Dear Susan
Would you pass this on to the BOAD?
Thanks,
Jean

Board of Adjustment
Austin, Texas

Dear Board Members:

The SRCC Zoning Committee met today, 5/17/12, with Melissa Schenker for the second time to see if there were any changes from our last review. There were no changes. Ms Schenker has not added any structures or impervious cover since her acquisition of the property. We see no reason to change our support for the variance. We are disappointed that it wasn't included with the previous request.

Jean Mather, Chair
SRCC Zoning Committee
