- 3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
- 4. According to flood plain maps, there is no flood plain within the project area.
- 5. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
- 6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Re: C14-2013-003 2700 Nueces

Dear Mr. Patterson;

Melissa Neslund, of Bury +Partners, representing the owners and Lessee of a 718 sq ft space at 2700 Nueces met with University Area Partners (UAP) at its regular meeting in February to solicit support for a zoning change to allow liquor sales in this small retail space. UAP voted to support the zoning change provided the two nearby sororities agreed with the zoning change. Additionally, UAP required the applicant to agree to a Conditional Overlay (CO) equal to the one issued for 709 W. 22nd Street (ordinance 20091210-058). I understand that this information has been provided to you and that the applicant has agreed to this CO.

UAP has been provided the required confirmation of support by these two sororities and with the applicant's acceptance of the CO; UAP therefore requests that you inform the Planning Commission and City Council of the neighborhood association's support for the proposed change.

Sincerely/

Michael R. McHone, vlce- president

Hello Taylor and Lauren,

I understand each of you represent your respective sororities as President. I'm reaching out to provide some information regarding a rezoning request our office submitted for a building within close proximity to your sorority houses. We represent the owner of 2700 Nueces who is seeking a rezone to an approximate 715 square foot portion of the building to allow for a liquor store to develop next to the existing Nueces Food Mart. An aerial map showing the respective location of the store within the existing building is attached along with a street view exhibit.

We met with the University Area Partners Neighborhood Association yesterday at their monthly meeting, and they recommended we reach out to you all to advise of the zoning submittal and hopefully obtain your support for the request. The meeting was favorable and the members present appeared to not have any issues with this use in the location given the mixed use nature of the area and building, adequate parking, walkable, etc. The police officers present at the meeting also did not have an issue with the request. Furthermore, we agreed to

prohibit uses through a conditional overlay on the zoning that the neighborhood has negotiated in past similar zoning cases.

My client, Marty Timmerman of Stream Realty, are happy to meet with you to provide more information or discuss this in detail if you have questions.

We'd respectfully ask for your support so we can proceed to the next step of the process which is Planning Commission. We are hoping to make the March 12th meeting which would require coordination with UAP in advance to obtain a letter of support.

We look forward to hearing back from you.

Clark,

Please see additional support below for the rezone. Can you please ensure the three emails are included as support in the backup? Also, Mike McHone will be drafting a letter of support on behalf of the NA as well. He was waiting on feedback from this sorority before doing so.

Onward...

- (B) In any base zoning district, a hotel-motel use, a multifamily use, or a group residential use is permitted.
 - (C) This subsection applies to a multifamily residential use.
- (1) Each building must achieve at least a one star rating under the Austin Green Building program.

 - (1) The hotel-motel use must be located on property that:
- (a) has frontage on Martin Luther King, Jr. Blvd. and is located between Pearl Street and Guadalupe Street; or
- (b) has frontage on Guadalupe Street and is located between 22nd Street and Martin Luther King, Jr. Blvd.
- (2) The maximum height must be no greater than 85 feet, unless a greater height is allowed under Appendix C (*University Neighborhood Overlay District Boundaries*, Subdistrict Boundaries, and Height Limits) of this chapter.
- (3) If a new hotel-motel use includes, shares, or incorporates adjacent existing property, then both the new hotel-motel use and the adjacent property must be:
 - (a) included in a single site plan; and
- (b) compliant with the streetscape requirements in Section <u>25-2-760</u> (*Streetscape Improvements*).
- (4) The hotel-motel use must comply with the affordability requirements for multi-family housing under Section <u>25-2-765</u> (*Affordable Housing*), with each square foot of net rentable floor area counted towards the fee provided for under Subsection (B) of that section.
