SUBDIVISION REVIEW SHEET

CASE NO.: C8-2012-0093.0A

PC DATE: February 26, 2013
February 12, 2013

SUBDIVISION NAME: Resubdivision of Lots 4 and 5, Zilker Hills

AREA: 0.796 acre

LOT(S): 4

OWNER/APPLICANT: 2101 Rabb Glen, LLC
(Scott Turner)

AGENT: Axiom Engineers, Inc.
(Alan Rhames)

ADDRESS OF SUBDIVISION: 2010 Rabb Glen Street

GRIDS: G20

COUNTY: Travis

WATERSHED: West Bouldin Creek

JURISDICTION: Full

EXISTING ZONING: SF-3

NEIGHBORHOOD PLAN: Zilker (Underway)

PROPOSED LAND USE: Single-Family

VARIANCES: A variance to section 25-4-175 to allow a residential flag lot(s) has been requested. The applicant is proposing two residential flag lots with this application. The applicant has obtained approval from the Fire Department to verify accessibility for emergency responders, approval from the Austin Water Utility, Austin Energy, and the City Arborist to verify there is adequate room for the required utilities and enhanced tree protection on the site. It is the Staff's opinion that the proposed subdivision is compatible with the surrounding development, and is consistent with the existing duplex lots surrounding this site. These 4 lots will be accessed by a Joint Use Access Drive which keeps from adding multiple drives onto the street. It should also be noted that there are no known deed restrictions on the site, and a note has been added that requires all addresses for residential lots utilizing a flag lot design must be displayed at their closest point of access to a public street for emergency responders. Because the application meets the flag lot criteria as required by the Land Development Code, the Staff recommends approval of the variance. **RECOMMENDED.**

SIDEWALKS: Sidewalk is required.

DEPARTMENT COMMENTS: The applicant is proposing to resubdivide two lots into four lots all located on the 0.796 acre site. Two of the proposed lots are flag lots which require a variance.

C9/2

STAFF RECOMMENDATION: If the variance is approved, the staff recommends approval of the plat. With variance approval, this plat will meet all applicable State and City of Austin LDC requirements.

PLANNING COMMISSION ACTION: Postponed to 2/26/13 (7-0-1, D. Anderson recused).

