Additional Backup Information

This amendment was initiated by the Planning Commission.

The amendment proposes a revision to City Code modifying existing Rainey Street subdistrict regulations to encourage relocating historically significant buildings to appropriate locations outside of the subdistrict in lieu of demolishing them. Relocation of the historically significant buildings and their adaptive reuse is preferred over demolition as it allows for continued productive use of these resources, meets sustainability goals, reduces the amount of building materials being sent to landfills, and allows the buildings to serve as compatible in-fill in other neighborhoods.

Staff recommends approval of this amendment.
