Remaining Balance:	<u>15,597.00</u>

**ANALYSIS / ADDITIONAL INFORMATION:** The Art in Public Places (AIPP) Program is commissioning a work of art, inclusive of design, engineering, and construction that will to design, fabricate and install a work of art as part of the I-35 Makeover Project. The artwork is intended to enhance the design of the improvements already installed by the City of Austin. AIPP staff assembled a short list of 15 qualified artists from the Artist Registry. The AIPP Panel then reviewed the applications and selected one artist and one alternate.

The I-35 Makeover Project is now complete and involved safety and infrastructure improvements to the two blocks beneath IH-35, where it passes over 6th, 7th and 8th Streets on the edge of downtown Austin. In addition to parking lot improvements, the design consists of fourteen curved and tapered galvanized steel poles supported under the freeway deck, with 16 2ft-long, programmable, LED color light fixtures attached at intervals along the undersides.
