MBE / WBE:	This contract will be awarded in compliance with City Code Chapter 2-9D (Minority-Owned and Women-Owned Business Enterprise Procurement Program). No subcontracting opportunities were identified; therefore, no goals were established for this solicitation.
------------	--

## Additional Backup Information

This contract is for the purchase of three Flygt Submersible Pumps for lift station # 123, located at Four Points Center. These pumps are necessary to provide capacity for anticipated growth in the collection system service area. The relief of this lift station is not scheduled for at least twenty years.

This lift station currently uses the Flygt pump proprietary rail design and discharge configuration. A sole source is requested so that these pumps can be placed without reconfiguration of the lift station to accommodate a different configuration. Xylem Water Solutions USA, Inc, Carrollton, TX is the sole manufacturer and distributor for Flygt Submersible Pumps & Mixers and the sole provider of factory authorized parts and service for these products in the South Central Texas area.
