

Dear Craig,

Having just viewed the first draft map, I must say I am terribly dissatisfied with the fragmentation of my neighborhood area.

I live in 78704 and have been involved in multiple neighborhood associations in 78704 for many years. I have served both as a past president of the South Lamar Neighborhood Association and also as a past president of the Austin Neighborhoods Council. I presently serve on the City of Austin Board of Adjustment.

I helped form SLNA a dozen years ago and at that time met all of the neighborhood leaders of 78704, also known as the ANC South Central Sector. We have been meeting as a group every month on Saturday mornings to share information, thoughts, and ideas about our collective neighborhood. Representatives from SLNA, Zilker, Bouldin, Barton Hills, Dawson, SRCC and Galindo neighborhoods meet the second Saturday of each month at Sazon on South Lamar. You are certainly welcome to attend if you'd like to get a first hand feel of the 78704 community.

78704 / ANC South Central Sector is and always will be a community of interest and must be kept together in one district.

Thanks you for your consideration,

Bryan King
South Lamar Neighborhood
