RE: 810 San Marcos Street - East Austin

Mr. Wilson,

I have looked at your four houses, 810, 812, 814 & 816 San Marcos street in East Austin to assess to relocation task of these structures. 812, 814, 816 appear movable at a cost of \$10,000.00 each plus the cost of remodeling & city permitting.

The structure at 810 San Marcos Street is in poor condition and was built or moved in pieces. It would be a poor moving candidate to save. I believe demolition would be the best course of action for the this house. Demolition cost will be \$7000.00 plus permitting.

Thank You,  
Oliver Billingsley