NOTE

0. NO BUILDINGS, FENCES, LANDSCAPING OR OTHER OBSTRUCTIONS ARE PERMITTED IN DRAINAGE EASEMENTS EXCEPT AS APPROVED BY THE CITY OF AUSTIN.
2. ALL DRAINAGE EASEMENTS ON PRIVATE PROPERTY SHALL BE MAINTAINED BY THE PROPERTY OWNER OR ASSIGNEE.
3. PROPERTY OWNERS SHALL PROVIDE FOR ACCESS TO DRAINAGE EASEMENTS AS MAY BE NECESSARY AND SHALL NOT PROHIBIT ACCESS BY GOVERNMENTAL AUTHORITIES.
4. EROSION/SEDIMENTATION CONTROLS ARE REQUIRED FOR ALL CONSTRUCTION ON EACH LOT, PURSUANT TO THE LDC AND THE ENVIRONMENTAL CRITERIA MANUAL.
5. THE OWNER/DEVELOPER OF THIS SUBDIVISION/LOT SHALL PROVIDE AUSTIN ENERGY WITH ANY EASEMENT AND/OR ACCESS REQUIRED IN ADDITION TO THOSE DESIGNATED FOR THE INSTALLATION AND Ongoing MAINTENANCE OF OVERHEAD AND UNDERGROUND ELECTRIC FACILITIES. THESE EASEMENTS AND/OR ACCESS ARE REQUIRED TO PROVIDE SUSTAINING SERVICE TO THE BUILDING AND WILL NOT BE LOCATED SO AS TO CAUSE THE SITE TO BE OUT OF COMPLIANCE WITH CHAPTER 25-6 OF THE AUSTIN LAND DEVELOPMENT CODE.
6. AUSTIN ENERGY HAS THE RIGHT TO PRUNE AND/OR REMOVE TREES, SHRUBBERY, AND OTHER OBSTRUCTIONS TO THE EXTENT NECESSARY TO KEEP THE EASEMENTS CLEAR. AUSTIN ENERGY WILL PERFORM ALL TREE WORK IN COMPLIANCE WITH CHAPTER 25-6, SUBCHAPTER B OF THE CITY OF AUSTIN LAND DEVELOPMENT CODE.
7. THE OWNER SHALL BE RESPONSIBLE FOR INSTALLATION OF TEMPORARY EROSION CONTROL, REVEGETATION AND TREE PROTECTION MEASURES NECESSARY TO PROTECT EXISTING TREES AND SHRUBBERY AND THE ROADWAY THAT IS WITHIN TEN FEET OF THE CENTER LINE OF THE PROPOSED OVERGROUND ELECTRICAL FACILITIES DESIGNED TO PROVIDE ELECTRIC SERVICE TO THIS PROJECT. THE OWNER SHALL INCLUDE AUSTIN ENERGY'S WORK WITHIN THE LIMITS OF CONSTRUCTION FOR THIS PROJECT.
8. RELOCATION OF ELECTRIC FACILITIES REQUESTED BY OWNER SHALL BE AT OWNER'S EXPENSE.
9. NO LOT WILL BE OCCUPIED UNTIL THE STRUCTURE IS CONNECTED TO THE CITY OF AUSTIN WATER UTILITY SYSTEM AND TO THE CITY OF AUSTIN WASTEWATER SYSTEM.
10. WATER AND WASTEWATER SYSTEMS SERVING THIS SUBDIVISION SHALL BE DESIGNED AND INSTALLED IN ACCORDANCE WITH THE CITY OF AUSTIN PLANS AND SPECIFICATIONS. PLANS AND SPECIFICATIONS SHALL BE SUBMITTED TO THE CITY OF AUSTIN WATER UTILITY FOR REVIEW. THE WATER AND WASTEWATER CONSTRUCTION MUST BE INSPECTED BY THE CITY.
11. WITH THE EXCEPTION OF THE FRONT BUILDING SETBACK LINES SHOWN HEREON FOR LOTS 2.5 AND 4, BUILDING SETBACK LINES SHALL BE IN CONFORMANCE WITH THE CITY OF AUSTIN ZONING ORDINANCE REQUIREMENTS.
12. THE OWNER OF THIS SUBDIVISION, AND HIS OR HER SUCCESSORS AND ASSIGNS, ASSUMES RESPONSIBILITY FOR PLANS FOR CONSTRUCTION OF THE SUBDIVISION IMPROVEMENTS WHICH COMPLY WITH APPLICABLE CODES AND REQUIREMENTS OF THE CITY OF AUSTIN. THE OWNER UNDERSTANDS AND ACKNOWLEDGES THAT PLAT VARIATION OR REPLACING MAY BE REQUIRED, AT THE OWNER'S SOLE EXPENSE, IF PLANS TO CONSTRUCT IN THIS SUBDIVISION DO NOT COMPLY WITH SUCH CODES AND REQUIREMENTS.
13. PRIOR TO CONSTRUCTION, EXCEPT DETACHED SINGLE FAMILY ON ANY LOT IN THIS SUBDIVISION, A SITE DEVELOPMENT PERMIT MUST BE OBTAINED FROM THE CITY OF AUSTIN.
14. FOR A MINIMUM TRAVEL DISTANCE OF 25 FEET FROM THE ROADWAY EDGE, DRIVEWAY GRADES MAY EXCEED 14% ONLY WITH SPECIFIC APPROVAL OF SURFACE AND GEOTECHNICAL DESIGN PROPOSALS BY THE CITY OF AUSTIN.
15. ALL STREETS, DRAINAGE, SIDEWALKS, EROSION CONTROL, AND WATER AND WASTEWATER LINES ARE REQUIRED TO BE CONSTRUCTED AND INSTALLED TO CITY OF AUSTIN STANDARDS.
16. BY APPROVING THIS PLAT, THE CITY OF AUSTIN ASSUMES NO OBLIGATION TO CONSTRUCT ANY INFRASTRUCTURE IN CONNECTION WITH THIS SUBDIVISION. ANY SUBDIVISION INFRASTRUCTURE REQUIRED FOR THE DEVELOPMENT OF THE LOTS MUST BE SUBMITTED TO THE CITY OF AUSTIN FOR REVIEW AND APPROVAL BY THE CITY OF AUSTIN. FAILURE TO CONSTRUCT ANY REQUIRED INFRASTRUCTURE TO CITY STANDARDS MAY BE JUST CAUSE FOR THE CITY TO DENY APPLICATIONS FOR CERTAIN DEVELOPMENT, INCLUDING BUILDING PERMITS, SITE PLAN APPROVALS, AND/OR CERTIFICATES OF OCCUPANCY.
17. ALL RESTRICTIONS AND NOTES FROM THE PREVIOUS EXISTING SUBDIVISION, ZILBER HILLS, SHALL APPLY TO THIS REDEVELOPMENT PLAT.
18. PUBLIC SIDEWALKS, BUILT TO CITY OF AUSTIN STANDARDS, ARE REQUIRED ALONG THE FOLLOWING STREETS AND AS SHOWN BY A DOTTED LINE ON THE BACK OF THE PLAT: NORTH SIDE OF RAINE CLERK. THESE SIDEWALKS SHALL BE IN PLACE PRIOR TO THE LOTS BEING OCCUPIED. FAILURE TO CONSTRUCT THE REQUIRED SIDEWALKS MAY RESULT IN THE WITHDRAWING OF CERTIFICATES OF OCCUPANCY, BUILDING PERMITS, ON UTILITY CONNECTIONS BY THE GOVERNING BODY OR UTILITY COMPANY.
19. THE MAINTENANCE AGREEMENT FOR THE JOINT USE ACCESS PRIVATE EASEMENT SHOWN HEREON IS RECORDED IN DOCUMENT NO. _____.
20. NO GROUND SLOPES IN EXCESS OF 10% EXIST WITHIN THIS SUBDIVISION.

