

**City Council Questions and Answers for
Thursday, June 06, 2013**

These questions and answers are related to the
Austin City Council meeting that will convene at 10:00 AM on
Thursday, June 06, 2013 at Austin City Hall
301 W. Second Street, Austin, TX

**Mayor Lee Leffingwell
Mayor Pro Tem Sheryl Cole
Council Member Chris Riley, Place 1
Council Member Mike Martinez, Place 2
Council Member Kathie Tovo, Place 3
Council Member Laura Morrison, Place 4
Council Member William Spelman, Place 5**

The City Council Questions and Answers Report was derived from a need to provide City Council Members an opportunity to solicit clarifying information from City Departments as it relates to requests for council action. After a City Council Regular Meeting agenda has been published, Council Members will have the opportunity to ask questions of departments via the City Manager's Agenda Office. This process continues until the final report is distributed at noon to City Council the Wednesday before the council meeting.

QUESTIONS FROM COUNCIL

1. Agenda Items # 2 and # 3

- a. QUESTION: Items 2 and 3 are incentives for solar installations that cover 58% and 39% of the total cost, respectively. Items 4-7 are for rebates related to energy efficiency upgrades and the incentive covers 88-90% of the cost of each project. Why does the city bear a higher percentage of the cost for energy efficiency projects than for solar projects? Is there an established policy (for solar or energy efficiency projects) that specifies how much a rebate using only city funds will cover relative to the total cost for a project?

COUNCIL MEMBER RILEY

- b. ANSWER: Industry practice is to set energy efficiency rebates at a level sufficient to overcome the adoption barrier – the costs that an owner must incur in order to install a measure. Items 4-7 are rebates paid to multi-family properties. Multi-family properties represent a significant, but challenging opportunity to achieve energy efficiency savings. The biggest challenge is the split incentive nature of the program structure – the property owner invests in the upgrades, but the beneficiary of the upgrade (due to lower energy consumption) is the tenant. It should be noted that most multi-family properties in Austin are not master metered (i.e. the tenant pays the electric bills). For this reason, the utility's share of the payment is higher on multi-family programs – capped at 90% - than on other programs. It is not unusual in the industry to see utilities paying 100% of the incremental cost for multi-family measures. Solar installation rebates are calculated pursuant to program guidelines – for commercial installations, based on production from the system (\$0.14/kwh, previously – now \$0.12/kwh). The 10 year payment helps levelize costs to the utility (compared to a single up-front payment) with incentives designed to help overcome adoption barriers. AE commercial customer installation caps are a function of a) the maximum limit on the size of the installation (200 kw) and b) the performance based incentive.

2. Agenda Items # 8 and # 9

- a. QUESTION: Are these SERs compliant with the City's SOS ordinance?
COUNCIL MEMBER SPELMAN

- b. ANSWER: The applicant is proposing a multi-family development that is compliant with the SOS ordinance. Their proposed project also includes a plan to treat stormwater from several adjacent properties that have restrictive covenants that may provide the right to develop under the 1984 Williamson

Creek ordinance. The proposed project would treat stormwater runoff from future development on the adjacent tracts to SOS standards.

3. Agenda Item # 10

a. QUESTION: a) What is the cost to the department to relocate the cable duct bank that is the subject of the Mediated Settlement Agreement? b) Did the Council approve the agreement? c) What impact will the cost for relocation have on the budget this year or in the future? COUNCIL MEMBER MORRISON

b. ANSWER: The total cost estimate to relocate the FAA Duct Bank is \$1,350,000. The FAA will reimburse the City of Austin 75% of the costs through a grant award. Therefore, the estimated cost to the City is \$337,500 and the balance of \$1,012,500 will be paid by the FAA. The Duct Bank relocation project was approved by Council in the 2013 Capital Improvement Budget. The FAA is responsible for the operations and maintenance of the Duct Bank; therefore there is no anticipated future cost for relocation of the Duct Bank. This RCA is ultimately the settlement for the Agreement.

4. Agenda Item # 21

a. QUESTION: The Council Member would like to request a progress report on where we are with the Chapter 245 changes (he understands this may require executive session). COUNCIL MEMBER SPELMAN

b. ANSWER: Work on the ordinance is ongoing. At this time, it is expected that the ordinance will be presented to Planning Commission in July, so that the item is ready for Council to consider in August.

