Additional Backup Information

The 1999 interlocal agreement regarding the same matter is currently between the City and the Texas Department of Transportation. A new interlocal agreement between the City and the Texas Department of Motor Vehicle (TxDMV) is now necessary to continue purchasing motor vehicle title and registration information, since the TxDMV took over the responsibility for maintaining this information from the Texas Department of Transportation and controls access to the vehicle title and registration database. The agreement is effective immediately upon execution by both parties. During the last fiscal year, the Municipal Court made about 58,000 requests for a total cost of \$8,156 dollars.
