Additional Backup Information

This Council action will amend the Fees, Fines, and Other Charges ordinance approved for Fiscal Year 2013-2014 to establish a new annual permit by category (Class A, B or C) for booths offering products at a farmers' market. The proposed related changes to the City Code will allow for combining of the three types of permits currently issued into one annual permit required at the market while still meeting the intent of the Texas Food Establishment Rules to protect the safety of food. The proposed annual permit fees will be \$150, \$300, and \$650 for the Class A, B, and C permits, respectively. Farmers' markets are currently permitted under the existing fee structure. Funds from the new Class A, B, and C permits are expected to be less than funds generated from existing fees for permits currently required of vendors at farmers' markets.