5. Agenda Item # 43

a. QUESTION: Please provide a map with the proposed improvements. COUNCIL MEMBER SPELMAN

b. ANSWER: See attachment

6. Agenda Item # 48

a. QUESTION: Please provide any available data about the number of non-park users that use this parking lot on a daily basis. COUNCIL MEMBER TOVO

b. ANSWER: Based on staff observation, an average of 75 cars per day are attributed to non-park users. Parking by non-park users is due to the development and redevelopment of the surrounding area.

7. Agenda Item # 49

- a. QUESTION: In the last 5 years, how many properties have received 2 health and safety code violations? Of these, how many fall within the three geographic areas described in resolution 50? COUNCIL MEMBER TOVO
 - b. ANSWER: Currently, the information requested is not tracked in our database (AMANDA) and resides in several databases. The data requested is feasible; however the effort that is required to generate a report as requested of multifamily properties in Code Compliance requires an additional amount of time. In addition, to provide information for a five year period, will require 'data cleansing' to ensure accuracy. We previously provided a report covering a year and half period. Attached is a copy of this report for your convenience. The report contains multifamily properties (duplex and larger, as well as triplex and larger) with two or more health and safety code violations, as well as a table that depicts how many of these falls with the three geographic areas described in resolution 50. Please note that this report is inclusive of duplexes that are not covered by your request. If you still require this information, please inform us and we will have staff place a high priority on this response. See attachment for additional information.
8. Agenda Items # 49 and # 50
- a. QUESTION: Item # 49 describes "health and safety code citation" and # 50 describes "city code violation related to property maintenance". a) Please provide explanation of any differences between these two descriptions and where they overlap. Based on a clearer understanding of each of the terms above, please provide a report of all rental properties over the past five years that have either: b) Within one year, received two "health and safety code citations"... c) Received a "conviction of a city code violation related to property maintenance." And to include: d) Property address, e) Date of health and safety code citation or date of reported city code violation related to property maintenance as applicable, f) Date of conviction if applicable, and g) Health and safety code cited for and/or property maintenance code violated and include a map showing locations of properties in the report. h) Please also provide a map that illustrates both the NACA & Restore Rundberg area boundaries. COUNCIL MEMBER MORRISON
 - b. ANSWER: See attachment

END OF REPORT - ATTACHMENTS TO FOLLOW

 *The City of Austin is committed to compliance with the Americans with Disabilities Act. Reasonable modifications and equal access to communications will be provided upon request.*

 *For assistance please call 974-2210 OR 974-2445 TDD.*

Total number of properties	45	20

Council Question and Answer

Related To	Agenda Item #49 and #50	Meeting Date	June 6, 2013
------------	-------------------------	--------------	--------------

Additional Answer Information

QUESTION: Item #49 describes “health and safety code citation” and #50 describes “city code violation related to property maintenance”. a) Please provide explanation of any differences between these two descriptions and where they overlap. *Answer pending.*

Based on a clearer understanding of each of the terms above, please provide a report of all rental properties over the past five years that have either:

b) Within one year, received two “health and safety code citations”...

c) Received a “conviction of a city code violation related to property maintenance.”

The data Code provided in the attached spreadsheet (see “Attachment for 49 and 50”) is a list of all properties with two or more Notice of Violations for the 2012 fiscal year (October 1, 2011 to September 30, 2012) and the current fiscal year to date (October 1, 2012 to May 30, 2013). Data for the past five years is available, but will require more time to prepare. At this time, the Code Compliance Department does not document convictions of property owners in our database. This data may be available through the Municipal Court or the Building and Standards Commission.

***A note on the use of citations as a measure of code compliance and enforcement. Code Compliance use of citations is one of several tools to bring a property up to code. In many instances, a Notice of Violation will go to a Building and Standard Commission Hearing without receiving a citation.*

And to include:

d) Property address

This is included in the spreadsheet

e) Date of health and safety code citation or date of reported city code violation related to property maintenance as applicable

Dates for complaints received from the public as well as notice of violations and citations are available in the RAW data tabs found in the attached spreadsheet. Unfortunately, time did not allow for the formatting of date data, as there are multiple dates for each address, complaint, and notice of violation. This can be prepared at a later time, if needed.

f) Date of conviction if applicable

Code Compliance does not track a conviction date at this time. Municipal Court or the Building and Standards Commission may have this information, but it would require additional time and research to ensure data integrity.

