MacMora and the City may be referred to jointly as Parties or singly as Party" in this Agreement.

#### **RECITALS**

1. On August 23, 2001, MacMora filed an application for a consolidated site plan for the construction of single and duplex condominium housing units on property described in Exhibit A, which is attached hereto and incorporated herein ("the Property").
2. On April 28, 2011, the City approved Site Plan No SP-2007-0479C, authorizing the construction of a condominium development, which will include 20 single unit detached condominiums and 4 duplex condominium buildings, drives, water quality, and drainage ponds, and infrastructure on 2.37 acres. ("the Project"). Portions of the Project, including all infrastructure improvements, have been completed.
3. MacMora desires to obtain buyers for the condominiums, realizing that due to the current economical conditions, it could take 5 years and 4 months to construct all units.

NOW, THEREFORE, for and in consideration of the mutual covenants, and conditions contained in this Agreement, and other good and valuable consideration, the City and MacMora agree as follows:

#### **A R T I C L E   I** **PURPOSE & LEGAL AUTHORITY**

##### **Section 1.01          Purpose.**

The purpose of this Agreement is to provide certainty that the Project will not be required to undergo design changes as a result of changes to City regulations over a long period of time required for MacMora to obtain buyers and complete the Project in phases.

##### **Section 1.02          Legal Authority.**

Section 25-1-540 of the City Code authorizes the execution of managed growth agreements for planning and developing large projects, long term projects, or any

project having special benefits that are in the public interest. The Project is a large project comprised of 24 buildings with 28 condominium units and a long term project.

### **Section 1.03            Expiration Date**

Section 25-1-540 provides that a managed growth agreement may specify the time period during which a project may comply with the regulations in effect when the first application for the project is filed and establish an expiration date for each application necessary to complete the project. By Resolution No. \_\_\_\_\_, the City Council directed that the expiration date is to be August 23, 2017.

### **Section 2.02            Revisions to the Site Plan; Change in Ownership**

Minor revisions to the Project shall be permitted in accordance with the City Code and City regulations. This Agreement does not abridge the rights of MacMora or its successors (including homebuilders who acquire one or more condominium units for resale to third parties) to sell and convey condominium units within the Project. However, if, without the City's written consent, title to the remaining unsold inventory of condominium units within the Project is conveyed or assumed by an entity other than MacMora, or an entity that directly or indirectly controls, is controlled by, or is under common control with MacMora, the City Manager may terminate the rights granted under this Agreement to develop the Project under Original Regulations, in which case the Project and Site Plan No. SP-2007-0479C will expire on its original expiration date of April 28, 2012.
