1 from 0.4 to 1.0 to 0.452 to 1 in order to remodel and erect a second story addition to an existing garage in order to create a two-family residence in an "SF-3", Family Residence zoning district. **DENIED**

**BOARD'S DECISION:** Nov 14, 2011 - The public hearing was closed on Board Member Jeff Jack motion to Postpone to November 29, 2011 (special called meeting), Board Member Melissa Hawthorne second on a 7-0 vote; **POSTPONED TO November 29, 2011.**

**BOARD'S DECISION:** Nov 29, 2011 (special called meeting) The public hearing was closed on Board Member Michael Von Ohlen motion to Grant rear yard setback to 3ft, Denied floor to area ratio, Board Member Nora Salinas second on a 7-0 vote; **GRANTED REAR YARD SETBACK TO 3FT AND DENIED FLOOR TO AREA RATIO.**

A1/14

**FINDING:**

1. The Zoning regulations applicable to the property do not allow for a reasonable use because: currently, the CMU constructed garage sits 3' from the rear property line, the design proposes to step in the rear portion of the 2<sup>nd</sup> floor unit so it sits 5' from the rear property line in order to reduce any adverse impact on nearby properties, the rear of the property backs to a 15' public alley, many properties in the vicinity enjoy secondary units, however, this property was built in such a manner that the bulk of useable yard area is located in the front and street side yard areas
2. (a) The hardship for which the variance is requested is unique to the property in that: the lot is a corner lot and addressed to Lawton Street, however, the house faces Lawton Street technically, the front of the lot is West 37<sup>th</sup> St., this creates a unique situation where the rear yard is in reality used as a traditional 5' side yard area but is actually counted as a 10' rear yard area, due to the orientation of the primary and accessory structures within the lot, there is no other location to add viable living space for a growing family  
  
(b) The hardship is not general to the area in which the property is located because: there appears to be only 2 properties in the area where the primary home faces the intersecting street, creating the unique situation
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because: many homes in the neighborhood have 2 family dwelling units, accessory structures, home offices, etc.

Re: 3700 Lawton Ave  
Lot 1, Blk 5, Oakmont Heights

Dear Mr. & Mrs. Krupp,

Austin Energy (AE) has reviewed your application for the above referenced property, requesting to reduce the rear setback adjacent to the alley from 10 ft to 5 ft in order to erect a 2<sup>nd</sup> story garage apartment. Austin Energy has no conflicts with this application as requested and shown on the attached red-stamped sketch.

Thank you for checking with us in advance. Should you have any questions, please feel free to contact me at 322-6587.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lena Lund".

Attn.: Dear Croft or Appropriate Other Residential Inspector

Subject: Engineer's Third Party Construction Inspection Report (Framing) for Residence 2<sup>nd</sup> Floor.  
Addition - 3700 Lawton / Austin, TX  
BP#05000426

Gentlemen:

This letter is to report that in my capacity of Inspecting/Consulting Professional Engineer I have inspected and evaluated and recommended certain strengthening framing to improve structural aspects of the Subject construction supporting the 2<sup>nd</sup> story floor. This letter is my report on framing issues.

A brief summary explanation of what is being built is that a new-construction 2<sup>nd</sup> story Addition is being built above a preexisting brick/tile masonry exterior wall House. The foundation is a perimeter stemwall on 4 sides, with site-cast concrete piers supporting timber beams in the interior.

The upper level Addition was designed to include additional bedrooms/baths and an observation deck with Hot Tub.

The Addition structure features 4x2 factory made timber trusses which were engineer-designed for 100 psf total loads on the observation deck and 60 psf on the interior (second level floors). Framing is structurally competent and code-conforming. Several double-and triple-ply LVL girder beams are visible in both the roof truss structure and in the second level floor structure. All girder reaction loads are transferred to multiple stud columns and into vertical blocks in trusses and onto lower wall and ultimately to lower floors directly above foundation piers. Wall headers and fire blocking carry out code requirements.

By this Third Party Engineer's letter I am advising that all aspects of this upper Addition loading are within framing structural capabilities for the installed construction, and I hereby approve this framing as meeting 2000 IRC requirements. Based on the above report I request your Framing sign-off/acceptance.

Please contact the undersigned for any discussion you may wish.

Sincerely  
Aztec Associates, Inc.

To: david@permit-partners.com

Cc: sarah@bullockmcintyre.com, max.h.krupp@us.army.mil

David,

Here are my signatures (I can bring original to hearing since scanning is kind-of light) and letter of support from Rick Payton. Let me just say, getting signatures is a chore! I walked yesterday and nobody was home. I have close to 30 signatures though. I hope this will suffice. I did speak to Arten w/ neighborhood assn and he was super nice and fully supportive. He said he only received one phone call and it was a neighbor who had absolutely no objections with our addition. He said you could assume everyone was in favor since the association has heard no complaints and me walking the neighborhood received no objections. I'm keeping my fingers crossed & saying a little prayer for tomorrow! Could you let me know what time I should arrive?!

Keri Krupp

October 17, 2011

Dear Friends and Neighbors,

My husband and I are seeking to add a small addition atop our detached garage in order to accommodate our growing family. The previous owner/builder built the house to maximum allowable amount of conditioned space as allowed by the city's McMansion Code. When we bought the house we were assured a second story apartment could be built over the garage without any issues; however, current city zoning codes requires the 2<sup>nd</sup> floor be stepped in 10' from the rear property line/ alley (in our case).