Austin, Texas 78767

Re: Resubdivision of Lots 4 and 5, Zilker Hills Subdivision
Lot Width Variance Request

Dear Director:

On behalf of the owner of the above referenced project, we wish to respectfully request a variance to the following provision of the Zoning Code of the City of Austin:

Section 25-4-175, Site Flag Lots

We are proposing to redevelop two existing SF-3 residential lots into four SF-3 residential lots, including two flag lots. The subject development will occupy approximately 0.80 acre of land fronting on Rabb Glen Street in south central Austin. The property currently exists as two platted legal lots. The project is located just east of the intersection of Rabb Glen Road and Ann Arbor Road about a quarter mile due north of the intersection of Lamar Boulevard and Bluebonnet Lane. A large 1950's single story home, a detached garage, two storage sheds and associated driveways, sidewalks, and patios currently occupy the property. All of the existing improvements on the site will be removed to allow for construction of the new development.

The project lies in the West Bouldin Creek watershed, an Urban watershed. According to the City of Austin GIS database, the project lies just east of the Edwards Aquifer zone and therefore lies outside of both the Edwards Aquifer recharge and contributing zones. Zoning suitable to the proposed development (SF-3) is currently in place. In addition, an existing plat note limits overall gross impervious cover limit to 35 percent, 10 percent less than would typically be allowed under SF-3 zoning. No private covenants and/or deed restrictions currently burden the property.

Overall, the site area is sufficient to allow the development of four lots. The relatively deep and narrow shape of the property, however, does not allow four typical lots that are a minimum of 50 feet wide. We are therefore proposing two flag lots to provide access to the developable land at the rear (north side) of the property, including adequate access for emergency responders.

The owner wishes to retain numerous mature trees on the property, generally Live Oaks and Pecans, some of which are Heritage trees. Combined with the 35% impervious cover limitation, the somewhat irregular shape of the property and the relative location of the trees on and around the property make configuring the proposed lots difficult.

Prior to submittal, the owner collaborated extensively with the Zilker Neighborhood Association and surrounding neighbors to explore various options for the subject tract. An email from the ZNA is attached for reference. After various options were evaluated, the proposed four lot configuration was chosen because it best fits the needs of stakeholders, including the neighborhood and the community, while accommodating the constraints of the site. The back (non-flag) portions of the flag lots, at just above the minimum SF-3 lot size requirement, allow for the construction of two modestly sized single family homes, which offer more flexible placement around the trees and also meet the needs of families wishing to live near Zilker Elementary. The two street fronting lots allow for the construction of a duplex on each lot.

Duplex units like these are significantly less expensive than a new single family home on a comparably sized lot.

