Dear Resident,

This letter is to inform you that construction for the North Acres Wastewater Annexation program is expected to begin in 2012. While there will be no direct construction impact to your neighborhood, the construction team will have a staging area near you at Pioneer Farms. This means that they will be storing equipment and supplies there.

When construction begins you may notice increased truck traffic in and out of the area delivering and removing supplies and equipment. We will notify you again as construction on the project nears.

If you have questions related to the project and related work please call the hotline at 512/684-3232.

Sincerely,

A handwritten signature in black ink, appearing to read "Connie Smith", written over a horizontal line.

Connie Smith, Project Manager
