CITY OF AUSTIN
APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE

WARNING: Filing of this appeal stops all affected construction activity.

PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED INFORMATION COMPLETED.

STREET ADDRESS: 4807 Avenue H

LEGAL DESCRIPTION: Subdivision - Alley Highlands

Lot(s) 26 and 27 Block 2, 10' Outlot _____ Division _____

I/We Kelly Cazalas on behalf of myself/ourselves as authorized agent for

_____ affirm that on May 6,
2013,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

____ ERECT ____ ATTACH x COMPLETE ____ REMODEL ____ MAINTAIN

An addition to a single-family residence for a master bedroom and bath providing a setback of 2 feet (addition to noncomplying setback of 18 feet was allowed) Addition is 25.8' so it extends beyond the allowable

in a SF-3 - NCCD-UP district.
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:
existing house was already within the 5 foot setback and we requested a building permit to add to the structure. Had we have known that the addition was not allowed as we submitted it to the permit department, we would have requested the variance ahead of time or altered our plans to comply with the setback.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

4807 Avenue H is in violation of code 25-2-963, Subsection F (2). The City of Austin technical review department fully approved our plan prior to building, and we are now being told that a variance is required in order to continue work. Per the code, we have built 7' 8" beyond what is allowed due to the non-complying wall at the north end of the property.

- (b) The hardship is not general to the area in which the property is located because:

Our property violates the 5' setback rule at the north side of the property (original to the home).

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Our entire remodel project has preserved the integrity and character of the original home and period. For example, we are choosing vintage tile and re-using original doors and doorknobs. We are preserving the original wood siding and matched to the original on the new addition. The square footage that is in violation in no way impairs the adjacent lots from using and enjoying their own properties. I have a close friendship with the two immediately adjacent neighbors on either side of our property. Neither of them are in any way upset about the addition.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:
-
-

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:
-
-

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:
-
-

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:
-
-

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

VARIANCE REQUIREMENTS:

General Requirements:

- A. A variance may be granted if, because of special circumstances of a property, the strict application of the Land Development Code regulations deprives the property owner of privileges that are enjoyed by another person who owns property in the area that has the same zoning designation as the property for which the variance is requested.
- B. A variance to a regulation may not grant special privileges that are inconsistent with the limitations on other properties in the area or in the district in which the property is located.

SUBMITTAL REQUIREMENTS: (Failure to complete the application or to submit all the required materials will result in non-acceptance of the application.)

- (1) A completed application indicating all variances being requested. An application must include proposed findings that will support requested variances. The required findings must address each variance being sought.
- (2) A site plan to scale indicating present and proposed construction and location and use of structures on adjacent lots.

- Is this project claiming a "parking area" exemption as described under Article 3?
- Is this project claiming a "ground floor porch" exemption as described under Article 3?
- Is this project claiming a "basement" exemption as described under Article 3?
- Is this project claiming a "habitable attic" exemption as described under Article 3?
- Is a sidewall articulation required for this project?
- Does any portion of the structure extend beyond a setback plane?

Parking Area exemption: Up to 450 square feet of a parking area may be deducted if it is a detached rear parking area that is separated from the principal structure by not less than 10 feet; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width; or a parking area that is open on two or more sides, if it does not have habitable space above it, and the open sides are clear and unobstructed for at least 80% of the area measured below the top of the wall plate to the finished floor of the carport. Up to 200 square feet may be deducted if it is an attached parking area used to meet the minimum parking requirement; or a garage that is less than 10 feet from the rear of the principal structure, provided that the garage is either detached from the principal structure, or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width. An applicant may receive only one 450-square foot exemption per site under Article 3. An applicant who receives a 450-square foot exemption may receive an additional 200-foot exemption for the same site under Article 3, but only for an attached parking area used to meet minimum parking requirements.

Ground Floor Porch exemption: A ground floor porch, including a screened porch, may be exempted, provided that the porch is not accessible by automobile and is not connected to a driveway; and the exemption may not exceed 200 square feet if a porch has habitable space or a balcony above it.

