

Northwest Austin Coalition Map Set

October 7, 2013

Important notations:

1. **NWAC has no interest in suggesting districts other than districts number 6 and 10.**
2. The city map included is merely an exercise designed to offer a view broader than one district at a time so that the ICRC can see how potential pieces of the puzzle might fit together.
3. In constructing the city map NWAC deliberately left out the southwest Austin districts. Those areas of Austin are so removed from the districts suggested by NWAC that NWAC did not wish to include them.
4. Demographic data for the districts is provided on the included spread sheet.