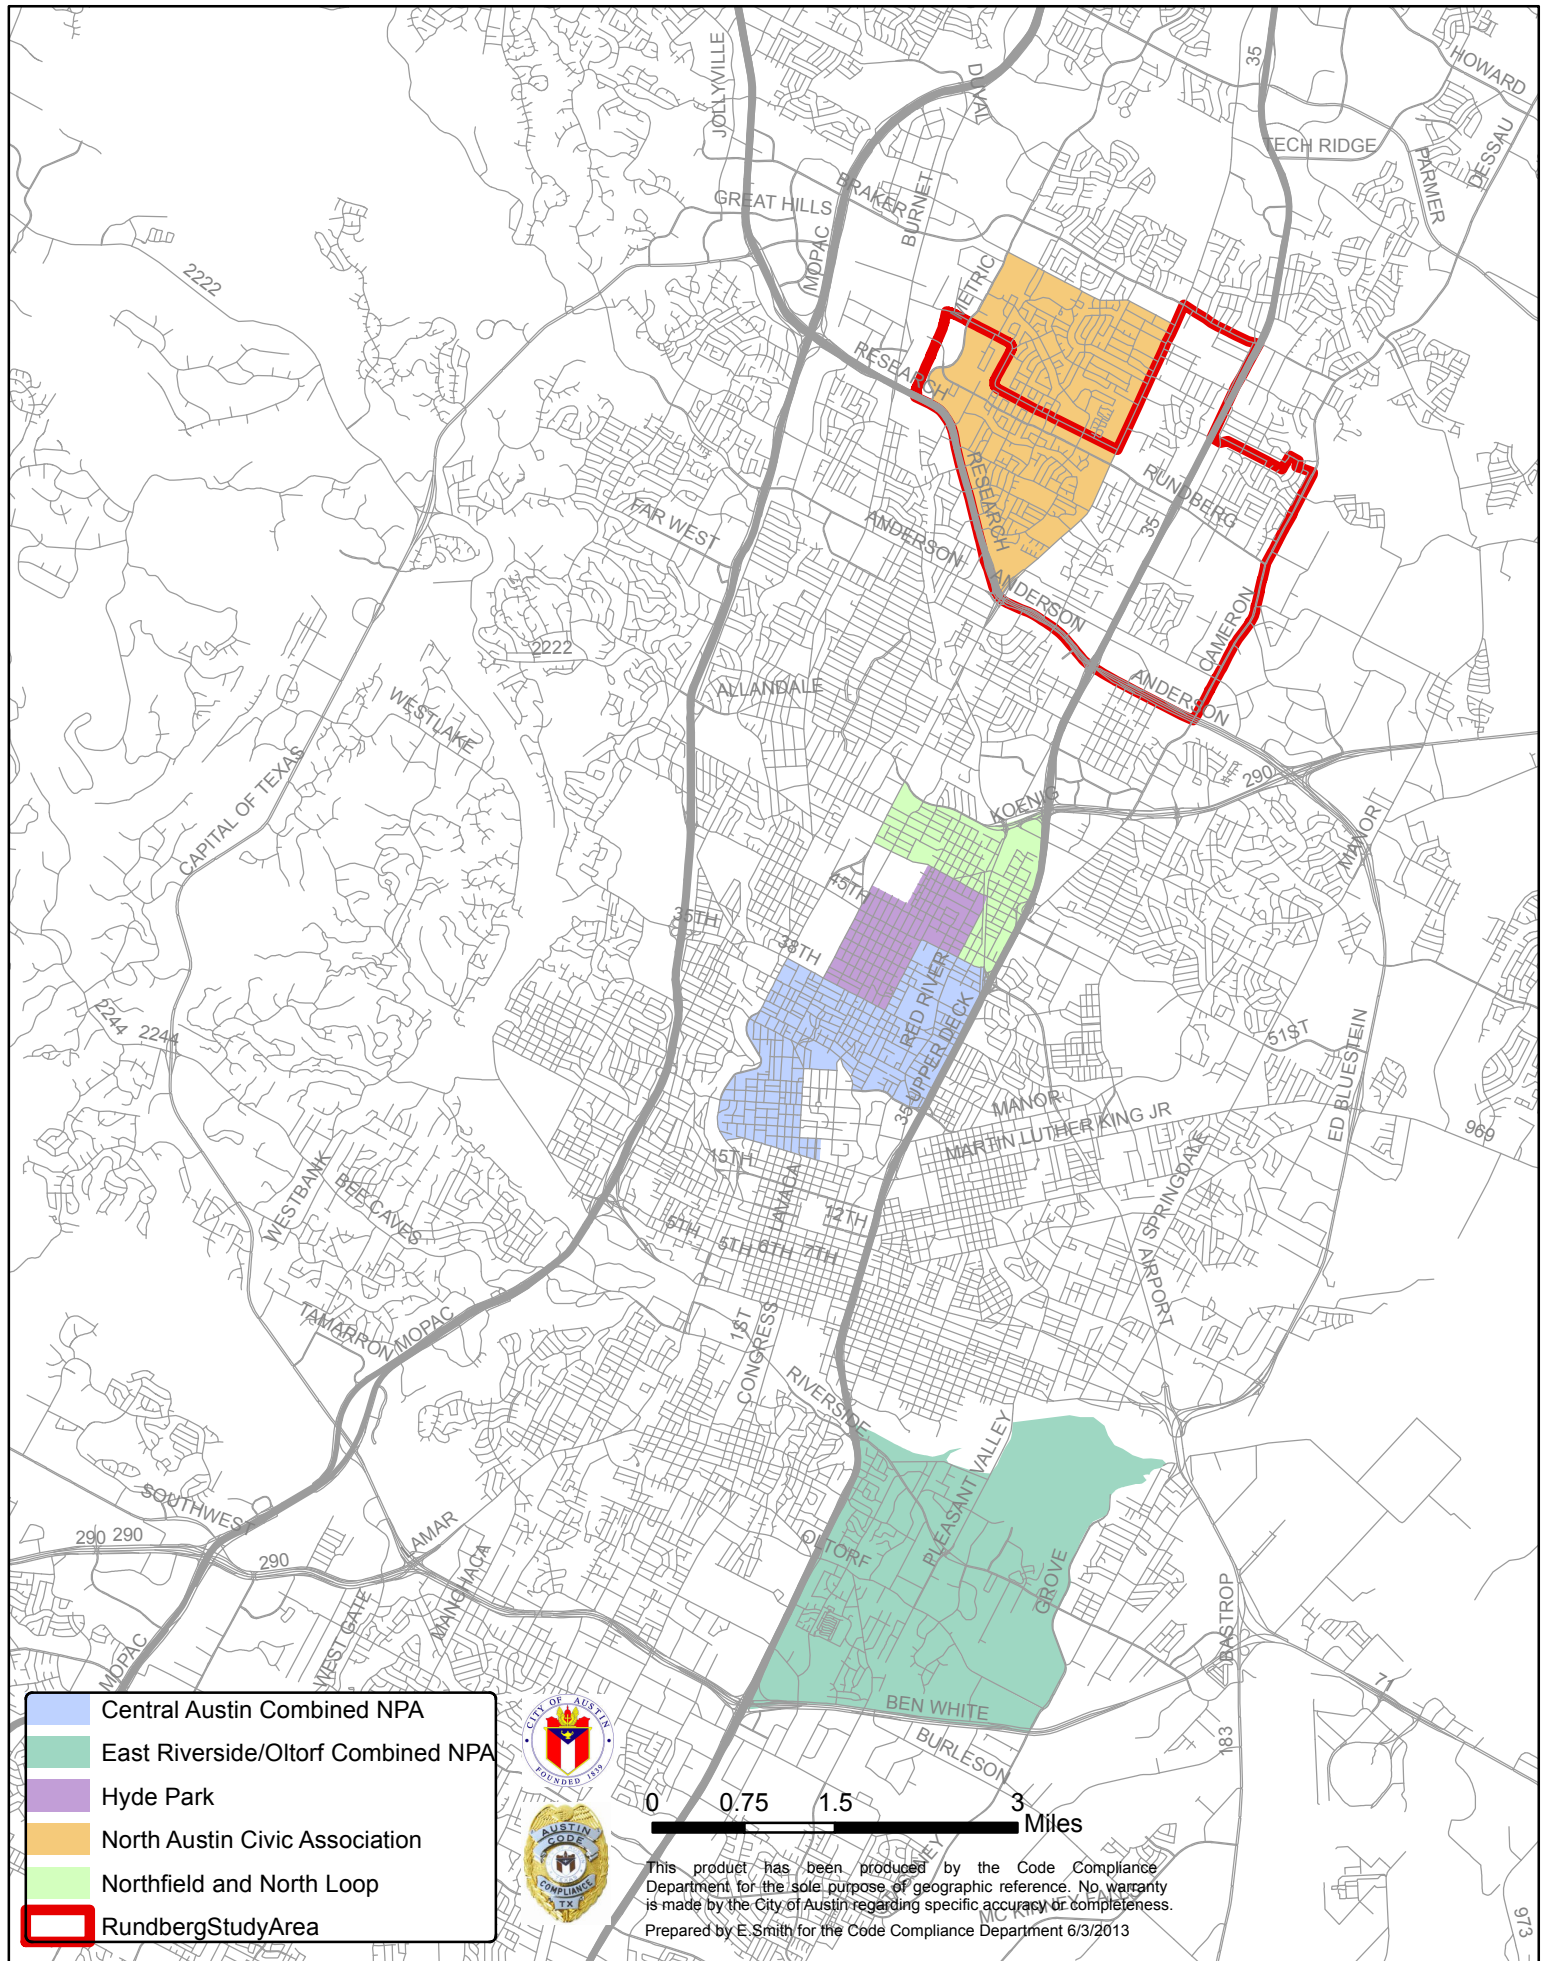

g) Health and safety code cited for and/or property maintenance code violated and include a map showing locations of properties in the report.

This information is available as well, but again would require more time to deliver in a useful format.

