

Greetings,

The Highland Neighborhood and the Highland/Skyview Neighborhood planning area shares Precinct 149 with the North Field NA and the North Loop Neighborhood Planning area. We have been working together for years first on the Highland Mall Renewal Group and currently on the Airport Blvd. Project and Form Zoning. We have been working during these years with Ridgetop Neighborhood (precinct 142) as well. These neighborhoods and precincts make up the Airport Blvd Corridor from Lamar Blvd to I35. I see a positive reason to put these neighborhoods in the same district to have the same representation as this process goes forward.

Highland also shares precinct 156 with St Johns And Coronada Hills Neighborhoods east of I35.

Thank you for your attention.

Damon Howze