Thus we're seeking a variance on November 14<sup>th</sup> from the city to allow this small addition. We're proposing a 426 square foot above the garage. This addition will be 5' from the rear property line / alley. We feel it will not impact adjacent homes as it will be visually screened from the street by existing mature trees planted along Lawton Avenue. Additionally, we feel the proposed addition is in keeping with many surrounding properties in the neighborhood that also have garage apartments, home offices, and other detached accessory uses. There will be no on-street parking associated with this project.

Our main goal is to continue being a good neighbor. With your support we can show the city of Austin that there is no negative impact by allowing the proposed addition.

If you support our request we ask that you please sign our petition. Your information will not be shared nor will you be contacted or further solicited.

We can't thank you enough for supporting our request!

Keri and Max Krupp

Re: Case Number C15-2011-0122

To Whom It May Concern:

I'm writing this letter in support of Max and Keri Krupp's variance request to build a second story addition over their existing garage. In my opinion, this addition would add value and character to the neighborhood.

I am a local real estate agent and currently own three houses in the Oakmont neighborhood. Most of the houses in this area were built in the 1940's and are now being remodeled and updated by young couples who need more space for their growing families.

Any improvements like this one requested by the Krupp's will only add value to all the properties in our area and enhance the overall appearance of the neighborhood.

Thank you for your consideration of Max and Keri's variance request.

Sincerely,

*Rick Payton*

Comments: I'm growing very tired of  
such requests to further degrade the  
neighborhood with improvements  
which exceed allowable FAR and  
other reasonable limits and setback  
requirements

I want the commission to adamantly  
turn down such requests. Otherwise  
what is the point of Rules?

## **Verbal and/or Written Statements from Surrounding Neighbors of 3700 Lawton Ave**

### **1802 W. 37<sup>th</sup> Street**

Owner – Kim Friedrichs

Tenant – Courtney Cline

*On Friday, February 10<sup>th</sup> at 5:30p.m. I had a lengthy conversation with the owner Kim Friedrichs (phone 512-626-6236) regarding our proposed plans to build a garage apartment next door to her property. She had no objections with the project. We discussed in length the plans, window placement, City of Austin approval process, how current garage structure is out of code but BOA approved setbacks, and intention of use of the addition. We exchanged email addresses and the plans, on stopping by our house next time she's in the area to look at designer drawings.*

*Also on Friday, February 10<sup>th</sup> at 4:30p.m. I spoke to the current tenant of 1802 W. 37<sup>th</sup> Street, Courtney Cline. She has been living at the residence for the past 2+ years. She recently got married and has no plans of moving in the future. We discussed our proposed plans and she had no objections to the project. She signed the neighborhood support petition as well.*

### **1801 W. 38<sup>th</sup> Street**

Owner – Family Trust/Douglas & Barbara Beauchamp

Property Manager – Celia Lombardo, TexCen Realty

Tenant – John (J.D.)

*On Saturday, February 11<sup>th</sup> at 5:30p.m. I spoke to the tenant at 1801 W. 38<sup>th</sup> Street about our proposed plans. He was already made aware a month prior and has no objections. I asked for the name/number of the owner of 1801 W. 38<sup>th</sup> Street and found out that he/she had recently died and now the daughter is in the process of acquiring the property. Tenant only had Property Manager name/number to provide. I called and left message with Property Manager as well as emailed her on February 12<sup>th</sup> at 3:30p.m.*

### **3705 Lawton Ave**

Owners – Philip & Sarah Condra

*On Saturday, February 11<sup>th</sup> at 1:00p.m. I spoke to owners of 3705 Lawton Avenue. I had originally gone to their house in November 2011 to discuss in length our proposed plans, drawings, etc. They have absolutely no objections to the project. Owners have signed neighborhood support petition and will personally deliver the support documentation from RDCC mailing or will mail directly to RDCC.*

A1  
59

**3703 Lawton Ave**

Owners – Ajeet & Sarah Pai

*In November & December 2011 I had numerous conversations with the owners of 3703 Lawton Avenue about our proposed plans to build garage apartment. They have no objections to the project and have signed the neighborhood support petition.*

**3701 Lawton Ave**

Owners – Mejon & Cherise Smith

*In November of 2011 I discussed our proposed project plans with the owners of 3701 Lawton Avenue. They have no objections to the project and also signed the neighborhood support petition.*

**1804 W. 37<sup>th</sup> Street**

Owners – John Bello & Ameli Agboden

*In November of 2011 I discussed our proposed project plans with the owners of 1804 W. 37<sup>th</sup> Street. They have no objections to the project and fully support us. They signed the neighborhood support petition as well.*

Celia,

I got your name/number from the tenant at 1801 W. 38th Street. I live directly south across the alley from that specific property. We are currently in the process with the City of Austin to build a garage apartment on our detached garage. I thought it would be considerate to speak to the owners at 1801 W. 38th Street beforehand. The City of Austin is very pro-neighborhood and they really want applicants to reach out to their neighbors for any support/opposition to the project. The owners of 1801 W. 38th Street should've received mailing from the City with all the information pertaining to our project. Would it be possible for me to get their phone number from you so I can speak to them directly? Otherwise, they can always give me a call at (512) 695-7941 with any questions they may have.

Thank you for your time,

Keri Krupp

Hi Kim:

I wanted to thank you for taking the time to chat on Friday about our "proposed" plan to build a garage apartment. I felt it necessary to have your blessing since our property is directly adjacent to yours. Sorry if I missed you today, Kline and I were out running errands in the morning hours. I would be more than happy to email you any drawings or answer any questions you may have.

Thanks again for your time,

Keri Krupp

Comments:

I completely support this. It can  
only increase neighborhood values and  
it's the right thing to do.

The owner of this property sacrifices  
everything for our country as a proud member  
of our military. This is the least we can do  
to approve this variance so they do not have  
to move out of their home.
