Commissioners:

I think you're gonna get some pushback on this.

Early draft of Austin City Council districts

An Austin commission on Saturday began drawing the boundaries of 10 City Council districts. The commissioners did not vote on or approve a map, and they cautioned that the boundaries shown below are preliminary.*

Your Black Opportunity District is no longer a Black Opportunity District, among other things here. The map looks like a minimum of 2 losable lawsuits to me.

Recommend you rely more upon your legal counsel and mapping consultant.

Austin, TX.
