

DRAFT OF SUGGESTED AGENDA FOR PUBLIC HEARING MEETINGS

THE MATERIALS BELOW ARE SUGGESTED AS A WAY TO APPROACH THESE MEETINGS. None of this is formatted, EXCEPT RECOMMEND A 3 HR TIME LIMIT ON THE MEETING W/BREAKS EVERY HOUR

1. Call to order/roll call—quorum required
2. Citizen Communication—this is the section that allows 3 min per speaker w/o questions from commissioners. Not sure we really need it this time since the entire meeting will consist of public comments on almost anything public wishes to discuss. But if it is traditional or required by charter, rules, etc., then of course we'll do it.
3. Approve minutes
4. Public Input— Strongly recommend that the Chair make the rules clear on the front end. Encourage speakers to focus on the 10-1 issue, but probably some will get off topic. Suggest 3 min each with each speaker filling out the usual speaker card with name, address, etc. AND suggest that each speaker orally give the commission name, address, Pct number, organization or group he/she represents if any. Commission allowed questions. No person speaks more than once.
5. Other business if we choose—AFTER PUBLIC COMMENT TIME.
6. Future agenda items
