TOTAL CIRCULATION	385,314	385,314	365,765	5								

~The Howson Branch closed May 18, 2009 for renovations. Re-opened April 10, 2010.

<sup>x</sup>Beginning Fiscal Year 2009-2010 AHC no longer reports Internet statistics. AHC computers are now used for reference database searches only.

<sup>⊕</sup>Gardner-Betts circulation statistics for October through November of 2009 were low due to new materials (without call-number spine labels) not being included in the total count. The situation has been addressed and December 2009 (and later) circulation figures reflect all materials.

<sup>⊗</sup>Lower resident population at Gardner-Betts coupled with low staffing to track circulation statistics resulted in reduced circulation count beginning in July 2010.

<sup>⊠</sup>Gardner-Betts circulation figures are counted from the Leadership and Detention Centers. During August the teachers did not work at the Detention Center. No circulation statistics were collected for the Detention Center during August 2010. During September the circulation statistics for the Detention Center were unable to be collected (teacher had unforeseen absences). Circulation figures for the Detention Center are estimates for September 2010.

<sup>☆</sup>Beginning October 2010 Windsor Park Branch (AWP) discovered that the 3M door counter was working improperly. Until the maintenance contract is reinstated, AWP will estimate door counts based on prior statistics.

<sup>▲</sup>The Twin Oaks Branch closed June 1, 2010 to prepare for opening in the newly constructed library building. Re-opened August 21, 2010.

~The Howson Branch closed May 18, 2009 for renovations. Re-opened April 10, 2010.

↗Beginning Fiscal Year 2009-2010 AHC no longer reports Internet statistics. AHC computers are now used for reference database searches only.

The door counter at the 9th Street entrance for AHC was damaged on January 22, 2011 and not repaired until February 9, 2011; the customer count was estimated for the dates that the counter was not operating.

⊖Gardner-Betts circulation statistics for October through November of 2009 were low due to new materials (without call-number spine labels) not being included in the total count. The situation has been addressed and December 2009 (and later) circulation figures reflect all materials.

⊗Lower resident population at Gardner-Betts coupled with low staffing to track circulation statistics resulted in reduced circulation count beginning in July 2010.

⊠Gardner-Betts circulation figures are counted from the Leadership and Detention Centers. During August the teachers did not work at the Detention Center. No circulation statistics were collected for the Detention Center during August 2010. During September the circulation statistics for the Detention Center were unable to be collected (teacher had unforeseen absences). Circulation figures for the Detention Center are estimates for September 2010. During the last two weeks in December 2010 the teachers did not work at the Detention Center and no circulation statistics were collected for the Detention Center during that time.

✧Beginning October 2010 Windsor Park Branch (AWP) discovered that the 3M door counter was working improperly. AWP estimated customer counts based on prior statistics. In December 2010 the door counter was replaced with a backup counter and is now working.

▲The Twin Oaks Branch closed June 1, 2010 to prepare for opening in the newly constructed library building. Re-opened August 21, 2010.

↔The Southeast Austin Community Branch closed December 6, 2010 for renovations.

~The Howson Branch closed May 18, 2009 for renovations. Re-opened April 10, 2010.

↗Beginning Fiscal Year 2009-2010 AHC no longer reports Internet statistics. AHC computers are now used for reference database searches only.

The door counter at the 9th Street entrance for AHC was damaged on January 22, 2011 and not repaired until February 9, 2011; the customer count was estimated for the dates that the counter was not operating.

⊖Gardner-Betts circulation statistics for October through November of 2009 were low due to new materials (without call-number spine labels) not being included in the total count. The situation has been addressed and December 2009 (and later) circulation figures reflect all materials.

⊗Lower resident population at Gardner-Betts coupled with low staffing to track circulation statistics resulted in reduced circulation count beginning in July 2010.

⊠Gardner-Betts circulation figures are counted from the Leadership and Detention Centers. During August the teachers did not work at the Detention Center. No circulation statistics were collected for the Detention Center during August 2010. During September the circulation statistics for the Detention Center were unable to be collected (teacher had unforeseen absences). Circulation figures for the Detention Center are estimates for September 2010. During the last two weeks in December 2010 the teachers did not work at the Detention Center and no circulation statistics were collected for the Detention Center during that time.

✧Beginning October 2010 Windsor Park Branch (AWP) discovered that the 3M door counter was working improperly. AWP estimated customer counts based on prior statistics. In December 2010 the door counter was replaced with a backup counter and is now working.

▲The Twin Oaks Branch closed June 1, 2010 to prepare for opening in the newly constructed library building. Re-opened August 21, 2010.

↔The Southeast Austin Community Branch closed December 6, 2010 for renovations.

◁The door counter at the Library and Circulation Desk entrance for ACB had a faulty power connection on February 24, 2011 and was not repaired until March 2, 2011; the customer count continued, beginning on March 2, 2011.

~The Howson Branch closed May 18, 2009 for renovations. Re-opened April 10, 2010.

↗Beginning Fiscal Year 2009-2010 the Austin History Center (AHC) no longer reports Internet statistics. AHC computers are now used for reference database searches only. The door counter at the 9th Street entrance for AHC was damaged on January 22, 2011 and not repaired until February 9, 2011; the customer count was estimated for the dates that the counter was not operating.

⊖Gardner-Betts circulation statistics for October through November of 2009 were low due to new materials (without call-number spine labels) not being included in the total count. The situation has been addressed and December 2009 (and later) circulation figures reflect all materials.

⊗Lower resident population at Gardner-Betts coupled with low staffing to track circulation statistics resulted in reduced circulation count beginning in July 2010.

⊠Gardner-Betts circulation figures are counted from the Leadership and Detention Centers. During August the teachers did not work at the Detention Center. No circulation statistics were collected for the Detention Center during August 2010. During September the circulation statistics for the Detention Center were unable to be collected (teacher had unforeseen absences). Circulation figures for the Detention Center are estimates for September 2010. During the last two weeks in December 2010 the teachers did not work at the Detention Center and no circulation statistics were collected for the Detention Center during that time.

✧Beginning October 2010 the Windsor Park Branch (AWP) discovered that the 3M door counter was working improperly. AWP estimated customer counts based on prior statistics. In December 2010 the door counter was replaced with a backup counter and is now working.

▲The Twin Oaks Branch closed June 1, 2010 to prepare for opening in the newly constructed library building. Re-opened August 21, 2010.

↔The Southeast Austin Community Branch closed December 6, 2010 for renovations.

◁The door counter at the Library and Circulation Desk entrance for the Carver Branch had a faulty power connection on February 24, 2011 and was not repaired until March 2, 2011; the customer count continued, beginning on March 2, 2011.
