

BOARD/COMMISSION RECOMMENDATION

Electric Utility Commission

Recommendation No. 20130520-029

Analysis of installing additional natural gas generators

The Electric Utility Commission recommends that the City Council request the City Manager to develop an analysis of the feasibility of installing combined cycle natural gas generators on the land at the Decker facility that is not now currently used and was formerly used for oil storage tanks.

Date of Approval: May 20, 2013

Record of the vote: Unanimously approved by the Electric Utility Commission on a vote of 7-0.

Attest:

Toye Goodson, Staff Liaison