Basement exemption: A habitable portion of a building that is below grade may be exempted if the habitable portion does not extend beyond the first-story footprint and is below natural or finished grade, whichever is lower; and it is surrounded by natural grade for at least 50% of its perimeter wall area and the finished floor of the first story is not more than three feet above the average elevation at the intersections of the minimum front yard setback line and the side property lines.

Habitable Attic exemption: A habitable portion of an attic may be exempted if: 1. The roof above it is not a flat or mansard roof and has a slope of 3 to 12 or greater; 2. It is fully contained within the roof structure; 3. It has only one floor; 4. It does not extend beyond the footprint of the floors below; 5. It is the highest habitable portion of the building; or a section of the building, and adds no additional mass to the structure; and 6. Fifty percent or more of the area has a ceiling height of seven feet or less.

Is this site registered as the owner's homestead for the current tax year with the appraisal district? Y N

I understand that in accordance with Sections 25-1-411 and 25-11-66 of the Land Development Code (LDC), non-compliance with the LDC may be cause for the Building Official to suspend or revoke a permit and/or license.

I understand that I am responsible for complying with any subdivision notes, deed restrictions, restrictive covenants and/or zoning conditional overlays prohibiting certain uses and/or requiring certain development restrictions (i.e., height, access, screening, etc.) on this property.

If a conflict should result with any of these restrictions, it will be my responsibility to resolve it. I understand that, if requested, I must provide copies of all subdivision plat notes, deed restrictions, restrictive covenants, and/or zoning conditional overlay information that may apply to this property.

I acknowledge that this project qualifies for the Site Plan Exemption as listed in Section 25-5-2 of the LDC. I understand that nothing may be built upon or over an easement.

I further understand that no portion of any roof structure may overhang in any public utility or drainage easement. I acknowledge that customer will bear the expense of any necessary relocation of existing utilities to clear this driveway location and/or the cost to repair any damage to existing utilities caused during construction.

I agree that this application will expire on the 181st day after the date that the application is filed if the application is not approved and an extension is not granted. If the application expires, a new submittal will be required and compliance with current code may be required.

I hereby certify that to the best of my knowledge and ability, the information provided in this application is complete and accurate. I further acknowledge that, should any information contained herein prove incorrect, the building official may suspend or revoke any resulting permit and/or license.

I also understand that if there are any trees greater than 19 inches in diameter located on the property and immediately adjacent to the proposed construction, I am to schedule a Tree Ordinance review by contacting (512) 974-1876 and receive approval to proceed. Tree protection is required per Section 25-8-603.

Erosion and Sedimentation Controls are required per Section 25-8-181.

I acknowledge that a sidewalk will be required on any new construction of a single family, two-family or duplex residential structure and any addition to an existing building that increases the building's gross floor area by 50 % or more.

I acknowledge if my plans are subject to a technical review it will not be construed to be a permit for, or an approval of any violation of any of the provisions of the current adopted building codes or another ordinance of the City of Austin.

Reservations from and Exceptions to Conveyance and Warranty:

This conveyance is made subject to any easements, conditions, covenants, mandatory homeowners assessments, and/or restrictions of record affecting the title to the hereinbefore described property

Grantor, for the consideration and subject to the reservations from and exceptions to conveyance and warranty, grants, sells, and conveys to Grantee the property, together with all and singular the rights and appurtenances thereto in any wise belonging, to have and hold it to Grantee, Grantee's heirs, executors, administrators, successors, or assigns forever. Grantor hereby binds Grantor and Grantor's heirs, executors, administrators, and successors to warrant and forever defend all and singular the property to Grantee and Grantee's heirs, executors, administrators, successors and assigns, against every person, whosoever lawfully claiming or to claim the same or any part thereof, except as to the reservations from and exceptions to conveyance and warranty.

The vendor's lien against and superior title to the property are retained until each note described is fully paid according to its terms, at which time this deed shall become absolute.

RANDOLPH-BROOKS FEDERAL CREDIT UNION, at Grantee's request, has paid in cash to Grantor that portion of the purchase price of the property that is evidenced by the note described above. The vendor's lien and superior title to the property are retained for the benefit of RANDOLPH-BROOKS FEDERAL CREDIT UNION and are transferred to that party.

When the context requires, singular nouns and pronouns include the plural.
