AUSTIN FIRE DEPARTMENT

District 12

El Conchillo

Neighborhood Housing and Community Development
Providing opportunities, changing lives

This Austin Fire Department initiative is a partnership with LULAC District 12 and El Conchillo

PARTNERING

TO MAKE YOUR NEIGHBORHOOD SAFER!

It is our goal to have a working smoke alarm in every home in Austin. Nearly 4,000 people die from fires in their homes each year in this country. A working smoke alarm can double your chances of surviving by alerting you early of a fire and buying you and your family time to escape.

If you or anyone you know would like a free smoke alarm installed, please call the **AFD Smoke Alarm Hotline at 512-974-0299.**

Working with you to improve your community!