A common driveway for the use of all four lots is proposed that facilitates off-street parking, another goal of the neighborhood association, with the driveway and lot lines skewed to allow a large Live Oak tree to be retained. The private on-site water and sewer plumbing lines have been aligned such that they will not lie under the common driveway pavement while remaining within the flag widths of 15.0 and 16.5 feet respectively. The common driveway alignment and proposed utility locations have been reviewed and approved by both Keith Mars on behalf of the City arborist as well as Lonnie Robinson, P.E. on behalf of the Austin Water Utility.

Existing duplexes built from the 1950's to the 1980's surround the property on all sides, some of which have been converted to condominium units. This use is compatible with the duplex use on the proposed front lots. In addition, there are multiple flag lot developments in the neighborhood. A TCAD tax map of the immediate surrounding area is attached for reference. Note that the smallest proposed lot (No. 3 @ 0.18 acre) is larger than any of the eight existing lots located directly across the street on the south side of Rabb Glen. Based on the surrounding existing land uses, we believe that the proposed development is compatible with the surrounding neighborhood.

In summary, the proposed lot configuration will allow for the following:

1. Adequate accessibility for emergency responders will be provided for each home.
2. Adequate room is available to allow installation of on-site plumbing lines outside of the proposed common driveway pavement.
3. Allows numerous trees on the property to be retained. The configuration also allows the site to be constructed under the more-restrictive 35% gross impervious cover limitation.
4. The project is compatible with the surrounding area and was designed in cooperation with both the neighborhood and the community.

We appreciate your consideration of our request. If you have any questions, please feel free to call.

Very truly yours,

Axiom Engineers Inc.

Alan D. Rhames, P.E.

Subject: C8-2012-0093.0A - 2010 Rabb Glen Street

Planning Commission Members:

Regarding case C8-2012-0093.0A, the executive committee of the Zilker Neighborhood Association is not opposed to the resubdivision proposed for 2010 Rabb Glen, with two lots large enough for duplexes on the street and two smaller, single-family flag lots behind them.

ZNA continues to have serious concerns regarding flag lots, but we would like to express our appreciation to the Planning Commission members who reviewed and revised the previous flag lot regulations. Because of that Commission's work, the resubdivision before you tonight is significantly more compatible with the surrounding homes than it would have been two years ago.

Thank you for your service.

Respectfully,

David King

C9/a

Hello Mr. Guernsey and all,

I would like to clarify the neighborhood's engagement with Mr. Turner regarding this case.

Mr. Turner met three times with the ZNA Executive Committee and Zoning Committee, solicited feedback, and adjusted his site plan accordingly. Given the specific constraints of this lot, Mr. Turner went through several productive discussions with us, emphasizing his desire to retain existing trees, respect neighborhood compatibility, and work within the deed restricted impervious cover limitations.

The Zilker Neighborhood Association does not have a voting position on Mr. Turner's application. It is our policy to only vote on applications as they are presented before city boards and committees, minimizing confusion among all parties. Given the circumstances of this application, we had not gotten to the point where a voting position would typically happen.

ZNA appreciates developers who engage with us in advance, as Mr. Turner has done. If you have any further questions about this matter, do not hesitate to contact me.

Regards,
Andy Elder
ZNA President

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

Commission is required to approve the subdivision by State law if no variances are required, and if it meets all requirements. A board or commission's decision on a subdivision may only be appealed if it involves an environmental variance. A variance may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision. A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Comments:

I have lived at this address

for 53 years, I own the property at 101 Deween St and 3000 N. Arthur For a great number of years. I am a great 88 year old. I am very much against changing the area plan for better side and the 3000 school area. I do not believe it is with best interest to change the area plan.

George W. Blankenship

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

Commission is required to approve the subdivision by State law if no variances are required, and if it meets all requirements. A board or commission's decision on a subdivision may only be appealed if it involves an environmental variance. A variance may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision. A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Comments:

The main reason I bought my property was it backed up to a single family home on a large lot. To survive and build 4 houses would destroy some of the character of the property & goodness of property. This would eliminate the main reason for purchasing my property. I am opposed to the zoning change.

Comments: This is a quiet neighborhood,

adjacent to a school, that doesn't need the density of doubling up of houses on a single lot - or two lots. This one is already dense enough and there is already parking on the streets. If this variance is allowed others will try to follow as it'll has already started in the neighborhood. A precedent set will allow even more attempts to over-run one neighborhood.
