

Dear Mr. Tounget,

1.

With regard to the video at the C of A site, I noticed that the video for the meeting until 1 pm is posted, but it seems that the video for the meeting after lunch is not in the posted package.

2.

I live in North Austin, specifically in District 7 in the map in the Austin American Statesman article of 22 September 2013. Now, assuming the Statesman's map is more or less accurate, I think this is an outstanding district for North Austin.

I had not considered quite so "horizontal" a district for North Austin, but I think District 7 does a lot to keep our community of interest together. I compliment the commissioners, and the boundaries of District 7 communicate to me that the commissioners have indeed been listening at the public hearings (I attended the hearing at the Little Walnut Creek Library).

Best regards,  
Robert Meadows