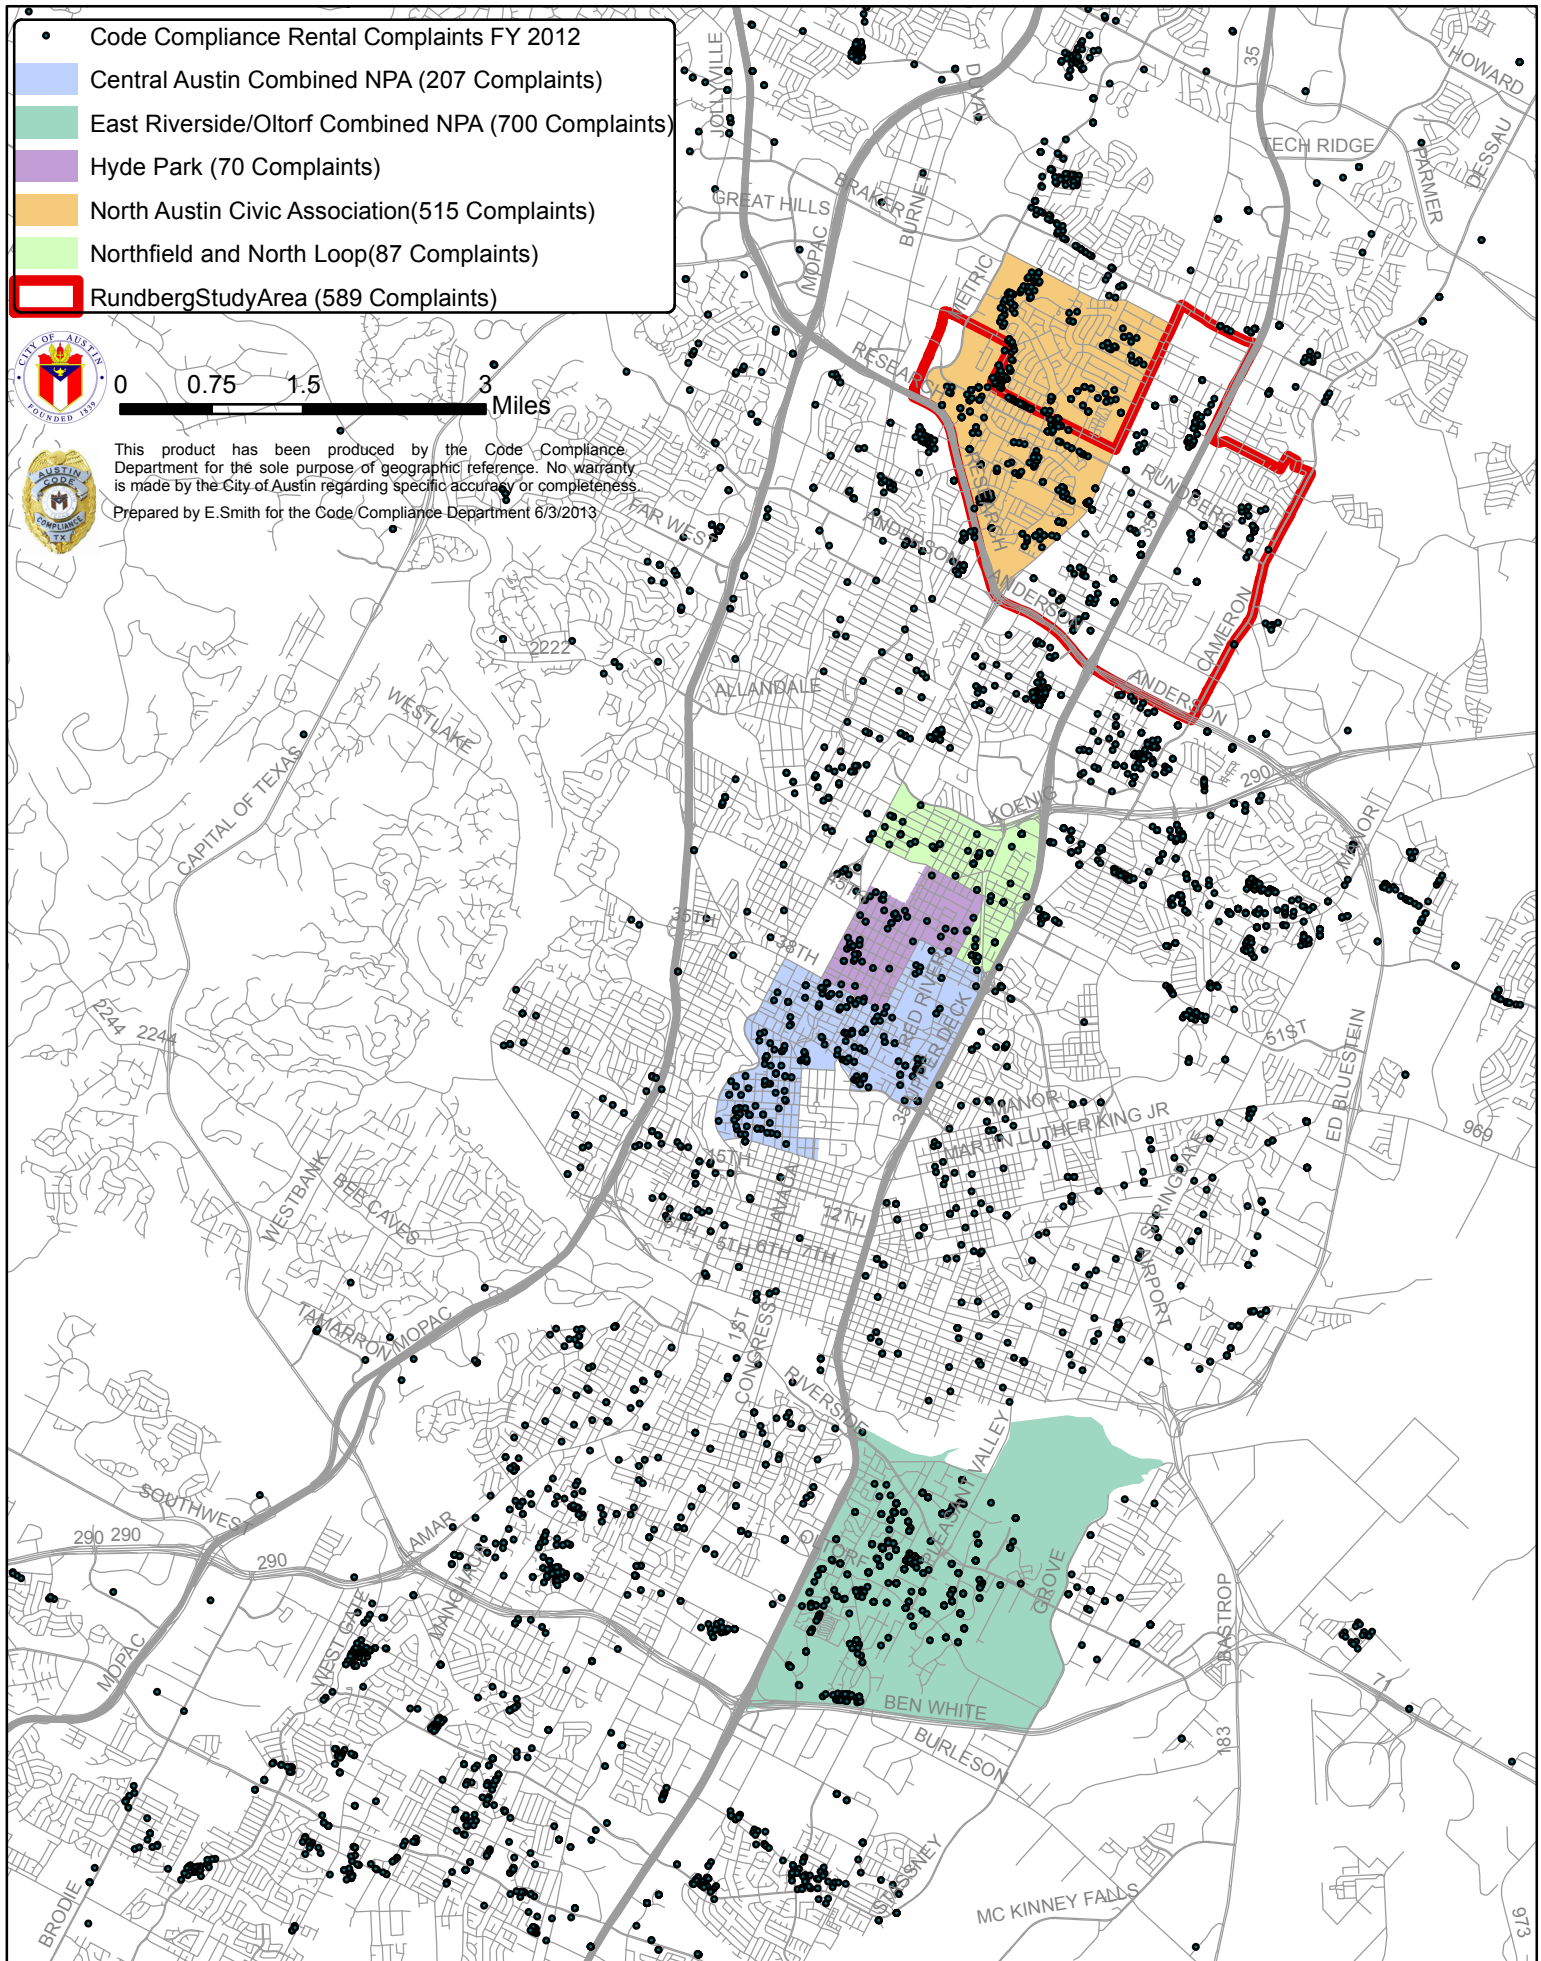

h) Please also provide a map that illustrates both the NACA & Restore Rundberg area boundaries.

Please reference the attached pdfs of maps (see below). These maps show the five potential neighborhood areas selected for a pilot rental registration program, as well as the Restore Rundberg area boundary. A second map shows the same areas with points depicting Code Compliance complaints on rental properties during the FY 2012. The legend includes the number of Code Compliance rental complaints found in each neighborhood.

Proposed Areas for a One-Year Pilot Rental Registration Program

Proposed Areas for a One-Year Pilot Rental Registration Program

Code Compliance Response to Multifamily

Building violations	FY 2011-12	FY 2013 - Current
Incoming Complaints	2,790	1,664
Complaints that resulted in a found violation	1,148	501
Cumulative number of deficiencies (code violations) found at properties that received a notice of violation	25,133	8,443
Property violations - tall weeds and grass, illegal dumping	2,457	1,335

Summary of Requested Data*

	FY 2011-12	FY 2013 - Current
Total number of rental properties that received two or more Notice of Violations (NOV)	137	62
Total number of complaints received about these properties	1,103	378
Total number of NOVs issued to these properties	686	208

- Data for the date of NOVs is provided in the RAW Data worksheets. Displaying this Data in a usable format will require more time to prepare.
- Providing the health and safety code cited for each NOV is available, but will require more time to prepare.
