The staff is recommending a twenty five foot (25') front setback adjacent to West Avenue which the applicant is not in agreement with. The applicant is requesting a five foot (5') front setback adjacent to West Avenue. The Original Austin Neighborhood Association is supporting the request by Austin Community College. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

RE: Rezoning of ACC – Rio Grande Campus

Dear Mr. Mullane:

The Original Austin Neighborhood Association (OANA) Board of Directors met at its regularly scheduled monthly meeting yesterday and discussed your Rio Grande Campus plan. I've organized our response into three sections: zoning, setbacks and compatibility. Here it is:

Zoning

We thank you for working with OANA over the last 3 years. We appreciate the opportunities we've had to discuss your plans and to provide input. We anticipate that you will be submitting a request to rezone nine (9) parcels of land in connection with your Rio Grande Campus plan. Our understanding of your zoning change requests is as follows:

1204 West Ave	from LO, MF-4, CS	to DMU
1206 West Ave	from LO, MF-4	to DMU
1215½ West Ave	from UNZ	to DMU
1218 West Ave	from SF-3, P	to DMU
1212 Rio Grande St	from UNZ-H	to DMU-H
1216 Rio Grande St	from UNZ	to DMU
1209 Rio Grande St	from GO	to DMU
1215 Rio Grande St	from GO	to DMU
605 West 13 th St	from LR-CO	to DMU

With regard to these zoning requests, we support all them, subject to the following conditions:

1. Height: We support your effort to accommodate an increasing number of students and we support the Downtown Austin Plan's (DAP) recommendations regarding building height. The condition we proposed is to restrict height to 60' on the 8 properties other than 1216 Rio Grande Street. We support the current (pre-DAP) DMU height limit of 120' on 1216 Rio Grande Street.

2. Uses: The condition we propose is that the following potential uses of the property be prohibited:

-Automotive Repair Services	-Automotive Sales	-Automotive Washing
-Bail Bond Services	-Counseling Services	-Drop-Off Recycling Collection Facility
-Exterminating Services	-Funeral Services	-Financial Services
-Guidance Services	-Local Utility Services	-Outdoor Entertainment
-Pawn Shop Services	-Residential Treatment	-Telecommunications Tower

- Restaurant (Drive-in) -Service Station
-and any use requiring an outdoor music permit

C16
12

3. Great Streets: The condition we proposed is that any and all development on each property shall include participation in the Austin Great Streets Program.

Setback requirements

The street right-of-way for West Avenue is 80' with a pavement width of 40'. This provides for 20' of open space between the curb and the property line on each side of the street. In addition, the Downtown Austin Plan requires an additional 25' of building setback on the west side of West Avenue and an additional 10' of setback on the east side of West Avenue, for a total distance from the curb to any proposed building of 45' on the west side and 30' on the east side of the street, as shown on the Street front Setback Requirements Map. We understand that you will be requesting a modification to the Northwest District Street Front Setback Requirements as follows:

1204 West Ave	from 25 feet setback	to 5 feet setback or 25-feet from curb
1206 West Ave	from 25 feet setback	to 5 feet setback or 25-feet from curb
1218 West Ave	from 25 feet setback	to 5 feet setback or 25-feet from curb

We support these requests for changes in the setback requirements because they will benefit pedestrians and allow for more effective utilization of the properties.

Compatibility

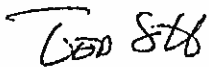

The Proposed Downtown Compatibility Zones and Standards provide for maximum height limitations that will affect your property because of the incorrect SF-3 Zoning that currently exists on the House Park property. We understand that you will be requesting a waiver to the Downtown Compatibility standards to eliminate the height limitations in relation to any parcel zoned or designated use as single-family. The waiver will only apply to Block 153.

OANA simply obscures that the House Park property is incorrectly zoned and that this mistake should be corrected. Therefore, **OANA recommends that the City of Austin correct the zoning on the House Park property by changing it to P-Public**, which would remove 'compatibility' as an issue.

As stated and conditioned above, OANA supports Austin Community College's rezoning request, and looks forward to the proposed improvements of the Rio Grande Campus. If we need to provide support by attending a Planning Commission meeting or City Council meeting, let us know when the meeting(s) will be and we will have one of our representatives present.
