Commissioners,

Please accept this email as a request for postponement to the above referenced case to July 16th. This request for the second postponement is respectfully requested so that my client can finalize a survey of the property and to allow for continued meetings with the neighborhood group. It was our intent to have the survey finalized prior to this hearing date and have the ensuing discussions with the neighborhood following the clarification of surveying matters. We apologize for any inconvenience this may cause upon the neighborhood, staff and Commission.

Commissioners,

After much discussion with my client, I have convinced him to allow for the case to be withdrawn. It is counter-productive to move this case forward without the requisite surveying information and without meeting with the neighbors which has been my expressed goal since we met with the neighbors in October. To save everyone's time and energy, we are, with this email, withdrawing this case and will reassess the situation at a later date to move forward in some fashion.
