

My name is Martin F. Horan and I have lived in North Park Estates since September 1972. I have been active in the Homeowners Association. I have attended meeting with other districts on issues that effected both districts. We have always worked well together to help benefits and preserve our neighborhoods. We have worked together, planned together supported each other for many years. It is like one big support family to those of us who live in the this area.

I support the three districts being proposed by the Northwest Austin Coalition, the North Austin Coalition of Neighborhoods, and the Northwest Civic Association. I respectfully request that you approve the map presented by the three districts.

Thanking you in advance for you consideration of our request.

Sincerely,

.
Martin F. Horan
