Trinh, can you please have the COA post the direct link to the legal counsel post on the ICRC webpage as per the Executive Director posting?

Also, I wanted to remind my peers that I am going to be out of the country next week and will miss the scheduled meeting. Should you approve and want to post a job description for the mapping consultant, we have two options:

Option A) Someone can send the approved final draft of the job description to Trinh/JJ to send to me and wait until I get back on Tue. August 6th, when I can post it then.

Option B) At the meeting, the Commission can delegate someone else on the Commission to post the mapping consultant job on JobScore. All of the Commissioners have permission to do so via the JobScore site. It simply requires logging into JobScore, clicking "Jobs" at the top, then clicking "Add a Job" on the top right of the page (it is kind of hard to see that button). From there, it is relatively self-explanatory and you can use the other existing postings we have as your guide. Please note it helps to have a basic understanding of HTML so you can ensure the formatting will not be messy when viewed on different devices/computers, but that is not a requirement for the task (I can always fix the HTML when I get back).

Great meeting this week, everyone! Also, thanks again Commissioner Solis & team for your fantastic work on the hearing schedule. Best of luck with venue selection!

Cheers,  
Rachel
