Additional Backup Information

This requirements service contract will provide a source for vehicle painting and refinishing services for minor body damage to various types of vehicles and equipment in the City's fleet. It will allow the City to extend the service life of the vehicle or equipment by repairing minor damage and repainting the unit. Before repairing and painting, the vehicle or equipment will be inspected mechanically to ensure that it is economical to do so and in the City's best interest. The services will be used by the Vehicle Support Services Division and the Fleet Service Centers.

This contract is intended to perform all minor body repairs and auto painting services for City vehicles needing to improve their overall appearance. There are no City facilities for these services at this time. This contract is necessary to support the Fleet Vehicle Support Services section with a reliable and continuous source of vehicle refurbishing and painting for City owned vehicles.
