

What you do with AGR is wrong. You had AGR Meetings, but now you have citizen meeting, so why is all meetings still AGR meetings ?

I was at Tuesday meeting, and I heard what Peck Young says and it was wrong. why did you not say it was wrong?

i do not have money for fancy maps and fancy computer programs and I get 3 minutes to say why my Neighborhood should get Council Member.

PECK Young says you should let groups who have fancy maps and fancy computer programs get more minutes.
Because they have money and people like me do not I have no money for maps, so I only get 3 minutes.

You say AGR is special and I am not. why is Peck Young special and gets time I do not ? This is wrong!!! I was at Saturday meeting, and Peck Young says ME and MY people will give you numbers and you should draw map with MY numbers. It is AGR meeting again but you pretend it is citizen meeting.

city Council give you have money for computer program and manager and consultants. Peck Young is not consultant he did not get money to be a consultant.. why do you say he is consultant if he is not!!!

he should obey open meeting law if he is consultant If he is not consultant and he is not paid to be consultant he should be citizen like me and he should get 3 minutes and he should only say what his Neighborhood wants like me and other citizens

You should make Peck Young say where he lives like you make us do. I did not vote for AGR. and AGR should not say what east Austin people and north west Austin want i vote because citizens who are east Austin and north west Austin should say what they want for east Austin and north west Neighborhoods.

But you say Peck Young is special and he says what all Neighborhoods want because he is consultant. You listen to Peck Young because AGR has money.

Peck Young is not consultant!! He is citizen!!!

i do not say where I live because if Peck Young reads this he will change the numbers and my Neighborhood will not get city Council Member because he will change the numbers and you will not know he did this because Peck Young does not have to obey open meeting law.

Please fix this now. !! AGR is not special!!! i did not vote for Peck Young and AGR to make maps!!!!!!!
I voted for citizens to make maps!!!!!!!
