The Riverlodge Apartments are located at 10301 Ranch Road 2222, Austin, Texas 78730. The property comprises 24 buildings containing 498 apartment units, with 494,718 square feet of conditioned space. The total cost of this project is \$193,391 and the rebate will cover 90% of the cost. The demand (kW) savings associated with this energy efficiency project is estimated at 242 kW, at a program cost of \$600 per kilowatt saved. The avoided kWh, estimated at 363,274 kWh per year, represents a major benefit to the local environment. This project will prevent the production of the following air pollutants from being emitted: 218.1 metric tons of Carbon Dioxide (CO2), 0.152 metric tons of Nitrogen Oxides (NOX), and 0.138 metric tons of Sulfur Dioxide (SO2).

In addition to the reduced air and toxic pollution, the project savings are also equivalent to an estimated 489,760 vehicle miles traveled, the removal of 41.8 cars from our roadways, or the planting of 5,604 trees or 280 acres of forest in Austin's parks.
